- (2) In Schedule 2, unless the context otherwise requires, any reference to the height of a structure, plant or machinery shall be construed as a reference to its height when measured from ground level, and for that purpose “ground level” means the level of the ground immediately adjacent to the structure, plant or machinery or, where the level of the ground where it is situated or is to be situated is not uniform, the level of the lowest part of the ground adjacent to it.
- Exempted Development. 6. (1) Subject to article 9, development of a class specified in column 1 of Part 1 of Schedule 2 shall be exempted development for the purposes of the Act, provided that such development complies with the conditions and limitations specified in column 2 of the said Part 1 opposite the mention of that class in the said column 1.
- (2) (a) Subject to article 9, development consisting of the use of a structure or other land for the exhibition of advertisements of a class specified in column 1 of Part 2 of Schedule 2 shall be exempted development for the purposes of the Act, provided that—
- (i) such development complies with the conditions and limitations specified in column 2 of the said Part 2 opposite the mention of that class in the said column 1, and
 - (ii) the structure or other land shall not be used for the exhibition of any advertisement other than an advertisement of a class which is specified in column 1 of the said Part 2 and which complies with the conditions and limitations specified in column 2 of the said Part 2 opposite the mention of that class in the said column 1.
- (b) Subject to article 9, development consisting of the erection of any advertisement structure for the exhibition of an advertisement of any one of the classes specified in column 1 of Part 2 of Schedule 2 shall be exempted development for the purposes of the Act, provided that—

(i) the area of such advertisement structure which is used for the exhibition of an advertisement does not exceed the area, if any, specified in column 2 of the said Part 2 opposite the mention of that class in the said column 1,

(ii) the advertisement structure is not used for the exhibition of advertisements other than advertisements of the class to which the exemption relates,

(iii) further to section 57 of the Act, the advertisement structure is not erected on a protected structure or a proposed protected structure save an advertisement structure referred to in Classes 5, 9 or 15 of column 1 of Part 2 of Schedule 2,

(iv) further to section 82 of the Act, the advertisement structure is not located on the exterior of a structure where the structure concerned is located within an architectural conservation area or an area specified as an architectural conservation area in a development plan for the area or, pending the variation of a development plan or the making of a new development plan, in the draft development plan, so as to materially affect the character of the area, save an advertisement structure referred to in Classes 5, 9 or 15 of column 1 of Part 2 of Schedule 2, and

(v) where the advertisement structure is within a Gaeltacht area, any advertisement exhibited is—

(I) in Irish, or

(II) in Irish and other languages, with prominence given to the Irish text, and identical content in all versions of the text.

(3) Subject to article 9, in areas other than a city, a town or an area specified in section 19(1)(b) of the Act or the excluded areas as defined in section

9 of the Local Government (Reorganisation) Act, 1985 (No. 7 of 1985), development of a class specified in column 1 of Part 3 of Schedule 2 shall be exempted development for the purposes of the Act, provided that such development complies with the conditions and limitations specified in column 2 of the said Part 3 opposite the mention of that class in the said column 1.

(4) (a) Subject to paragraph (b), the carrying out of such works as are necessary to secure compliance with the Building Regulations, 1997 (S.I. No. 497 of 1997) shall, in the case of development consisting of the construction of a dwelling or dwellings in respect of which permission under Part IV of the Act of 1963 was granted before 1 June 1992, be exempted development.

(b) Paragraph (a) shall not apply in the case of development consisting of the construction of a building designed for use as 2 or more separate dwellings.

(5) (a) Each of the following shall be exempted development:

(i) development consisting of the short term letting in a rent pressure zone of not more than 4 bedrooms in a house that is the principal private residence of the landlord or licensor concerned provided that –

(I) it is a condition of the short term letting that each bedroom that is the subject of the letting shall not be occupied by more than 4 persons,

and

(II) the development –

(A) does not contravene a condition attached to a permission granted in respect of the house under the Act, and

(B) is consistent with any use specified in any such permission;

Commented [i32]: Sub-article (5) is inserted by article 3 of S.I No. 235 of 2019 Planning and Development Act 2000 (Exempted Development) (No.2) Regulations 2019

(ii) development consisting of the short term letting in a rent pressure zone of a house that is the principal private residence of the landlord or licensor concerned provided that –

(I) the aggregate number of days during a year in which the house is the subject of short term lettings does not exceed 90 days, and

(II) the development –

(A) does not contravene a condition attached to a permission granted in respect of the house under the Act, and

(B) is consistent with any use specified in any such permission.

(b) Where a person proposes to undertake development to which paragraph (a) applies, he or she shall, not later than 2 weeks before the commencement of the development, notify the planning authority in whose functional area the proposed development will occur of the proposed development, or cause that planning authority to be so notified, in writing.

(c) A notification under paragraph (b), shall include the following –

(i) the name of the person giving the notification, or on whose behalf the notification is being given, and documentary confirmation that the proposed development relates to the person's principal private residence;

(ii) if the person giving the notification or on whose behalf the notification is being given is not the owner of the house concerned, the consent in writing of the owner to the proposed development;

(iii) the address and eircode of the house concerned;

(iv) contact information in relation to –

(I) the person giving the notification or on whose behalf the notification is being given, and

(II) the owner of the house concerned;

(v) in the case of proposed development to which subparagraph (i) of paragraph (a) applies, a statement that the proposed development is development to which that subparagraph applies;

(vi) in the case of proposed development to which subparagraph (ii) of paragraph (a) applies, a statement that the proposed development is development to which that subparagraph applies; and

(vii) such other information as the planning authority concerned may reasonably require.

(d) A notification under paragraph (b), shall be accompanied by –

(i) such documentation as the planning authority concerned may reasonably require, and

(ii) in case the notification relates to development to which subparagraph (i) of paragraph (a) applies, a statutory declaration made by the person giving the notification, or on whose behalf the notification is being given, declaring that –

(I) the house in respect of which the proposed development is to be carried out is that person's principal private residence,

(II) not more than 4 bedrooms in that house will be subject to the short term letting concerned, and

(III) it will be a condition of the short term letting concerned that each such bedroom shall not be occupied by more than 4 persons.

(e) A planning authority shall maintain a record in writing of all information contained in a notification under paragraph (b).

(f) A person who proposes to carry out development to which subparagraph (ii) of paragraph (a) applies shall not later than 4 weeks after the commencement of each year in which he or she intends to carry out the proposed development and before the commencement of any such development in that year –

(i) complete Form No. 15 specified in Schedule 3 and give it to the planning authority in whose functional area the development will occur, and

(ii) provide that planning authority with a statutory declaration made by that person declaring that the house in respect of which the proposed development is to be carried out is that person's principal private residence.

(g) A person who carries out development to which subparagraph (ii) of paragraph (a) applies in any year shall –

(i) upon the expiration of 2 weeks after the day that is the 90th day on which such development occurs in that year, complete Form No. 16 specified in Schedule 3 and give it to the planning authority in whose functional area the development occurred, and

(ii) not later than 4 weeks after the end of that year, complete Form No. 17 specified in Schedule 3 and give it to the planning authority in whose functional area the development occurred,

and each such form shall be accompanied by a statutory declaration made by that person declaring that –

(I) the aggregate number of days during the year concerned in which the house was the

subject of short term lettings did not exceed 90 days, and

(II) the house that was the subject of those short term lettings was, during the period of those lettings, the person's principal private residence.

(h) A planning authority shall enter all such information as is contained in the forms referred to in paragraphs (f) and (g) in the record maintained in accordance with paragraph (e).

(i) In this subarticle –

'principal private residence' means, in relation to a house that is the subject of a short term letting, a house in which the landlord or licensor concerned ordinarily resides;

'rent pressure zone' and 'short term letting' have the meanings assigned to them by section 3A (inserted by section 38 of the Residential Tenancies (Amendment) Act 2019) of the Planning and Development Act 2000 (No. 30 of 2000).

then the proposed development for residential use, and any related works, shall be exempted development for the purposes of the Act, subject to the conditions and limitations set out in paragraph (d).

(d)(i) The development is commenced and completed during the relevant period.

(ii) Subject to sub-paragraph (iii), any related works, including works as may be required to comply with sub-paragraph (vii), shall –

(I) primarily affect the interior of the structure,

(II) retain 50 per cent or more of the existing external fabric of the building, and

(III) not materially affect the external appearance of the structure so as to render its appearance inconsistent with the character of the structure or of neighbouring structures.

(iii) Any related works for the alteration of existing ground floor shop fronts shall be consistent with the fenestration details and architectural and streetscape character of the remainder of the structure or of neighbouring structures.

(iv) No development shall consist of or comprise the carrying out of works to the ground floor area of any structure which conflicts with any objective of the relevant local authority development plan or local area plan, pursuant to the Part 1 of the First Schedule to the Act, for such to remain in retail use, with the exception of any works the purpose of which is to solely provide on street access to the upper floors of the structure concerned.

(v) No development shall consist of or comprise the carrying out of works which exceeds the provision of more than 9 residential units in any structure.

(vi) Dwelling floor areas and storage spaces shall comply with the minimum floor area requirements and minimum storage space requirements of the “Sustainable Urban Housing: Design Standards for New Apartments – Guidelines for Planning Authorities” issued under section 28 of the Act or any subsequent updated or replacement guidelines.

(vii) Rooms for use, or intended for use, as habitable rooms shall have adequate natural lighting.

(viii) No development shall consist of or comprise the carrying out of works to a protected structure, as defined in section 2 of the Act, save where the relevant planning authority has issued a declaration under section 57 of the Act to the effect that the proposed works would not materially affect the character of the structure or any element, referred to in section 57(1)(b) of the Act, of the structure.

(ix) No development shall contravene a condition attached to a permission under the Act or be inconsistent with any use specified or included in such a permission.

(x) No development shall relate to any structure in any of the following areas:

(I) an area to which a special amenity area order relates;

(II) an area of special planning control;

(III) within the relevant perimeter distance area, as set out in Table 2 of Schedule 8, of any type of establishment to which the Major Accident Regulations apply.

(xi) No development shall relate to matters in respect of which any of the restrictions set out in sub-paragraph (iv), (vii), (viiA), (viiB), (viiC), (viii) or (ix) of article 9(1)(a), or paragraph (c) or (d) of article (9)(1), would apply.

(xii) No development shall consist of or comprise the carrying out of works for the provision of an onsite wastewater treatment and disposal system to which the code of practice made by the Environmental Protection Agency pursuant to section 76 of the Environmental Protection Agency Act 1992 relates and entitled Code of Practice – Wastewater Treatment and Disposal Systems Serving Single Houses together with any amendment to that Code or any replacement for it.

(e)(i) Where a person proposes to undertake development to which paragraph (b) relates, then he or she shall in the case of development relating to Class 1, 2, 3, 6 or 12 of Part 4 to Schedule 2, notify in writing the planning authority in whose functional area that the change of use will occur not less than 14 days prior to the commencement of the works related to the proposed change of use and any related works;

(ii) Details of each notification under subparagraph (i), which shall include information on—

(I) the location of the structure,

(II) the number of residential units involved, including the unit sizes and number of bedrooms in each unit, and

(III) the Eircode for the relevant property,

shall be entered in a record by the planning authority maintained for this purpose and the record shall be available for inspection at the offices of the planning authority during office hours and on the planning authority's website.

(iii) During the years 2019, 2020, 2021, 2022, 2023, 2024, 2025 and 2026 each planning authority shall provide information to the Minister on the number of notifications received by it under this paragraph during the preceding calendar year, including details of the information so received for the purposes of subparagraph (ii).

Saver for certain development.

11. Development commenced prior to the coming into operation of this Part and which was exempted development for the purposes of the Act of 1963 or the 1994 Regulations, shall notwithstanding the repeal of that Act and the revocation of those Regulations, continue to be exempted development for the purposes of the Act.

(b) where the planning authority determines under article 13A(3) or (5) that the implementation of a new development plan would be likely to have significant effects on the environment,

(i) the notice under section 11(1) of the Act shall, in addition to the requirements of section 11(2) of the Act, state that—

(I) the planning authority proposes to carry out an environmental assessment as part of the review of the existing development plan and the preparation of a new development plan, and

(II) for this purpose, the planning authority will prepare an environmental report of the likely significant effects on the environment of implementing the new plan, and

(ii) the provisions of articles 13C to 13J shall apply.

Requirement to prepare environmental report.

13C. A draft development plan prepared by the manager under section 11(5) of the Act shall be accompanied by or include an environmental report and any reference to a draft development plan in that subsection or in subsections (1), (2), (5) or (6) of section 12 of the Act shall be construed as also referring to the environmental report.

13D. (1) The planning authority shall, as soon as practicable after the giving of notice under section 11(1) of the Act, give notice in accordance with sub-article (2) to the environmental authorities specified in article 13A(4), as appropriate.

(2) A notice under sub-article (1) shall—

(a) state that, as part of the review of the existing development plan and the preparation of a new development plan, the planning authority will prepare an environmental report of the likely significant effects on the environment of implementing the plan.

