AGENDA

1) **Consideration of the Minutes;**

- (i) MDL Meeting held on 14th November, 2017
- (ii) Special Meeting of MDL held on 1st December, 2017

Notices of Motions

Cllr. Ciaran Brogan

- 2) I propose that this Council review the current car parking at Larkin's Lane, Letterkenny in order to prevent long stay parking in this area.
- 3) Can I have an update on the new proposed Social Enterprise Centre for Letterkenny and a timeframe for completion.

Cllr. Dessie Shiels

- 4) That the Council Laboratory provide a report in relation to the composition of a current water sample taken from the main Letterkenny drinking water supply and provide an explanation of what is the likely cause of the deteriorating taste of water taken from household taps in Letterkenny in circumstances where ever increasing numbers of Letterkenny people are now drinking bottled water at ever increasing cost rather than drinking directly from the mains drinking water supply and that the Council Laboratory advise on what can be done to improve the taste and quality of the mains Letterkenny drinking water supply.
- 5) On the basis that if funding were approved this week by the Department of Transport for the Bonagee link Road in Letterkenny, that this Council advise of its estimate of how long it would likely take to have the road constructed and fully operational and that the Council furnish a detailed history (with specific dates) starting from when the Bonagee link Road was first proposed up until now and detailing what funding applications have been made by the Council to the NRA/TII, what funding has actually been granted, what that funding has been used for and what total monies have actually been spent to date on the project broken down into (a) land acquisition costs, (b) design costs and (c) any other type of cost incurred (to be specified)?

- 6) That this Council urgently review the situation as regards the necessity for the installation of improved speed reduction measures at Ballyraine National School, Letterkenny including speed ramps and warning signage to address the very serious concerns of parents regarding their children's safety at the school.

Cllr. Adrian Glackin

- 7) That this council carries out repair work on the Inniskill Road Churchill as it is in bad state of repair and deteriorating badly due to weather and blocked drains.
- 8) That this Council adds the roads leading up to St Bernadette's and Little Angels Special Schools in Letterkenny to the list of roads that be gritted in times of sub zero temperatures and wintry conditions.
- 9) That this Council administers repairs to the small bridge on Bomany to Letterleague Road, the bridge has collapsed on one side and has blocked a drain. Also the road is falling in where the bridge has fallen in and could become a hazard for motorists.

Cllr. Jimmy Kavanagh

- 10) That the Council monitor parking at Larkin's Lane and consider what appropriate measures could be taken, as business people in the area are reporting that their clients are having difficulty getting access to their businesses, because people are parking on the lane for long periods of time.
- 11) That this Council takes over the road that connects the Drumfad/Carland road with the Ballynashannagh/Kerrykeel road.