(b) state that the environmental report is required to include the information that may reasonably be required, taking into account—

(i) current knowledge and methods of assessment,

(ii) the contents and level of detail in the plan,

(iii) the stage of the plan in the decision-making process, and

(iv) the extent to which certain matters are more appropriately assessed at different levels in the decision-making process in order to avoid duplication of environmental assessment, and

Commented [i64]: Article 13D was inserted by article 7 of S.I. No. 436/2004 Planning and Development (Strategic Environmental Assessment) Regulations 2004

Content of environmental report.

- 13E.** (1) Subject to sub-article (2), an environmental report under article 13C shall identify, describe and evaluate the likely significant effects on the environment of implementing the plan, and reasonable alternatives taking account of the objectives and the geographical scope of the plan, and, for this purpose, the report shall—
- (a) contain the information specified in Schedule 2B.
 - (b) take account of any submission or observation received in response to a notice under article 13D(1), and
 - (c) be of sufficient quality to meet the requirements of these Regulations.
- (2) An environmental report shall include the information that may reasonably be required taking into account—
- (a) current knowledge and methods of assessment,
 - (b) the contents and level of detail in the plan,
 - (c) the stage of the plan in the decision-making process, and
 - (d) the extent to which certain matters are more appropriately assessed at different levels in the decision-making process in order to avoid duplication of environmental assessment.

Transboundary environmental effects.

- 13F.** (1) In addition to the notification requirements under section 12(1) of the Act, a planning authority shall, following consultation with the Minister, forward a copy of the draft development plan and associated environmental report to a Member State—

Commented [i66]: Article 13F was inserted by article 7 of S.I. No. 436/2004 Planning and Development (Strategic Environmental Assessment) Regulations 2004

(a) where the planning authority considers that implementation of the plan is likely to have significant effects on the environment of such Member State, or

(b) where a Member State, likely to be significantly affected, so requests.

(2) Where a Member State is sent a copy of a draft plan and environmental report under sub-article (1) and it indicates that it wishes to enter into consultations before the adoption of the plan, the planning authority shall—

(a) enter into consultations with the State concerned in relation to the likely transboundary environmental effects of implementing the plan, including, as appropriate, any likely transboundary environmental effects of implementing a proposed amendment under section 12(7) of the Act, and the measures envisaged to reduce or eliminate such effects, and

(b) agree with the State concerned—

(i) a reasonable timeframe for the completion of the consultations, having regard to the timeframes for the making of a new development plan under section 12 of the Act, and

(ii) detailed arrangements to ensure that the authorities referred to in article 6(3) of the SEA Directive and the public referred to in article 6(4) of the SEA Directive in the Member State concerned are informed and given an opportunity to forward their opinion within a reasonable timeframe.

(3) The report required of the manager under subsection (4) or (8) of section 12 of the Act shall take account of any transboundary consultations under this article.

(4) Where, in response to a request to a Member State or otherwise, a planning authority receives

from a Member State, either directly from the Member State or communicated by the Minister, a draft development or land-use plan and associated environmental report in relation to such State, or part thereof, the planning authority shall, as soon as may be following receipt of such plan and environmental report—

(a) enter into consultations with the State concerned in relation to the likely transboundary environmental effects of implementing the plan and the measures envisaged to reduce or eliminate such effects.

(b) agree with the State concerned—

(i) a reasonable timeframe for the completion of the consultations, having regard to any statutory or other timeframes for the adoption of the plan, and

(ii) detailed arrangements to ensure that the authorities referred to in article 6(3) of the SEA Directive and the public referred to in article 6(4) of the SEA Directive in the area likely to be significantly affected are informed and given an opportunity to forward their opinion within a reasonable timeframe,

(c) publish a notice in accordance with sub-article (5) in an approved newspaper, and

(d) send notice of, and a copy of, the draft plan and associated environmental report to the environmental authorities specified in article 13A(4), as appropriate, indicating that a submission or observation in relation to the draft plan and associated environmental report may be made in writing to the authority within a specified period which shall be not less than 4 weeks from the date of the notice.

(5) A notice in accordance with sub-article (4)(c) shall state that—

(a) a draft development or land-use plan and associated environmental report have been received from a Member State,

(b) the draft plan has potential transboundary environmental effects,

(c) a copy of the draft plan and associated environmental report are available for public inspection at the offices of the planning authority during office hours and on the website of the authority or any other stated place or places at the stated times during a specified period which shall be not less than 4 weeks from the date of the notice (and the copy shall be kept available for inspection accordingly), and

(d) a submission or observation in relation to the draft plan and associated environmental report may be made in writing to the planning authority within the specified period.

(6) As soon as may be following receipt of any submission or observation in response to a notice under sub-article (4) or (5), or where the planning authority otherwise considers it necessary, the relevant planning authority shall consult with the State concerned in relation to the likely transboundary environmental effects of the draft plan and the measures envisaged to reduce or eliminate such effects.

Notice of material alteration of draft development plan

13G.

A notice under section 12(7) of the Act shall, as appropriate, in addition to the requirements of paragraph (b), state that information on the likely significant effects on the environment of implementing the proposed amendment will also be available for inspection at the offices of the planning authority during office hours and on the website of the authority and that a submission or observation in relation to such information made to the planning authority within the period stated in the notice will also be taken into consideration before the making of any amendment.

Information on decision

13I.

(1)

In addition to the requirement of section 12(12)(b) of the Act, a notice under section 12(12)(a) of the Act shall state that a statement is also available, summarising—

(a) how environmental considerations have been integrated into the plan,

(b) how

(i) the environmental report prepared pursuant to article 13C,

(ii) submissions and observations made to the planning authority in response to a notice under section 12(1) or (7) of the Act, and

(iii) any consultations under article 13F.

have been taken into account during the preparation of the plan.

(c) the reasons for choosing the plan, as adopted, in the light of the other reasonable alternatives dealt with, and

(d) the measures decided upon to monitor, in accordance with article 13J, the significant environmental effects of implementation of the plan.

(2)

A planning authority shall, in addition to the requirements of paragraph (c) of section 12(12) of the Act—

(a) send a copy of the statement referred to in sub-article (1) to the bodies referred to in that paragraph, and

(iii) indicate that a submission or observation in relation to whether or not the proposed variation would be likely to have significant effects on the environment may be made to the authority within a specified period which shall be not less than 3 weeks from the date of the notice.

(4) Following the period specified in sub-article 3(b)(iii), the planning authority shall determine whether or not the proposed variation of the development plan would be likely to have significant effects on the environment, taking account of relevant criteria set out in Schedule 2A and any submission or observation received in response to a notice under sub-article (3).

(5) As soon as practicable after making a determination under sub-article (2) or (4), the planning authority shall—

(a) make a copy of its decision, including, as appropriate, the reasons for not requiring an environmental assessment, available for public inspection at the offices of the planning authority during office hours and on the website of the authority, and

(b) notify its decision to any environmental authority which was notified under sub-article (3).

(6) The provisions of articles 13L to 13R shall only apply where a planning authority determines under this article that a proposed variation would be likely to have significant effects on the environment.

(c) the reasons for choosing the variation, as adopted, in the light of the other reasonable alternatives dealt with, and

(d) the measures decided upon to monitor, in accordance with article 13R, the significant environmental effects of implementation of the variation.

(2) A planning authority shall, in addition to the requirements of paragraph (c) of section 13(8) of the Act—

(a) send a copy of the statement referred to in sub-article (1) to the bodies referred to in that paragraph, and

(b) send a copy of the statement and the variation to any Member State consulted under article 13O.

Monitoring.

13R. (1) The planning authority shall monitor the significant environmental effects of implementation of the variation of a development plan in order, inter alia, to identify at an early stage unforeseen adverse effects and to be able to undertake appropriate remedial action and, for this purpose, existing monitoring arrangements may be used, if appropriate, with a view to avoiding duplication of monitoring.

(2) Monitoring required under sub-article (1) shall, as appropriate, be incorporated as part of any monitoring under article 13J.

Determination of need for environmental assessment of local area plan.

14A.

(1)

This article applies to a local area plan or an amendment to a local area plan for an area the population or the target population of which is less than 5,000 persons or where the area covered by the local area plan is less than 50 square kilometres.

(2)

Where a planning authority proposes to prepare or amend a local area plan referred to in sub-article (1), the planning authority shall, prior to giving notice under section 20(3) of the Act, consider whether or not implementation of the local area plan or amended plan would be likely to have significant effects on the environment, taking account of relevant criteria set out in Schedule 2A.

(3)

Where the planning authority, following consideration under sub-article (2), determines that implementation of a local area plan or amended plan referred to in sub-article (1) would be likely to have significant effects on the environment, sub-articles (4) and (5) shall not apply.

(4)

(a) Where, following consideration under sub-article (2), a determination under sub-article (3) has not been made by the planning authority, the authority shall give notice in accordance with paragraph (b) to the environmental authorities specified in article 13A(4), as appropriate.

(b) the Minister for Arts, Heritage and the Gaeltacht,

(c) any local authority, including town councils, in the area to which the local area plan, proposed local area plan or proposed amended plan, as appropriate, relates, and any relevant city and county development board,

(ii) state that the planning authority must determine whether or not implementation of the local area plan or amended plan would be likely to have significant effects on the environment and that, in so doing, it must take account of relevant criteria set out in Schedule 2A, and

(iii) indicate that a submission or observation in relation to whether or not implementation of the local area plan or amended plan would be likely to have significant effects on the environment may be made to the authority within a specified period which shall be not less than 4 weeks from the date of the notice.

(5) Following the period specified in sub-article 4(b)(iii), the planning authority shall determine whether or not implementation of the local area plan or amended plan would be likely to have significant effects on the environment, taking account of relevant criteria set out in Schedule 2A and any submission or observation received in response to a notice under sub-article (4).

(6) As soon as practicable after making a determination under sub-article (3) or (5), the planning authority shall—

(a) make a copy of its decision, including, as appropriate, the reasons for not requiring an environmental assessment, available for public inspection at the offices of the planning authority during office hours and on the website of the authority, and

- (2) (a) For the purposes of these Regulations, each planning authority shall approve a list of the newspapers, including national newspapers, it considers have a sufficiently large circulation in its functional area, and different newspapers may be approved in respect of different parts of such functional area.
- (b) The list referred to in paragraph (a) shall be reviewed by the planning authority as may be appropriate and at least once a year.
- (c) The list referred to in paragraph (a) shall be displayed in or at the offices of the planning authority or at any other place or by any other means, including in electronic form, that the authority considers appropriate, and copies shall be made available at the offices of the planning authority during office hours, free of charge.

Site Notice.

19. (1) A site notice erected or fixed on any land or structure in accordance with article 17(1)(b) shall be—
- (a) in the form set out at Form No. 1 of Schedule 3, or a form substantially to the like effect,
- (b) subject to sub-article (4), inscribed or printed in indelible ink on a white background, affixed on rigid, durable material and secured against damage from bad weather and other causes, and
- (c) subject to sub-article (2), securely erected or fixed in a conspicuous position on or near the main entrance to the land or structure concerned from a public road, or where there is more than one entrance from public roads, on or near all such entrances, or on any other part of the land or structure adjoining a public road, so as to be easily visible and legible by persons using the public road, and shall not be obscured or concealed at any time.

Commented [i120]: Article 19 was substituted by article 8 of S.I. No. 685/2006 Planning and Development Regulations 2006

- (2) Where the land or structure to which a planning application relates does not adjoin a public road, a site notice shall be erected or fixed in a conspicuous position on the land or structure so as to be easily visible and legible by persons outside the land or structure, and shall not be obscured or concealed at any time.
- (3) Where a planning authority considers that the erection or fixing of a single site notice is not sufficient to comply with the requirements of sub-articles (1) and (2), or does not adequately inform the public, the authority may require the applicant to erect or fix such further site notice or notices in such a manner and in such terms as it may specify and to submit to the authority such evidence as it may specify in relation to compliance with any such requirements.
- (4) Where a valid planning application is made in respect of any land or structure, and a subsequent application is made within 6 months from the date of making the first-mentioned application in respect of land substantially consisting of the site or part of the site to which the first-mentioned application related, in lieu of the requirements of sub-article (1)(b), the site notice for the subsequent application shall be inscribed or printed in indelible ink on a yellow background and affixed on rigid, durable material and be secured against damage from bad weather and other causes.

Time limits for site notice.

20. In addition to the requirements of article 17(1)(b), a site notice shall be maintained in position on the land or structure concerned for a period of 5 weeks from the date of receipt of the planning application by the planning authority, shall be renewed or replaced if it is removed or becomes defaced or illegible within that period and shall be removed by the applicant following the notification of the planning authority decision under article 31.

Requirements for particulars to accompany an application under article 22.

23. (1) Plans, drawings and maps accompanying a planning application in accordance with article 22 shall all be in metric scale and comply with the following requirements:
- (a) site or layout plans shall be drawn to a scale (which shall be indicated thereon) of not less than 1:500 or such other scale as may be agreed with the planning authority prior to the submission of the application, the site boundary shall be clearly delineated in red, and buildings, roads, boundaries, septic tanks and percolation areas, bored wells, significant tree stands and other features on, adjoining or in the vicinity of the land or structure to which the application relates shall be shown,
- (b) other plans, elevations and sections shall be drawn to a scale of not less than 1:200 (which shall be indicated thereon), or such other scale as may be agreed with the planning authority prior to the submission of the application in any particular case,
- (c) the site layout plan and other plans shall show the level or contours, where applicable, of the land and the proposed structures relative to Ordnance Survey datum or a temporary local benchmark, whichever is more appropriate,
- (d) drawings of elevations of any proposed structure shall show the main features of any buildings which would be contiguous to the proposed structure if it were erected, whether on the application site or in the vicinity, at a scale of not less than 1:200, as may be appropriate, and

Commented [i143]: Article 23 was substituted by article 8 of S.I. No. 685/2006 Planning and Development Regulations 2006

where the development would involve work to a protected structure or proposed protected structure, shall show the main features of any buildings within the curtilage of the structure which would be materially affected by the proposed development,

(e) plans relating to works comprising reconstruction, alteration or extension of a structure shall be so marked or coloured as to distinguish between the existing structure and the works proposed,

(f) plans and drawings of floor plans, elevations and sections shall indicate in figures the principal dimensions (including overall height) of any proposed structure and the site, and site or layout plans shall indicate the distances of any such structure from the boundaries of the site.

(g) any map or plan which is based on an Ordnance Survey map shall indicate the relevant Ordnance Survey sheet number, and

(g) any map or plan which is based on an Ordnance Survey map shall indicate the relevant Ordnance Survey sheet number, and

(h) the north point shall be indicated on all maps and plans other than drawings of elevations and sections and maps or plans referred to in paragraph (g) of the this sub-article.

(2) A planning application for development consisting of or comprising the carrying out of works to a protected structure, or proposed protected structure or to the exterior of a structure which is located within an architectural conservation area, shall, in addition to meeting the requirements of sub-article (1), be accompanied by such photographs, plans and other particulars as are necessary to show how the development would affect the character of the structure.

(3) Where a planning authority considers it appropriate it may require an applicant to submit an assessment of the impact of the proposed development on transport in the area, including impact on roads.

(4) A planning authority may, by notice in writing, require an applicant to provide additional copies of any plan, drawing, map, photograph or other particular which accompanies the planning application.

(5) In addition to the requirements of article 22, a planning authority may request an applicant to provide a scale model of a proposed development including land and buildings in the vicinity, showing the elevations and perspective of the proposed development and any other photographs, plans, maps, drawings or other material or particulars required by the planning authority to assess an application.

(6) Notwithstanding this article, article 22(2)(d) and article 22(4), the principal dimensions of any subterranean ancillary structure not intended for occupation or use by persons are not required to be indicated in the plans or particulars, or both, for a development.

Commented [i144]: Sub-article 23(6) is inserted by article 4 of S.I. 655/2023 Planning and Development (Amendment) (No. 3) Regulations 2023

Plans and particulars to accompany application for outline permission.

24. Notwithstanding article 22(2)(d), an outline application shall, in addition to the requirements of article 22(2), be accompanied only by such plans and particulars as are necessary to enable the planning authority to make a decision in relation to the siting, layout or other proposals for development in respect of which a decision is sought.

(2) A planning application referred to in sub-article (1) shall, in addition to the requirements of article 22(2), be accompanied by 6 copies of such plans and drawings drawn to a scale of not less than 1:100, as are necessary to describe any form of structure or apparatus which will support, or form part of, the lines referred to in the said sub-article.

(3) (a) A reference to article 22 in any other provision of these Regulations shall, in the case of a planning application referred to in sub-article (1), be construed as a reference to this article.

Procedure on receipt of planning application.

- (b) Article 23(1), other than paragraphs (g) and (h) thereof, shall not apply to a planning application referred to in sub-article (1).
26. (1) On receipt of a planning application, a planning authority shall consider whether the applicant has complied with the requirements of articles 18, 19(1)(a) and 22 and, as may be appropriate, of article 15J, 24 or 25.
- (2) Where a planning authority considers that a planning application complies with the requirements of articles 18, 19(1)(a) and 22 and, as may be appropriate, of article 24 or 25, it shall stamp each document with the date of its receipt and—
- (a) send to the applicant an acknowledgement stating the date of receipt of the application, and
- (b) if the application was accompanied by an ELAR, send to the EIA portal in electronic form in the manner set out on the portal—
- (i) a copy of the confirmation notice received in accordance with article 22(2)(ga),
- (ii) the reference number of the application on the register, and
- (iii) the URL to the documents placed on its website pursuant to section 38(3)(b) of the Act.
- (3) Where, following consideration of an application under sub-article (1), a planning authority considers that-
- (a) any of the requirements of articles 18, 19(1)(a) or 22 and, as may be appropriate, of article 15J, 24 or 25 has not been complied with, or
- (b) the notice in the newspaper or the site notice, because of its content or for any other reason, is misleading or inadequate for the information of the public,
- the planning application shall be invalid.

structure might obstruct any view or prospect of special amenity value or special interest — to An Chomhairle Ealaíon, Fáilte Ireland, and An Taisce — the National Trust for Ireland,

(b) where it appears to the authority that the development might obstruct or detract from the value of any tourist amenity or tourist amenity works—to Fáilte Ireland,

(c) where it appears to the authority that the development—

(i) would involve the carrying out of works to a protected structure or proposed protected structure, or to the exterior of a structure which is located within an architectural conservation area,

(ii) might detract from the appearance of a structure referred to in sub-paragraph (i).

(iii) might affect or be unduly close to-

(I) a cave, site, feature or other object of archaeological, geological, scientific, ecological or historical interest,

(II) a monument or place recorded under section 12 of the National Monuments (Amendment) Act 1994 (No. 17 of 1994),

(III) a historic monument or archaeological area entered in the Register of Historic Monuments under Section 5 of the National Monuments (Amendment) Act 1987 (No. 17 of 1987),

(IV) a national monument in the ownership or guardianship of the Minister under the National Monuments Acts 1930 to 2004, or

(iv) might obstruct any scheme for improvement of the surroundings of, or any means of access to, any structure, place, feature or object referred to in sub-paragraph (iii),

– to the Minister, the Heritage Council, and An Taisce – the National Trust for Ireland, and in the case of development of a type referred to in sub-

paragraph (i) or (ii), An Chomhairle Ealaíon and Fáilte Ireland.

(d) where it appears to the authority that the area of another local authority might be affected by the development — to that local authority.

(e) where it appears to the authority that the development would not be consistent with or would materially contravene any regional planning guidelines (or any objective thereof) of a regional authority—to that regional authority,

(f) where it appears to the authority that if permission were granted, a condition should be attached under section 34 (4)(m) of the Act— to any local authority (other than the planning authority) who would be affected by any such condition,

(g) where it appears to the authority that –

(i) the development might cause the significant abstraction or addition of water either to or from surface or ground waters, whether naturally occurring or artificial,

(ii) the development might give rise to significant discharges of polluting matters or other materials to such waters or be likely to cause serious water pollution or the danger of such pollution, or

(iii) the development would involve the carrying out of works in, over, along or adjacent to the banks of such waters, or to any structure in, over or along the banks of such waters, which might materially affect the waters,

—to Inland Fisheries Ireland and, in any case where the waters concerned are listed in Part 1 of Annex 1 of the Schedule to the British-Irish Agreement Act, 1999 (No. 1 of 1999), to Waterways Ireland,

(h) where it appears to the authority that the development might endanger or interfere with the safety of, or the safe and efficient navigation of aircraft — to the Irish Aviation Authority,

(r) where the application relates to development for the purposes of initial afforestation or the replacement of broadleaf high forest by conifer species — to the Minister for Agriculture and Food, The Heritage Council and An Taisce - the National Trust for Ireland,

(s) where it appears to the authority that the development might have significant effects on public health — to the Health Service Executive.

(t) where the application relates to extraction of minerals within the meaning of the Minerals Development Acts, 1940 to 1995 — to the Minister for Communications, Marine and Natural Resources.

(u) where it appears to the authority that the development might impact on the foreshore—to the Minister for Communications, Marine and Natural Resources,

(v) where the application relates to the development of energy infrastructure, or may have an impact on energy infrastructure — the Commission for Energy Regulation,

(w) where the development might—

(i) give rise to a significant increase in the volume or type of traffic (including construction traffic) passing under a height restricted railway bridge, or using a railway level crossing, or a bridge over a railway,

(ii) because of its proximity to a railway, impact on the structural integrity of railway infrastructure during construction of the development, or

(iii) endanger or interfere with the safe operation of a railway, during or after construction

- to the railway operator, the Railway Safety Commission, and, in the case of development which might impact on a light railway or metro, the Railway Procurement Agency,

(x) where the application relates to—

(i) the extraction of minerals, other than minerals within the meaning of the Minerals Development Acts 1940-1999, whether by surface or underground means,

(ii) the development of, or extensions to, quarries, including sand or gravel pits, for the extraction of earth materials, or

(iii) a development which, for other purposes, requires the excavation of earth materials greater than a total volume of 50,000m³ or the excavation of earth materials on a site area greater than 1 hectare,

— to the Minister for Communications, Marine and Natural Resources,

(y) where it appears to the authority that the development might impact on the provision of public water services — to Irish Water.

(2) Notice given by a planning authority pursuant to sub-article (1) shall include a copy of the planning application referred to in article 22(1) and of the location map referred to in article 22(2)(b) and shall state-

(a) to submit any further information (including any plans, maps or drawings, or any information as to any estate or interest in or right over land), which the authority considers necessary to enable it to deal with the application, or

(b) to produce any evidence which the authority may reasonably require to verify any particulars or information given in, or in relation to, the application.

(1A.) Notwithstanding paragraph (a) and (b) of sub-article (1), in the case of a planning application for an LRD, the planning authority may only request further information in relation to matters of technical or environmental detail, or both, that were unforeseen at the time of the LRD opinion and the time of lodging the LRD planning application, or new matters raised through the planning application public participation process, and such requests for further information with regard to an application for LRD may only be requested once by the planning authority.

(2) Subject to sub-article (2A), a planning authority shall not require an applicant who has complied with a requirement under sub-article (1) to submit any further information or evidence save –

(a) as may be reasonably necessary to clarify the matters dealt with in the applicant's response to a requirement to submit further information or evidence or to enable them to be considered or assessed,

(aa) where information specified in Schedule 7A is requested pursuant to article 103(1)(b), or

(b) where a request for further information is made under article 108(2) or 128(1).

(2A) (a) Sub-article (2) shall not apply to a planning application for a proposed LRD.

(b) A planning authority shall not require an applicant for an LRD who has complied with a requirement under sub-article (1) to submit any further information or evidence.

Screening for appropriate assessment

- 44F. (1) As soon as may be following receipt of an application to extend or extend further the appropriate period as regards a particular permission, in order to ascertain whether an appropriate assessment is required in respect of the proposed extension of the appropriate period, the planning authority shall carry out a screening for appropriate assessment of the proposed extension of the appropriate period to assess, in view of best scientific knowledge, if the proposed extension of the appropriate period, individually or in combination with other plans or projects, would be likely to have a significant effect on a European site.
- (2) If on the basis of a screening under sub- article (1) it cannot be excluded, on the basis of objective information, that the proposed extension, individually or in combination with other plans or projects, would have a significant effect on a European site, the planning authority shall determine that an appropriate assessment of the proposed extension would be required.
- (3) In carrying out screening for appropriate assessment of a proposed extension, the planning authority may request such information from the applicant as it may consider necessary to enable it to carry out that screening, and may consult with such persons as it considers appropriate and where the applicant does not provide the information within the period specified, or any further period as may be specified by the authority, the application to extend or extend further the appropriate period as regards a particular permission shall be deemed to be withdrawn.

Interpretation (Chapter 3A)

47A.

In this Chapter—

“Act of 2016” means the Planning and Development (Housing) and Residential Tenancies Act 2016 (No. 17 of 2016);

Content of application to further extend appropriate period

47B.

“appropriate period” has the meaning assigned to it by section 40(3) of the Act.

An application under section 42(1A) of the Act to extend further the appropriate period as regards a particular permission shall be made in writing and shall, in addition to the requirements of subparagraph (ii) of section 42(1A)(a) of the Act, contain the following information:

(a) the name and address of the applicant and of the person, if any, acting on behalf of the applicant;

(b) on a separate page, the telephone number and e-mail address, if any, of the applicant and of the person, if any, acting on behalf of the applicant;

(c) the address to which any correspondence relating to the application should be sent;

(d) the location, townland or postal address of the land or structure concerned, as may be appropriate;

(e) the legal interest in the land or structure held by the applicant;

(f) the development to which the permission relates;

(ff) where the development to which the permission relates is of a class specified in Part 2 of Schedule 5, which proposed extension of the appropriate period does not equal or exceed, as the case may be, a quantity, area or other limit specified in that Schedule, the information specified in Schedule 7A for the purposes of a screening determination,

(g) the date of the permission and its reference number in the register;

(h) particulars of the works which are proposed to be carried out pursuant to the permission in the additional period by which the permission is sought to be further extended,

(i) the date on which work commenced on the development and particulars of the substantial works carried out pursuant to the permission before

the expiration of the appropriate period or the extension of that period;

(j) in the case of a permission to which section 42(1A)(a)(V)(A) of the Act applies, the date of expiry of that extended appropriate period;

(k) in the case of a permission to which section 42(1A)(a)(V)(B) of the Act applies, the date on which the extended appropriate period will expire;

(l) the period by which the permission is sought to be extended further;

(m) the date on which the development is expected to be completed.

Procedure on receipt of application to further extend appropriate period

- 47C. (1) On receipt of an application under section 42(1A) of the Act, a planning authority shall—
- (a) stamp with the date of their receipt the documents consisting of the application, and
- (b) consider whether the application complies with the requirements of article 47B.
- (2) (a) Where a planning authority considers that an application referred to in sub-article (1) complies with the requirements of article 47B, the authority shall send to the applicant an acknowledgement stating the date of receipt of the application.
- (b) Where a planning authority considers that an application referred to in sub-article (1) does not comply with the requirements of article 47B, the authority shall, by notice in writing, require the applicant to furnish such further particulars as may be necessary to comply with the said requirements.

Further information

- 47D. (1) Where a planning authority receives an application under section 42(1A) of the Act, the authority may, by notice in writing, require the applicant—
- (a) to submit such further information as it may require to consider the application (including any information regarding any estate or interest in or right over land), or

(b) to produce any evidence that it may reasonably require to verify any particulars or information given in or in relation to the application.

(2) A planning authority shall not require an applicant who has complied with a requirement under sub-article (1) to submit any further information, particulars or evidence save as may be reasonably necessary to clarify the matters dealt with in the applicant's response to the said requirement or to enable those matters to be considered or assessed, or save where information specified in Schedule 7A is requested pursuant to article 47C(2)(b) or where information is required pursuant to article 47M(3).

(3) Where an applicant does not comply with any requirement under this article within 4 weeks of such requirement, the planning authority shall refuse the application.

Notification of decision on application

47E.

Every notification given by a planning authority of a decision on an application under section 42(1A) of the Act shall specify—

(a) the date of the permission and its reference number in the register,

(b) the location of the land, townland or postal address of the land or structure to which the permission relates (as may be appropriate),

Revised plans, etc.

73.

The Board may, when considering an appeal under section 37 of the Act, invite the applicant for the permission concerned to submit to the Board revised plans or other drawings modifying, or other particulars providing for the modification of, the development to which the appeal relates and an applicant so invited may submit to the Board such number of plans, drawings or particulars as the Board may specify.

LRD Appeal - Further Information

73A.

(1)

Subject to sub-article (2), where the Board is in receipt of an LRD appeal it may, by notice in writing, within 16 weeks of receipt of the LRD appeal, require the applicant—

Commented [i308]: Article 73A is inserted by article 13 of S.I. No. 716/2021 Planning and Development (Large-scale Residential Development) Regulations 2021

(a) to submit any further information (including any plans, maps or drawings, or any information as to any estate or interest in or right over land), which the Board considers necessary to enable it to deal with the application, or

(b) to produce any evidence which the Board may reasonably require to verify any particulars or information given in, or in relation to, the appeal.

(2)

Notwithstanding paragraph (a) and (b) of sub-article (1), the Board may only request further information in relation to matters of technical or environmental detail, or both, that were unforeseen at the time of the LRD opinion and the time of lodging the LRD planning application, or new matters raised through the appeal public participation process, and such requests for further information with regard to an application for LRD may only be requested once by the Board.

(3)

The Board shall not require an LRD applicant who has complied with a requirement under sub-

article (1) to submit any further information or evidence.

- (4) Where a requirement under sub-article (1) is not complied with within the period of 2 months from the date of the request for further information under sub-article (1), or where the request relates to an environmental impact assessment or appropriate assessment or both, such additional period, not exceeding 6 months, as may be agreed by the Board, the Board shall, as soon as may be, notify the applicant of its decision on the appeal in accordance with article 74.

Notification by Board of decisions on appeals or referrals.

74. (1) The Board shall, as soon as may be following the making of a decision on an appeal or referral, notify any party to the appeal or referral and any person who made submissions or observations in relation to the appeal or referral in accordance with section 130 of the Act.

- (2) A notice referred to in sub-article (1) of a decision on an appeal under section 37 of the Act shall specify—

- (a) the reference number of the appeal,
- (b) the reference number of the planning application concerned in the register of the planning authority,
- (c) the date of the order of the Board in relation to the appeal,
- (d) the development to which the decision relates,
- (e) the nature of the decision and the main reasons and considerations on which the decision is based,
- (f) in the case of a decision to grant a permission subject to conditions — any conditions to which the permission is subject and the main reasons for the imposition of any such conditions, provided that where a condition imposed is a condition described in section 34(4) of the Act, a reference to the paragraph of the said subsection (4) in which the condition is described shall be sufficient,

(g) in the case of a decision to grant a permission for a structure — any purpose for which the structure may or may not be used,

(h) in the case of a decision to grant a permission — any condition specifying points of detail relating to a grant of permission to be agreed by the planning authority and the person to whom the permission is granted,

(ha) in the case of a decision to grant permission for a proposed development to which article 103(3A) applies — a description of the features, if any, of the proposed development and the measures, if any, envisaged to avoid, prevent or reduce and, if possible, offset the significant adverse effects on the environment of the proposed development and such conditions, if any, as are necessary to ensure their implementation,

(i) in the case of a decision to grant or refuse a permission where the decision by the Board is different, in relation to the granting or refusal of permission, from the recommendation of the report of a person assigned to report on an appeal on behalf of the Board — the main reasons for not accepting such recommendation, and

(j) that in making a decision on an appeal the Board, in accordance with section 34(3) of the Act, has regard to submissions or observations received in accordance with these Regulations,

(k) in the case of a decision to grant a permission — any period specified by the Board pursuant to section 41 of the Act as the period during which the permission is to have effect,

(l) in the case of a decision to grant a permission for a development which materially contravenes the development plan where the planning authority had refused a permission on that ground — the main reasons and considerations for materially contravening the development plan.

hearing and ending on the last day of the oral hearing, and

(c) shall make available for inspection at the place the oral hearing is held a copy of any correspondence and other information referred to in paragraph (b) for the duration of the oral hearing.

- (2) The provisions of paragraphs (b) and (c) of sub-article (1) shall not require the Board to make available models or such other information or particulars as may be determined by the Board at the offices of the local authority or planning authority or at the place of the holding of the oral hearing where the making available of models or other information or particulars would lead to undue administrative or technical difficulties.
- (3) The Board may, where it considers appropriate, give any person or body informed of the holding of an oral hearing under sub-article (1)(a) a copy of any correspondence, documents, particulars or other information received from relevant persons in accordance with the provisions of the Act or these Regulations.
- (4) The Board may, at any time before the opening of an oral hearing, alter the time or place of the opening of the hearing and, in the event of such alteration, the Board shall give relevant persons and any other person or body informed of the holding of an oral hearing under sub-article (1) notice of not less than 3 working days of the new time and place or such shorter notice as may be accepted by all such persons or bodies.

Adjournment or re-opening of oral hearing.

77.

- (1) Subject to sub-articles (2) and (3), the Board or other person conducting an oral hearing may adjourn or re-open any hearing or, notwithstanding that any relevant person has failed to attend a hearing, proceed with the hearing.
- (2) Notice of the time and place of the re-opening of an oral hearing or resumption of an oral hearing that has been adjourned indefinitely shall be given by the Board to each relevant person and to any

other person or body who was informed of the holding of an oral hearing under article 76(1)(a) or who has been heard at the hearing in accordance with section 135(2)(d) of the Act not less than one week before the said time unless all such persons accept shorter notice.

(3) An oral hearing under section 218 of the Act, or on which the report has been submitted to the Board, shall not be re-opened unless the Board considers it expedient to do so and so directs.

Replacement of person appointed to conduct oral hearing.

78. (1) If, for any reason, the person appointed to conduct an oral hearing is unable or fails to conduct the oral hearing, the Board may appoint another person to conduct the oral hearing.
- (2) If, for any reason, the person appointed to conduct an oral hearing is unable to complete the conduct of the oral hearing, or is unable to or fails to furnish a report on an oral hearing to the Board, the Board may appoint another person to conduct a new oral hearing.

Period for making a decision on LRD appeals where oral hearing is held

78A. Where the Board holds an oral hearing of an LRD appeal, the Board shall make its decision on the LRD appeal within 24 weeks beginning on the day the LRD appeal was lodged with the Board.

(a) inscribed or printed in indelible ink and affixed on rigid, durable material and be secured against damage from weather and other causes, and

(b) subject to sub-article (4), securely erected or fixed in a conspicuous position on or near the main entrance to the land(s) concerned from a public road, or where there is more than one entrance from public roads, on or near all such entrances, or on any other part of the land(s) or structure adjoining a public road, so as to be easily visible and legible by persons using the public road, and shall not be obscured or concealed at any time.

(4) Where the land concerned does not adjoin a public road, a site notice shall be erected or fixed in a conspicuous position on the land so as to be easily visible and legible by persons outside the land, and shall not be obscured or concealed at any time.

(5) (a) Where a local authority proposes to undertake a housing development under Section 179A of the Act of a class standing specified in Part 2 of Schedule 5 and does not equal or exceed, as the case may be, the relevant quantity, area or other limit standing specified in that Part, it shall carry out in respect of the housing development a screening for environmental impact assessment.

(b) Prior to or when carrying out a screening under paragraph (a) the local authority may at its discretion request information from any person the authority considers necessary.

(c) Before making a determination on the screening for environmental impact assessment of a proposed housing development under section 179A of the Act, the local authority shall –

(i) consider the criteria for determining whether a housing development would or would not be likely to have significant effects on the environment, as set out in Schedule 7,

(ii) take into account a description of the nature and extent of the proposed housing development, its characteristics, its likely significant effects on the environment (including the information specified in

Schedule 7A) including, where relevant, information on how the available results of other relevant assessments of the effects on the environment carried out pursuant to European Union legislation other than the Environmental Impact Assessment Directive have been taken into account.

(d) A local authority shall include, or refer to, in its screening determination for environmental impact assessment made under this article the main reasons and considerations, with reference to the relevant criteria listed in Schedule 7, on which such determination is based.

(e) (i) Where the local authority screening determination for environmental impact assessment made under this article is that the proposed housing development would not be likely to have significant effects on the environment, the proposed housing development complies with the requirements of section 179A(1) of the Act,

(ii) Where the local authority screening determination for environmental impact assessment made under this article is that the proposed housing development may have significant effects on the environment, the local authority shall determine that an Environmental Impact Assessment is required and that the housing development does not comply with the requirements of section 179A(1) of the Act.

(6) (a) Where a local authority proposes to undertake a housing development under Section 179A of the Act, it shall carry out in respect of the housing development a screening for appropriate assessment, to determine, using the best scientific knowledge, if the housing development, individually or in combination with other plans or projects, would be likely to have a significant effect on a European site or sites in view of the site's conservation objectives.

(b) If on the basis of a screening under sub-article (6)(a) it can be excluded, on the basis of objective

information, that the proposed housing development, individually or in combination with other plans or projects, would be likely to have a significant effect on a European site or sites, the local authority shall determine that an appropriate assessment of the housing development is not required and that the housing development complies with the requirements of section 179A(1) of the Act.

(c) If on the basis of a screening under sub-article (6)(a) it cannot be excluded, on the basis of objective information, that the proposed housing development, individually or in combination with other plans or projects, would be likely to have a significant effect on a European site or sites, the local authority shall determine that an appropriate assessment of the housing development is required and that the housing development does not comply with the requirements of section 179A(1) of the Act.

(7) A site notice shall be erected or fixed on the land(s) or structure concerned not later than the day of publication of notice of the development in a newspaper in accordance with sub-article (1)(a), shall be maintained in position for a period of at least 8 weeks after publication of the said notice and shall be renewed or replaced if it is removed or becomes defaced or illegible within that period.

Notice of proposed development to certain bodies.

82.

(1) A local authority shall send notice of proposed development to any relevant body or bodies specified in sub-article (3).

(2) A notice in accordance with sub-article (1) shall—

(a) indicate the location, townland or postal address of the proposed development,

(b) indicate the nature and extent of the proposed development, and

(c) state that submissions or observations in respect of the proposed development, dealing with the proper planning and sustainable development of the area in which the proposed development

would be situated, may be made in writing to the local authority before a specified date (which shall be not less than 2 weeks after the end of the period for inspection of plans and particulars specified pursuant to article 81(2)(d)(i)),

and be accompanied by a copy of the plans and particulars of the proposed development specified in article 83, and its conclusion under article 120(1)(b)(i) or screening determination under article 120(1B)(b)(i), as the case may be (and, in the latter case, including, or referring to, the description, if any, provided under article 120(1A)(b) or 120(3)(cb)(ii), as the case may be).

(3) A notice in accordance with sub-article (1) shall be sent—

(a) where it appears to the authority that the land or structure is situated in an area of special amenity, whether or not an order in respect of that area has been confirmed under section 203 (or deemed to be so confirmed under section 268(1)(c)) of the Act, or that the development or retention of the structure might obstruct any view or prospect of special amenity value or special interest — to An Chomhairle Ealaíon, Fáilte Ireland, and An Taisce — the National Trust for Ireland,

(b) where it appears to the authority that the development might obstruct or detract from the value of any tourist amenity or tourist amenity works— to Fáilte Ireland,

(c) where it appears to the authority that the development—

(i) would involve the carrying out of works to a protected structure or proposed protected structure, or to the exterior of a structure which is located within an architectural conservation area,

(ii) might detract from the appearance of a structure referred to in sub-paragraph (i),

(iii) might affect or be unduly close to—

(I) a cave, site, feature or other object of archaeological, geological, scientific, ecological or historical interest,

(II) a monument or place recorded under section 12 of the National Monuments (Amendment) Act, 1994 (No. 17 of 1994),

(III) a historic monument or archaeological area entered in the Register of Historic Monuments under Section 5 of the National Monuments (Amendment) Act, 1987 (No. 17 of 1987),

(IV) a national monument in the ownership or guardianship of the Minister under the National Monuments Acts, 1930 to 1994, or

(V) might obstruct any scheme for improvement of the surroundings of, or any means of access to, any structure, place, feature or object referred to in sub-paragraph (iii),

— to the Minister, the Heritage Council, and An Taisce — the National Trust for Ireland, and in the case of development of a type referred to in sub-paragraph (i) or (ii), An Chomhairle Ealaíon and Fáilte Ireland,

(d) where it appears to the authority that the area of another local authority might be affected by the development — to that local authority,

(e) where it appears to the authority that the development would not be consistent with or would materially contravene any regional planning guidelines (or any objective thereof) of a regional authority — to that regional authority,

(f) where it appears to the authority that if permission were granted, a condition should be attached under section 34(4)(m) of the Act — to any local authority (other than the planning

authority) who would be affected by any such condition,

(g) where it appears to the authority that—

(i) the development might cause the significant abstraction or addition of water either to or from surface or ground waters, whether naturally occurring or artificial,

(ii) the development might give rise to significant discharges of polluting matters or other materials to such waters or be likely to cause serious water pollution or the danger of such pollution, or

(iii) the development would involve the carrying out of works in, over, along or adjacent to the banks of such waters, or to any structure in, over or along the banks of such waters, which might materially affect the waters,

— to the appropriate Regional Fisheries Board and, in any case where the waters concerned are listed in Part 1 of Annex 1 of the Schedule to the British-Irish Agreement Act, 1999 (No. 1 of 1999), to Waterways Ireland,

(h) where it appears to the authority that the development might endanger or interfere with the safety of, or the safe and efficient navigation of aircraft — to the Irish Aviation Authority,

(i) where it appears to the authority that the development might interfere with the operation and development of a licensed airport, whose annual traffic is not less than 1 million passenger movements — to the airport operator,

(j) where the development may have an impact on bus or rail-based transport — to Córas Iompair Éireann and the Railway Procurement Agency, as appropriate,

(k) where it appears to the authority that—

(i) the development consists of or comprises the formation, laying out or material widening of an access to a national road within the meaning of section 2 of the Roads Act, 1993 (No. 14 of 1993), not being a national road within a built-up area within the meaning of section 45 of the Road Traffic Act, 1961, or

(ii) the development might give rise to a significant increase in the volume of traffic using a national road,

— to the National Roads Authority,

(l) where the development might significantly impact on surface transport in the Greater Dublin Area, the Dublin Transportation Office (or any body that replaces that office),

(m) where the development comprises or is for the purposes of an activity requiring an integrated pollution control licence or a waste licence — to the Environmental Protection Agency,

(n) where it appears to the authority that the development might have significant effects in relation to nature conservation — to the Heritage Council, the Minister and An Taisce - the National Trust for Ireland,

(o) where the development is in a Gaeltacht area and it appears to the authority that it might materially affect the linguistic and cultural heritage of the Gaeltacht, including the promotion of Irish as the community language — to the Minister for Community, Rural and Gaeltacht Affairs and Údarás na Gaeltachta,

(p) where the development is in the vicinity of an explosives factory, storage magazine or local authority explosives store — to the Minister for Justice, Equality and Law Reform,

(q) where it appears to the authority that the development might have significant effects on public health — to the Health Service Executive,

(r) where the application relates to extraction of minerals within the meaning of the Minerals Development Acts, 1940 to 1995 — to the Minister for Communications, Marine and Natural Resources,

(s) where it appears to the authority that the development might impact on the foreshore — to the Minister for Communications, Marine and Natural Resources,

(t) where the development might—

(i) give rise to a significant increase in the volume or type of traffic (including construction traffic) passing under a height restricted railway bridge, or using a railway level crossing, or a bridge over a railway,

(ii) because of its proximity to a railway, impact on the structural integrity of railway infrastructure during construction of the development, or

(iii) endanger or interfere with the safe operation of a railway, during or after construction,

— to the railway operator, the Railway Safety Commission, and, in the case of development which might impact on a light railway or metro, the Railway Procurement Agency,

(u) where the application relates to—

(i) the extraction of minerals, other than minerals within the meaning of the Minerals Development Acts 1940-1999, whether by surface or underground means,

(ii) the development of, or extensions to, quarries, including sand or gravel pits, for the extraction of earth materials, or

(iii) a development which, for other purposes, requires the excavation of earth materials greater than a total volume of 50,000m³ or the

excavation of earth materials on a site area greater than 1 hectare

— to the Minister for Communications, Marine and Natural Resources,

(v) where it appears to the authority that the development might impact on the provision of public water services — to Irish Water.

- (4) A reference in sub-article (3) to **Fáilte Ireland** shall, in the case of proposed development which would be situated in the functional area of the Shannon Free Airport Development Company Ltd., be construed as a reference to that Company.

(d) where the proposed development is of a type described in sub-article (2), indicate this fact, and

(e) state that submissions or observations with respect to the proposed development, dealing with the proper planning and sustainable development of the area in which the development would be situated, may be made in writing to the State authority concerned within a period of 6 weeks beginning on the day on which the latest notice under sub-articles (1) or (2) is sent.

(4) Proposed development of a class referred to in article 150(1)(a) or (b) shall be subject to the requirements of that article in addition to the requirements of this Part.

Availability for inspection of plans and particulars.

89.

A State authority shall make available for inspection at the locations and times specified in, and during the period of 6 weeks beginning on the day of publication of, the notice of proposed development published in accordance with article 87(2)(a)—

Commented [i340]: Amended by article 22(a) of S.I. No. 685 of 2006 Planning and Development Regulations 2006

(a) a document describing, in outline, the nature and extent of the proposed development,

(b) a location map, drawn to a scale of not less than 1:1000 in built up areas and 1:2500 in all other areas (which shall be identified thereon) and marked or coloured so as to identify clearly the land on which it is proposed to carry out the development,

Commented [i341]: Map scale is amended by article 22(b) of S.I. No. 685 of 2006 Planning and Development Regulations 2006

(c) in the case of proposed development referred to in article 86(1)(a) or (b), drawings or particulars describing, in outline, the external appearance of the building, or other premises or installation, or other structure or facility, to be provided or extended (as the case may be), and

(d) in the case of proposed development referred to in article 86(1)(c), such drawings or particulars as are necessary to show how the development would affect the character of the structure.

State authority to have regard to certain matters.

90. (1) A State authority shall, in deciding whether a proposed development is to be carried out, have regard to any submissions or observations made by a planning authority or by any other person or body in accordance with this Part.
- (2) A State authority may, following compliance with sub-article (1), decide, as it considers appropriate, that the proposed development will be carried out, with or without variations or modifications, or will not be carried out.

Notice of decision with respect to proposed development.

91. (1) A State authority shall, as soon as may be after making its decision on a proposed development, send notice of the decision to the planning authority for the area in which the proposed development would be situated.
- (2) Subject to sub-article (3), where any person or body, other than the planning authority for the area in which the proposed development would be situated, has made submissions or observations to a State authority with respect to the proposed development in accordance with this Part, the State authority shall send notice of the decision to the person or body as soon as may be after the making of its decision.
- (3) Where a large number of submissions or observations referred to in sub-article (2) are made as part of an organised campaign, or it is not possible to readily ascertain the name and address of those persons who made the submissions or observations, a State authority may, instead of giving notice in accordance with sub-article (2), give notice to the public by some other means

which the State authority is satisfied can adequately draw the attention of the public to that notice.

(4) (a) A State authority may publish notice of its decision with respect to proposed development in an approved newspaper.

(b) A notice published pursuant to paragraph (a) shall be published within 7 days of the making of the decision of the State authority with respect to the proposed development.

PART 10

ENVIRONMENTAL IMPACT ASSESSMENT

CHAPTER 1

General

Interpretation for this Part.

92. In this Part—

“application for approval” means an application to the Board by a local authority for approval of proposed development to which section 175 of the Act applies;

“sub-threshold development” means development of a type set out in Part 2 of Schedule 5 which does not equal or exceed, as the case may be, a quantity, area or other limit specified in that Schedule in respect of the relevant class of development;

“development” includes any associated demolition works.

“nuclear safety Directive” means Council Directive 2009/71/Euratom of 25 June 2009⁵ establishing a Community framework for the nuclear safety of nuclear installations;

“Seveso III Directive” means Directive 2012/18/EU of the European Parliament and the Council of 4 July 2012⁶ on the control of major-accident hazards involving dangerous substances,

Procedure for scoping requests.

95. (1)

A request under **section 146CA or 173** of the Act or article 117 for a written opinion on the information to be contained in an **EIAR** shall state –

(a) the name and address, and telephone number and e-mail address if any, of the person making the request and of the person, if any, acting on behalf of the person making the request, or, in the case of development proposed by a local authority, the name and address, and telephone number and e-mail address, if any, of the authority,

(b) the location, townland or postal address of the land or structure to which the request relates (as may be appropriate), and shall include a location map marked so as to clearly identify,

(i) the land or structure to which the application relates and the boundaries thereof in red,

(ii) any land which adjoins, abuts or is adjacent to the land to be developed and which is under the control of the applicant or the person who owns the land which is the subject of the application in blue, and

(iii) any wayleaves in yellow,

(c) a description of—

(i) the nature of the proposed development,

(ii) the development's specific characteristics, including its location and technical capacity, and

(iii) the development's likely impact on the environment,

(d) if the proposed development comprises or is for the purposes of an activity requiring an integrated pollution control licence or a waste licence, an indication of that fact,

Outline application.

96. (1) In addition to the provisions of article 21, an outline application may not be made in respect of development which is of a class for the time being prescribed under article 93.
- (2) Where a planning authority receives an outline application, or the Board an appeal in respect of such an application, in relation to sub-threshold development which would, in its opinion, be likely to have significant effects on the environment, it shall as soon as may be after receipt of the application or appeal, as appropriate, by notice in writing—
- (a) inform the applicant that an outline application may not be made in respect of the development,
- (b) indicate that the authority or the Board, as appropriate, considers that the development would be likely to have significant effects on the environment, and that an application for permission to the authority, accompanied by an EIAR, would be required for such development.
- (3) Where a planning authority issues a notice under sub-article (2), the outline application shall be regarded as having been withdrawn and the planning authority shall—
- (a) return to the applicant—
- (i) the outline application, including all particulars, plans, drawings and maps, and
- (ii) any fee paid with the application,
- (b) enter relevant details on the register, and
- (c) by notice in writing, inform any person or body who made a submission or observation in accordance with articles 28 or 29 of that fact and return to such person or body any fee paid in respect of any such submission or observation.
- (4) Where the Board issues a notice under sub-article (2)—

Commented [i358]: Amended by article 98 of S.I. No. 296/2018 European Union (Planning and Development)(Environmental Impact Assessment) Regulations 2018

- (a) the outline application and the appeal in relation to that application shall be regarded as having been withdrawn and no permission shall be granted by the planning authority on foot of any decision by the authority under section 34 of the Act in respect of that application, and
- (b) it shall, by notice in writing, inform any party to the appeal and any other person or body who made a submission or observation under section 130 of the Act of that fact.

Copies of EIAR.

97. (1) Subject to sub-article (2), where an EIAR is required to be submitted to—
- (a) a planning authority in connection with a planning application, or
 - (b) the Board on appeal pursuant to a requirement under article 109,
- the applicant for planning permission shall submit 10 copies and one electronic copy of the EIAR.
- (2) The electronic copy of the EIAR submitted pursuant to sub-article (1) shall be searchable by electronic means as far as practicable.

EIAR exemption.

104. (1) A notice served under article 103 shall cease to have effect where an exemption is granted under section 172(3) of the Act in respect of development to which the planning application relates on the date of receipt by the planning authority of notice of the grant of the exemption.
- (2) Where a notice served under article 103 ceases to have effect in accordance with sub-article (1), the planning authority shall, as soon as may be, by notice in writing, inform the applicant of that fact and the date on which the notice ceased to have effect and, where other requirements have been applied in respect of the proposed development under section 172(3) of the Act, require the applicant to comply with such requirements.

Further notice where planning authority requires EIAR.

105. (1) Where an EIAR is required under article 103, the applicant shall, not more than 2 weeks before submitting the EIAR, publish notice of the intention to submit the EIAR in at least one approved newspaper.
- (2) A notice under sub-article (1) shall contain as a heading the name of the planning authority, and shall state—
- (a) the name of the applicant,
 - (b) the location, townland or postal address of the land or structure to which the application relates (as may be appropriate),
 - (c) the date of the planning application and its reference number in the register,
 - (d) the nature and extent of the development,
 - (e) that, following a requirement of the planning authority, an EIAR will be submitted to the planning authority in connection with the application,
 - (f) that the EIAR will be available for inspection or purchase, at a fee not exceeding the reasonable cost of making a copy, during office hours at the offices of the authority, and

(g) that, subject to the payment of any relevant fee, a submission or observation in relation to the EIAR may be made in writing to the planning authority within 5 weeks of the date of receipt by the authority of the EIAR.

(3) An EIAR submitted under article 103 shall be accompanied by a copy of the relevant page of the newspaper in which a notice under sub-article (1) was published.

(4) Where it appears to a planning authority that a notice published under sub-article (1)—

(a) does not comply with any of the requirements of sub-articles (1) or (2), or

(b) because of its content or for any other reason, is misleading or inadequate for the information of the public,

the authority shall require the applicant to give such further notice in such manner and in such terms as it may specify and to submit such evidence as it may specify in relation to compliance with such requirement.

(5) The planning authority shall as soon as may be acknowledge in writing the receipt of any submissions or observations referred to in sub-article (2)(g).

Weekly list of planning applications.

106. A list referred to in article 27 shall identify any planning application in respect of which—

(a) an EIAR has been received by the planning authority with a planning application,

(b) a notice has been served by the planning authority under article 103,

(c) a conclusion has been reached by the planning authority in respect of a planning application under article 103(1)(b),

(d) a screening determination has been made by the planning authority under article 103(1B), or

CHAPTER 3

Planning Appeals

Requirement to submit EJAR

109.

- (1) Where an appeal received by the Board relates to a planning application for a class of development specified in Schedule 5 which equals or exceeds, as the case may be, a quantity, area or other limit specified in that Schedule for that class of development, and an EJAR was not submitted to the planning authority in respect of the planning application, the Board shall require the applicant to submit an EJAR to the Board.
- (2) (a) Where an appeal relating to a planning application for subthreshold development is not accompanied by an EJAR, the Board shall carry a preliminary examination of, at the least, the nature, size or location of the development.
- (b) Where the Board concludes, based on such preliminary examination, that—
- (i) there is no real likelihood of significant effects on the environment arising from the proposed development, it shall conclude that an EIA is not required,
- (ii) there is significant and realistic doubt in regard to the likelihood of significant effects on the environment arising from the proposed development, it shall, by notice in writing served on the applicant, require the applicant

to submit to the Board the information specified in Schedule 7A for the purposes of a screening determination unless the applicant has already provided such information, or

(iii) there is a real likelihood of significant effects on the environment arising from the proposed development, it shall—

(I) conclude that the development would be likely to have such effects, and

(II) by notice in writing served on the applicant, require the applicant to submit to the Board an EIAR and to comply with the requirements of article 112.

(2A) (a) Where an applicant is submitting to the Board the information specified in Schedule 7A, the information shall be accompanied by any further relevant information on the characteristics of the proposed development and its likely significant effects on the environment, including, where relevant, information on how the available results of other relevant assessments of the effects on the environment carried out pursuant to European Union legislation other than the Environmental Impact Assessment Directive have been taken into account.

(b) Where the applicant is submitting to the Board the information specified in Schedule 7A, the information may be accompanied by a description of the features, if any, of the proposed development and the measures, if any, envisaged to avoid or prevent what might otherwise have been significant adverse effects on the environment of the development.

(2B) (a) Where a planning application for sub-threshold development is not accompanied by an EIAR but is accompanied by the information specified in Schedule 7A and sub-article (2A), or where an applicant submits to the Board such information pursuant to a requirement issued under sub-article (2)(b)(ii), the Board shall carry out an examination of, at the least, the nature, size

or location of the development for the purposes of a screening determination.

(b) The Board shall make a screening determination and—

(i) if such determination is that there is no real likelihood of significant effects on the environment arising from the proposed development, it shall determine that an EIA is not required, or

(ii) if such determination is that there is a real likelihood of significant effects on the environment arising from the proposed development, it shall—

(I) determine that the development would be likely to have such effects, and

(II) by notice in writing served on the applicant, require the applicant to submit to the Board an EIAR and to comply with the requirements of article 112.

(2C) (a) Subject to paragraph (b), any conclusion under sub-article (2)(b)(ii) or (iii) on a preliminary examination, or a screening determination under sub-article (2B)(b)(ii), shall be notified by the Board to the applicant within 8 weeks of receipt of the information specified in Schedule 7A.

(b) Subject to paragraph (c), the Board shall not be required to comply with paragraph (a) within the period specified in paragraph (a) where it appears to the Board that it would not be possible or appropriate, because of the exceptional circumstances of the proposed development (including in relation to the nature, complexity, location or size of such development) to do so.

(c) Where paragraph (b) applies, the Board shall, by notice in writing served on the applicant before the expiration of the period referred to in paragraph (a), inform him or her of the reasons why it would not be possible or appropriate to comply with paragraph (a) within that period and shall specify the date before which the Board

intends that the conclusion or screening determination concerned, as the case may be, shall be reached or made, as the case may be.

(4) (a) The Board shall, in making its screening determination under sub-article (2B) whether there is no real likelihood of significant effects on the environment arising from a proposed development or there is a real likelihood of significant effects on the environment arising from the proposed development, have regard to—

(i) the criteria set out in Schedule 7,

(ii) the information submitted pursuant to Schedule 7A,

(iii) the further information, if any, referred to in sub-article (2A)(a) and the description, if any, referred to in sub-article (2A)(b),

(iv) the available results, where relevant, of preliminary verifications or assessments of the effects on the environment carried out pursuant to European Union legislation other than the Environmental Impact Assessment Directive, and

(v) in respect of a development which would be located on, or in, or have the potential to impact on—

(I) a European site,

(II) an area the subject of a notice under section 16 (2)(b) of the Wildlife (Amendment) Act 2000 (No. 38 of 2000),

(III) an area designated as a natural heritage area under section 18 of the Wildlife (Amendment) Act 2000,

(IV) land established or recognised as a nature reserve within the meaning of section 15 or 16 of the Wildlife Act 1976 (No. 39 of 1976),

CHAPTER 4

Local Authority Development

Scoping request to Board.

117.

- (1) Before making an application for approval to the Board under section 175(3) of the Act, a local authority may, in accordance with article 95, request the Board to provide an opinion in writing on the scope and level of detail of the information to be contained in the EIAR.
- (2) Where an opinion referred to in sub-article (1) has been provided, the EIAR shall be based on that opinion, and include the information that may reasonably be required for reaching a reasoned conclusion on the significant effects on the environment of the proposed development, taking into account current knowledge and methods of assessment.

Application to Board for approval.

118.

When making an application for approval under section 175(3) of the Act, a local authority shall, subject to article 119, send to the Board—

- (a) 3 copies of the plans and particulars of the proposed development,
- (b) 3 copies of the EIAR and one electronic copy of the EIAR, searchable by electronic means as far as practicable, for the proposed development,

			(ba) a copy of the confirmation notice,	
			(c) a copy of the notice published under section 175(4)(a) of the Act, and	
			(d) a list of the bodies to which notice was sent under section 175(4)(b) of the Act, a copy of each notice and an indication of the date on which the notice was sent.	
EIAR exemption – other requirements.	119.	(1)	Where the Board has, in granting an exemption in respect of proposed development under section 175(8) of the Act, applied other requirements under that sub-section, the application for approval in respect of the proposed development shall comply with such requirements.	
		(2)	Where an application for approval to which the Board has applied other requirements in respect of proposed development under section 175(8) of the Act, does not comply with sub-article (1), the Board shall, by notice in writing, require the local authority to comply with such requirements.	
Sub-threshold EIAR.	120.	(1)	(a) Where a local authority proposes to carry out a subthreshold development, the authority shall carry out a preliminary examination of, at the least, the nature, size or location of the development.	
			(b) Where the local authority concludes, based on such preliminary examination, that—	
			(i) there is no real likelihood of significant effects on the environment arising from the proposed development, it shall conclude that an EIA is not required,	
			(ii) there is significant and realistic doubt in regard to the likelihood of significant effects on the environment arising from the proposed development, it shall prepare, or cause to be prepared, the information specified in Schedule 7A for the purposes of a screening determination, or

(c) where it appears to the authority that the development—

(i) would involve the carrying out of works to a protected structure or proposed protected structure, or to the exterior of a structure which is located within an architectural conservation area,

(ii) might detract from the appearance of a structure referred to in sub-paragraph (i),

(iii) might affect or be unduly close to—

(I) a cave, site, feature or other object of archaeological, geological, scientific, ecological or historical interest,

(II) a monument or place recorded under section 12 of the National Monuments (Amendment) Act 1994 (No. 17 of 1994),

(III) a historic monument or archaeological area entered in the Register of Historic Monuments under section 5 of the National Monuments (Amendment) Act 1987 (No. 17 of 1987),

(IV) a national monument in the ownership or guardianship of the Minister under the National Monuments Acts 1930 to 2004, or

(iv) might obstruct any scheme for improvement of the surroundings of, or any means of access to, any structure, place,

feature or object referred to in sub-paragraph (iii),

(d) where it appears to the authority that the area of another local authority might be affected by the development — to that local authority,

(e) where it appears to the authority that the development would not be consistent with or would materially contravene any regional planning guidelines (or any objective thereof) of a regional authority — to that regional authority,

(f) where it appears to the authority that if permission were granted, a condition should be attached under section 34 (4)(m) of the Act — to any local authority (other than the planning authority) who would be affected by any such condition,

(g) where it appears to the authority that—

(i) the development might cause the significant abstraction or addition of water either to or from surface or ground waters, whether naturally occurring or artificial,

(ii) the development might give rise to significant discharges of polluting matters or other materials to such waters or be likely to cause serious water pollution or the danger of such pollution, or

(iii) the development would involve the carrying out of works in, over, along or adjacent to the banks of such waters, or to any structure in, over or along the banks of such waters, which might materially affect the waters,

— to the appropriate Regional Fisheries Board and, in any case where the waters concerned are

listed in Part 1 of Annex 1 of the Schedule to the British-Irish Agreement Act, 1999 (No. 1 of 1999), to Waterways Ireland,

(h) where it appears to the authority that the development might endanger or interfere with the safety of, or the safe and efficient navigation of aircraft — to the Irish Aviation Authority,

(i) where it appears to the authority that the development might interfere with the operation and development of a licensed airport, whose annual traffic is not less than 1 million passenger movements — to the airport operator,

(j) where the development may have an impact on bus or rail-based transport, to Córas Iompair Éireann and the Railway Procurement Agency, as appropriate,

(k) where it appears to the authority that—

(i) the development consists of or comprises the formation, laying out or material widening of an access to a national road within the meaning of section 2 of the Roads Act 1993 (No. 14 of 1993), not being a national road within a built-up area within the meaning of section 45 of the Road Traffic Act 1961, or

(ii) the development might give rise to a significant increase in the volume of traffic using a national road,

— to the National Roads Authority,

(l) where the development might significantly impact on surface transport in the Greater Dublin Area, the Dublin Transportation Office (or any body that replaces that office),

(m) where the development comprises or is for the purposes of an activity requiring an integrated pollution control licence or a waste licence — to the Environmental Protection Agency,

(n) where it appears to the authority that the development might have significant effects in

relation to nature conservation — to the Heritage Council, the Minister and An Taisce — the National Trust for Ireland,

(o) where the development is in a Gaeltacht area and it appears to the authority that it might materially affect the linguistic and cultural heritage of the Gaeltacht, including the promotion of Irish as the community language — to the Minister for Community, Rural and Gaeltacht Affairs and Údarás na Gaeltachta.

(p) where the development is in the vicinity of an explosives factory, storage magazine or local authority explosives store — to the Minister for Justice, Equality and Law Reform,

(q) where it appears to the authority that the development might have significant effects on public health — to the Health Service Executive,

(r) where the application relates to extraction of minerals within the meaning of the Minerals Development Acts, 1940 to 1995 — to the Minister for Communications, Marine and Natural Resources,

(s) where it appears to the authority that the development might impact on the foreshore — to the Minister for Communications, Marine and Natural Resources,

(t) where the development might—

(i) give rise to a significant increase in the volume or type of traffic (including construction traffic) passing under a height restricted railway bridge, or using a railway level crossing, or a bridge over a railway,

(ii) because of its proximity to a railway, impact on the structural integrity of railway infrastructure during construction of the development, or

(iii) endanger or interfere with the safe operation of a railway, during or after construction,

— to the railway operator, the Railway Safety Commission, and, in the case of development which might impact on a light railway or metro, the Railway Procurement Agency,

(u) where the application relates to—

(i) the extraction of minerals, other than minerals within the meaning of the Minerals Development Acts 1940-1999, whether by surface or underground means,

(ii) the development of, or extensions to, quarries, including sand or gravel pits, for the extraction of earth materials, or

(iii) a development which, for other purposes, requires the excavation of earth materials greater than a total volume of 50,000m³ or the excavation of earth materials on a site area greater than 1 hectare,

- to the Minister for Communications, Marine and Natural Resources.

(v) where it appears to the authority that the development might impact on the provision of public water services — to Irish Water.

(2) A reference in sub-article (1) to **Fáilte Ireland** shall, in the case of proposed development which would be situated in the functional area of the Shannon Free Airport Development Company Limited, be construed as a reference to that Company.

(b) The State authority shall make a screening determination and—

(i) if such determination is that there is no real likelihood of significant effects on the environment arising from the proposed development, it shall determine that an EIA is not required, or

(ii) if such determination is that there is a real likelihood of significant effects on the environment arising from the proposed development, it shall—

(I) determine that the development would be likely to have such effects, and

(II) prepare, or cause to be prepared, an EIAR in respect of the development.

(3)

(b) Where any person considers that a development proposed to be carried out by a State authority under section 181 of the Act would be likely to have significant effects on the environment, he or she may, at any time before the expiration of 4 weeks beginning on the date of the publication of the notice referred to in article 87(3), apply to the Board for a screening determination as to whether the development would be likely to have such effects.

(c) An application for a screening determination under paragraph (b) shall, in order to be considered by the Board, state the reasons for the forming of the view that the development would be likely to have significant effects on the environment and shall indicate the class in Schedule 5 within which the development is considered to fall.

(ca) The Board shall, by notice in writing served on the State authority, require the State authority to submit to the Board the information specified in Schedule 7A for the purposes of a screening determination.

(cb)

(i) Where a State authority is submitting to the Board the information specified in Schedule 7A, the information shall be accompanied by any further relevant information on the characteristics of the proposed development and its likely significant effects on the environment, including, where relevant, information on how the available results of other relevant assessments of the effects on the environment carried out pursuant to European Union legislation other than the Environmental Impact Assessment Directive have been taken into account.

Transboundary Environmental Effects

Transboundary environmental effects - notification of Minister.

124. (1) (a) A planning authority, as soon as may be after receipt of a planning application to which this Part applies, shall notify the Minister of such planning application, where, in its opinion, the proposed development to which the application relates would be likely to have significant effects on the environment in a transboundary State.

(b) The Board, as soon as may be after receipt of an appeal or an application for approval to which this Part applies or an application for strategic

infrastructure development, shall notify the Minister of such planning application, appeal, application for approval or application for strategic infrastructure development where —

(i) in its opinion, the proposed development to which the application, appeal, application for approval or application for a strategic infrastructure development relates would be likely to have significant effects on the environment in a transboundary State, or

(ii) in the case of an application for strategic infrastructure or a request for an alteration referred to in section 146C of the Act, the applicant or requester as appropriate has notified a transboundary State of the proposed development or alteration.

(c) A notification to the Minister under paragraph (a) shall state —

- (i) (I) in the case of a planning application, the name and address of the applicant,
- (II) in the case of an appeal, the name and address of the applicant to which the appeal relates and the nature of the appeal,
- (III) in the case of an application for approval, the name of the local authority,
- (IV) in the case of an application for strategic infrastructure development, the name and address of the applicant,
- (ii) the location, townland or postal address of the land to which the application, appeal, application for approval or application for strategic infrastructure relates (as may be appropriate),
- (iii) the nature and extent of the proposed development,

(iv) the date of receipt of the application, appeal, application for approval or application for strategic infrastructure development, and

(v) if the proposed development comprises or is for the purposes of an activity requiring an integrated pollution control licence or a waste licence, an indication of that fact.

(2) A notice under sub-article (1) shall be accompanied by a copy of any relevant EIA.

(3) Where the Minister is notified in accordance with sub-article (1), he or she shall consult with the relevant planning authority or the Board as appropriate in relation to the proposed development.

Transboundary environmental effects – information to Minister.

125.

Minister may, in the case of a planning application, appeal or application for approval which this Part applies or an application for strategic infrastructure development, and—

(a) which, in his or her opinion, involves development which would be likely to have significant effects on the environment in a transboundary State, or

(b) where a transboundary State considers that the development would be likely to have such effects and has requested that it be provided with information on the proposed development,

require the planning authority or the Board, as appropriate, to furnish to him or her such details, information or documents as he or she may specify in relation to such application, appeal, application for approval or application for strategic infrastructure development, as appropriate.

Transboundary consultation.

126.

(1) The relevant planning authority or the Board as appropriate shall provide information on a proposed development referred to in articles 124 or 125 to the transboundary State concerned, (except where in the case of an application for strategic infrastructure or a request for an

alteration referred to in section 146C, the applicant or requester as appropriate has notified a transboundary State of the proposed development or alteration) and shall enter into consultations with that State in relation to the potential transboundary effects of the proposed development:

(a) at the same time as notifying the Minister under article 124(1), or

(b) upon request for such information by the transboundary State under article 125.

(c) an indication that the planning authority or the Board, as the case may be, is the competent authority responsible for taking the decision,

(d) an indication of the types of decision the planning authority or the Board, as the case may be, may make in relation to the application, appeal, application for approval or application for strategic infrastructure,

(e) an indication that a decision will not be taken on the proposed development until the views, if any, of the transboundary State have been received or the consultations are otherwise completed, and

(f) an indication that where the transboundary State indicates that it wishes to take part in the decision-making procedures in relation to the proposed development, a copy of the EIA will be sent to it.

(3) Where the transboundary State concerned indicates that it wishes to take part in the decision-making procedures in relation to the proposed development, the planning authority or the Board as appropriate shall forward the EIA and any other relevant information to the transboundary State.

(4) Where a planning authority or the Board has provided information and entered into consultations with the State concerned, the

of that fact.

Notification of Board by planning authority.	127.		Where notice of, or details, information or documents in relation to, a planning application has or have been given to the Minister by a planning authority under article 124 or 125, the authority shall, when complying with the requirements of section 128 of the Act, notify the Board of that fact.
Request for further information.	128.	(1)	In the case of a planning application to which this Chapter applies, a planning authority may, having regard to the views of a transboundary State, and notwithstanding article 33(2), require an applicant to submit further information in respect of the application.
		(2)	Where a planning authority considers that further information submitted under sub-article (1) contains significant additional data on the effects on the environment of the proposed development, it shall as soon as may be following receipt of the further information— (a) send notice of, and a copy of, the further information received by the authority to- (i) any person or body specified in article 28, indicating that a submission or observation on the further information may be made in writing to the planning authority within 4 weeks of the date of the notice, (ii) the Minister, and

(iii) any relevant transboundary State,

(b) notify any person who made a submission or observation in relation to the planning application in accordance with article 29(1) indicating —

(i) that the further information is available for inspection or purchase at a fee not exceeding the reasonable cost of making a copy during office hours at the offices of the authority, and that a submission or observation on the further information may be made in writing to the planning authority within 4 weeks of the date of the notice, and

(ii) that no further fee shall be payable on condition that any submission or observation referred to in sub-paragraph (i) is accompanied by a copy of the acknowledgement by the authority of receipt of a submission or observation referred to in article 29(2),

(c) require the applicant to publish in an approved newspaper a notice, containing as a heading the name of the planning authority and marked “Environmental Impact Assessment Report - Further Information”, stating —

(i) the name of the applicant,

(ii) the location, townland or postal address of the land or structure to which the application relates (as may be appropriate),

(iii) the reference number of the application on the register,

(iv) that significant further information in relation to the application has been furnished to the planning authority,

(v) that the further information is available for inspection or purchase, at a fee not exceeding the reasonable cost of making a copy, during office hours at the offices of the authority, and that a submission or observation in relation to the further information may be made in writing to the planning authority within a

specified period on payment of the prescribed fee.

- (3) Where a planning authority considers that the notice published in accordance with sub-article (2)(c) does not adequately inform the public, the authority may require the applicant to give such further notice in such a manner and in such terms as the authority may specify.
- (4) Where a requirement under sub-article (1) is not complied with, the planning application shall be declared to be withdrawn after the period of 6 months from the date of the requirement for further information has elapsed.
- (5) In the case of an appeal to which this Chapter applies, the Board may, having regard to the views of a transboundary State, issue a notice under section 132 of the Act requiring the applicant for planning permission to submit further information to the Board.
- (6) In the case of an application for approval to which this Chapter applies, the Board may, having regard to the views of a transboundary State, in accordance with section 175(5) of the Act, require the local authority to furnish further information to the Board.
- (7) In the case of an application for strategic infrastructure development, the Board may, having regard to the views of a transboundary State, in accordance with section 37F(1)(a), 181A(4)(a), 182A(5)(a) or 182C(5)(a) of the Act, as may be appropriate, require the applicant to furnish further information to the Board.

Notice of further information to Minister and transboundary State.

129. (1) Where a planning authority considers that further information or evidence submitted in response to a request under article 33, in respect of a planning application to which this Chapter applies, contains significant additional data on the effects on the environment of the proposed development, it shall, in addition to the requirements of that article, send a copy of the relevant information or evidence to the Minister and any relevant transboundary State.

		(2)	Where the Board considers that any submission, observation, document, particulars or other information submitted to it in response to a request or requirement of the Board, in respect of an appeal or application for approval to which this Chapter applies, or an application for strategic infrastructure development, contains significant additional data on the effects on the environment of the proposed development, it shall send a copy of the relevant data to the Minister and any relevant transboundary State.
Minimum period for determining planning application, appeal or application for approval.	130.		<p>A planning authority shall, notwithstanding section 34(8) of the Act, not decide to grant or refuse permission in respect of a planning application to which this Chapter applies, or the Board shall not determine an appeal, an application for approval to which this Chapter applies or an application for strategic infrastructure development, until after</p> <p>(a) the views, if any, of any relevant transboundary State have been received in response to consultations under article 126(1), or</p> <p>(b) the consultations are otherwise completed.</p>
Inclusion of notice of transboundary effects in weekly list	130A.		The lists referred to in article 27 and article 72(1) shall indicate that the proposed development may have transboundary environmental effects, where that is the case.
Notice of decision.	131.		<p>A notice under articles 31, 74, 123, 217 and 220, or under section 10(2) of the Act of 2016, shall, in the case of an application, appeal or application for approval or an application for strategic infrastructure development to which this Chapter applies, be sent to –</p> <p>(a) the Minister, and</p> <p>(b) any relevant transboundary State.</p>

pursuant to request under section 174(4) of Act.

- (2) Where, in response to a request under section 174(4) of the Act, the Minister receives information from a transboundary State in relation to development in such State, or where the Minister otherwise receives information from a transboundary State in respect of any development which is subject to the Council Directive or Transboundary Convention and which is likely to have significant effects on the environment, he or she shall, as soon as may be following receipt of such information, agree with the transboundary State a reasonable consultation period (which shall not be less than 30 days), which consultation period must conclude before development consent is given. Members of the public in this State may make submissions or observations in writing to the relevant competent authority in the transboundary State concerned during the consultation period.
- (3) Where a planning authority receives information directly from a transboundary State in respect of any development which is subject to the Council Directive or Transboundary Convention and which is likely to have significant effects on the environment it shall as soon as may be following receipt of information, notify the Minister.
- (4) As soon as may be following the Minister receiving information from a transboundary State, the Minister shall:
 - (a) nominate one or more planning authorities to carry out the steps in sub article (5) and send a copy of the information referred to in sub-article (2) to any such nominated planning authority,
 - and
 - (b) provide the nominated planning authority or authorities with a list of all other planning authorities likely to be affected by the proposed development.
- (5) Where a nominated planning authority receives information under sub-article (4)(a) or has

received information in accordance with sub article (3) it shall as soon as may be following receipt of information:

(a) publish a notice –

(i) in one or more national newspapers or in one or more approved newspapers as appropriate, except where directed by the Minister, and

(ii) on the planning authority's website,

(b) give notice of having received the information in accordance with sub-article 2, and include the notice published in accordance with sub-article (5)(a)(i), to –

(i) the bodies referred to in article 28, as appropriate, and

(ii) notwithstanding article 28(1)(d), all planning authorities listed in accordance with article (4)(b),

(c) publish on its website –

(i) the URL, if known, to the application for development consent on the website of the relevant competent authority in the transboundary State concerned where relevant information can be found,

(ii) the information received from the transboundary State, and

(iii) the notice published in accordance with sub-article (5)(a).

(6) A notice referred to in sub-article (5) shall state:

(a) that information has been received in relation to the proposed development in such transboundary State,

(b) the URL, if known, to the application for development consent on the website of the relevant competent authority in the

transboundary State concerned, or the URL to the nominated planning authority's website where information received from the transboundary State is available for inspection,

(c) the nature of the information received,

(d) that the proposed development is subject to an environmental impact assessment procedure and has potential transboundary effects,

(e) the nature of possible decision, or where there is one, the draft decision,

(f) that the information is available for inspection, or purchase at a fee not exceeding the reasonable cost of making a copy, during office hours at the offices of the planning authority, and

(g) that a submission or observation on the information received may be made in writing to the relevant competent authority in the Transboundary State concerned within the period determined by the Minister in accordance with sub-article (2).

- (7) The nominated planning authority shall, as soon as possible after publication of the notice under sub-article (5), send a copy of that notice to the Minister.
- (8) The Minister shall make a notice received under sub-article (7) available on the website of his/her Department as soon as practicable after receipt of such notice.
- (9) A planning authority shall make a notice received under sub-article (5)(b)(ii) available on its website as soon as practicable after receipt of such notice.
- (10) Where the Minister receives information from a transboundary State in relation to a decision to grant or refuse a development to which this Part applies, the Minister shall, as soon as may be following receipt of such information, send such information to the nominated planning authority,

and place such information on the website of his/her Department.

- (11) The nominated planning authority shall, as soon as may be after receipt of the information referred to in sub-article (10), or where received directly from a transboundary State,

(a) publish a notice –

(i) in one or more national newspapers or in one or more approved newspaper as appropriate, except where directed by the Minister, and

(ii) on the authority's website,

(b) give notice of having received the information to all planning authorities listed in accordance with sub-article (4)(b) , and where received directly from a transboundary State give notice to the Minister

and

(c) publish on its website –

(i) the URL, if known, to the application for development consent on the website of the relevant competent authority in the transboundary State concerned, and

(ii) place on its website for inspection the information received by the nominated planning authority from the transboundary State.

- (12) A notice referred to in sub-article (11) shall state:

(a) that it has received information on a decision taken by a transboundary State,

(b) the nature of the decision,

(c) that the information is available for inspection or purchase at a fee not exceeding the reasonable cost of making a copy during office hours at the offices of the nominated planning authority, and

(d) the URL, if known, to where the information may be inspected on the website of the relevant competent authority in the transboundary State concerned, or the URL to the nominated planning authority's website where information received from the transboundary State is available for inspection pursuant to sub-article (11).

(13) A planning authority shall make a notice received under sub-article (11) available on the planning authority's website as soon as practicable after receipt of such notice.

specified information

(i) a request has been made by a relevant person other than the person who owns or occupies the land upon which the relevant development has taken place or may take place, or

(ii) such a request has become the subject of a referral, and

(b) a notice has been sent to that relevant person pursuant to article 132C(2)(b).

- (2) The request or referral, as the case may be, shall be deemed to be withdrawn where the information specified in Schedule 7A is not provided to the planning authority or the Board, as appropriate, within 4 weeks of the date of issue of the notice referred to in sub-article (1)(b).

Notification to landowner or occupier where there is requirement for screening determination

- 132E. (1) Where a request to which a requirement under article 132C(2)(b) applies has been made by a relevant person other than the person who owns or occupies the land upon which the relevant development has taken place or may take place, the planning authority shall send a copy of the request, as soon as may be, to such owner or occupier, as the case may be.

- (2) (a) The copy of the request sent to the owner or occupier pursuant to sub-article (1) shall be accompanied by a notice specifying the period, which shall be not less than 3 weeks, during which the owner or occupier may make submissions or observations—

(i) on the request, or

(ii) in the event that the request becomes the subject of a referral, on the referral.

(b) Such notice shall state that the owner or occupier may provide a description of the features, if any, of the relevant development and the measures, if any, incorporated or envisaged to avoid, prevent or reduce what might otherwise be

or have been significant adverse effects on the environment of the relevant development.

- (3) (a) Paragraph (b) applies where—
- (i) a referral to which a requirement under article 132C(2)(b) applies has been made by a relevant person other than the person who owns or occupies the land upon which the relevant development has taken place or may take place, and
 - (ii) the planning authority has not sent a copy of the request to such owner or occupier.
- (b) The Board shall send a copy of the request as soon as may be to such owner or occupier, as the case may be.
- (4) (a) The copy of the request sent to the owner or occupier pursuant to sub-article (3) shall be accompanied by a notice specifying the period, which shall be not less than 3 weeks, during which the owner or occupier, as the case may be, may make submissions or observations on the referral.
- (b) Such notice shall state that the owner or occupier may provide a description of the features, if any, of the relevant development and the measures, if any, incorporated or envisaged to avoid, prevent or reduce what might otherwise be or have been significant adverse effects on the environment of the relevant development.

Information requirement for deciding if certain requests or referrals require environmental impact assessment

- 132F** (1) Where the relevant person is submitting to the planning authority or the Board, as appropriate, the information specified in Schedule 7A, the information shall be accompanied by any further relevant information on the characteristics of the relevant development and its likely significant effects on the environment, including, where relevant, information on how the available results of other relevant assessments of the effects on the environment carried out pursuant to European Union legislation other than the Environmental Impact Assessment Directive have been taken into account.

Screening determination of whether request or referral with certain accompanying information relates to development requiring environmental impact assessment

(2) Where the relevant person is submitting the information specified in Schedule 7A, the information may be accompanied by a description of the features, if any, of the relevant development and the measures, if any, incorporated or envisaged to avoid, prevent or reduce what might otherwise be or have been significant adverse effects on the environment of the relevant development.

132G (1) Where the request or referral, as the case may be, is accompanied by the information specified in Schedule 7A and article 132F, or where information pursuant to a requirement issued under article 132C(2)(b) or a notification under article 132E(2) or (4) is provided, the planning authority or the Board, as appropriate, shall carry out an examination of, at the least, the nature, size or location of the relevant development for the purposes of a screening determination.

(2) The planning authority or the Board, as appropriate, shall make a screening determination and—

(a) if such determination is that there is no real likelihood of significant effects on the environment arising from the relevant development, it shall determine that an EIA is not required, or

(b) if such determination is that there is a real likelihood of significant effects on the environment arising from the relevant development, it shall—

(i) determine that such development would be likely to have such effects, and

(ii) by notice in writing served on the relevant person declare, in the case of the planning authority, or decide, in the case of the Board, that an EIA is or was required.

Extension of time for making screening determination on request or referral

- 132H** (1) Subject to sub-article (2), any screening determination made by the planning authority or the Board, as appropriate, shall be notified to—
- (a) the relevant person,
 - (b) the owner of the land, where he or she is not the relevant person,
 - (c) the occupier of the land, where he or she is not the relevant person or the owner of the land,
 - (d) any person or body consulted by the Board, and
 - (e) any person who has been consulted by the planning authority about the request,
- within 8 weeks of receipt by the planning authority or the Board, as appropriate, of the information specified in Schedule 7A.
- (2) Subject to sub-article (3), the planning authority or the Board, as appropriate, shall not be required to comply with sub-article (1) within the period specified in sub-article (1) where it appears to it that it would not be possible or appropriate, because of the exceptional circumstances of the relevant development (including in relation to the nature, complexity, location or size of such development) to do so.
- (3) Where sub-article (2) applies, the planning authority or the Board, as appropriate, shall, by notice in writing served on the persons listed at sub-article (1)(a) to (e) before the expiration of the period referred to in sub-article (1), inform those persons of the reasons why it would not be possible or appropriate to comply with sub-article (1) within that period and shall specify the date before which it intends that the screening determination concerned shall be made.

environment arising from the relevant development or there is a real likelihood of significant effects on the environment arising from the relevant development, have regard to—

- (a) the criteria set out in Schedule 7,
- (b) the information submitted pursuant to Schedule 7A,
- (c) the further relevant information, if any, referred to in article 132F(1) and the description, if any, referred to in article 132F(2),
- (d) the available results, where relevant, of preliminary verifications or assessments of the effects on the environment carried out pursuant to European Union legislation other than the Environmental Impact Assessment Directive, and
- (e) in respect of relevant development which is or would be located on, or in, or have the potential to impact on—
 - (i) a European site,
 - (ii) an area the subject of a notice under section 16 (2)(b) of the Wildlife (Amendment) Act 2000 (No. 38 of 2000),
 - (iii) an area designated as a natural heritage area under section 18 of the Wildlife (Amendment) Act 2000,
 - (iv) land established or recognised as a nature reserve within the meaning of section 15 or 16 of the Wildlife Act 1976 (No. 39 of 1976),
 - (v) land designated as a refuge for flora or as a refuge for fauna under section 17 of the Wildlife Act 1976,
 - (vi) a place, site or feature of ecological interest, the preservation, conservation or protection of which is an objective of a development plan or local area plan, draft development plan or draft local area plan, or proposed variation of a development plan, for

the area in which the development is proposed,
or

(vii) a place or site which has been included by the Minister for Culture, Heritage and the Gaeltacht in a list of proposed Natural Heritage Areas published on the National Parks and Wildlife Service website,

(2) The planning authority or the Board, as appropriate, shall include, or refer to, in its screening determination made on a request or referral, the main reasons and considerations, with reference to the relevant criteria listed in Schedule 7, on which the determination is based.

Features or measures incorporated or envisaged to avoid or prevent what might otherwise have been significant adverse effects on the environment

132J (1) Sub-article (2) applies where the screening determination made on a request or referral, as the case may be, is that the relevant development would not be likely to have, or does not have, as the case may be, significant effects on the environment and the owner or occupier of the land in question has provided, under article 132E, a description of the features, if any, of such development and the measures, if any, incorporated or envisaged to avoid or prevent what might otherwise have been significant adverse effects on the environment of the relevant development.

(2) The planning authority or the Board, as appropriate, shall specify such features, if any, and such measures, if any, in its screening determination made on a request or referral.

Publication of declaration by planning authority

132K (1) Where a planning authority has made a screening determination under article 132G, it shall publish the declaration pursuant to section 5(1) of the Act on its website, or in a newspaper circulating in the area where the relevant development is or would be situated, or both on that website and in such newspaper, together with a notice—

(a) stating that the declaration issued under section 5 of the Act may be referred to the Board for review by—

Board's weekly list.

154. In addition to the requirements of article 72(4), where a referral under section 5 of the Act relates to the provision of, or modifications to, an establishment, the list shall indicate that fact.

Public notice of referral.

155. Where a notice is required under section 142(4) of the Act in respect of a referral under section 5 of the Act which relates to the provision of, or modifications to, an establishment, and which, in the opinion of the Board, could have significant repercussions on major accident hazards, the notice shall indicate that fact.

PART 12

FEEES

Fee for planning application.	156.		Subject to the provisions of this Part, a fee shall be paid to a planning authority by an applicant when making a planning application.
Exemptions.	157.	(1)	<p>Where a planning application consists of or comprises development which, in the opinion of the planning authority, is development proposed to be carried out by or on behalf of a voluntary organisation, and which in the opinion of the planning authority—</p> <p>(a) is designed or intended to be used for social, recreational, educational or religious purposes by the inhabitants of a locality, or by people of a particular group or religious denomination, and is not to be used mainly for profit or gain,</p> <p>(b) is designed or intended to be used as a workshop, training facility, hostel or other accommodation for persons with disabilities and is not to be used mainly for profit or gain, or</p> <p>(c) is ancillary to development referred to in paragraph (a) or (b),</p> <p>a fee shall not be payable when making any such application.</p>
		(2)	<p>Where a planning application consists of or comprises the provision of houses, or development ancillary to such provision, which is proposed to be carried out by or on behalf of a body approved for the purposes of section 6 of the Housing (Miscellaneous Provisions) Act, 1992 (No. 18 of 1992) and is not to be used mainly for profit or gain, a fee shall not be payable in respect of any such development.</p>
Standard Fee.	158.		The amount of the fee payable in respect of a planning application shall, subject to articles 159, 160 and 161 and Section 3 of Schedule 9, be the amount indicated in column 2 of Section 2 of the said Schedule, opposite the mention of the relevant class of development in column 1 of Section 2 of the said Schedule.
Fee for planning	159.		Subject to Section 3 of Schedule 9, the amount of the fee payable in respect of an application for

applications relating to retention of unauthorised development.

permission for the retention of unauthorised development shall be the amount indicated in column 3 of Section 2 of the said Schedule, opposite the mention of the relevant class of development in column 1 of Section 2 of the said Schedule.

Application for outline permission fee.

160.

Subject to Section 3 of Schedule 9, the amount of the fee payable in respect of an application for outline permission shall be three quarters of the amount indicated in column 2 of Section 2 of the said Schedule, opposite the mention of the relevant class of development in column 1 of Section 2 of the said Schedule.

Reduced fee

161.

(1)

Subject to sub-article (3) and Section 3 of Schedule 9, the amount of the fee payable in respect of an application mentioned in sub-article (2) shall be one quarter of the amount indicated in column 2 of Section 2 of the said Schedule, opposite the mention of the relevant class of development in column 1 of Section 2 of the said Schedule.

(2)

The applications referred to in sub-article (1) are—

(a) an application for permission consequent on the grant of outline permission,

(b) an application which relates to development which differs from development authorised by a previous permission by reason only of—

(i) a change in the type of house proposed to be constructed, erected or made, or

(ii) the modification of the design or of the external appearance of a building or other structure proposed to be constructed, erected or made, or

(c) an application for permission for development which relates to development authorised by a permission to which section 96(15) of the Act applies.

- Refund of fee in case of certain repeat applications.
- 162.
- (3) This article shall have effect only where a fee under this Part or under the 1994 Regulations, as amended by the 1998 Regulations or the 2001 Regulations, has been paid in relation to the relevant previous permission.
- (1) Where a planning application (not being an application for permission consequent on the grant of outline permission or an application for retention of unauthorised development) is either—
- (a) withdrawn before a decision to grant or to refuse the relevant permission is made by the planning authority, or
- (b) determined by the planning authority or by the Board,
- and a subsequent such application is made by or on behalf of the same applicant, the planning authority shall, subject to sub-article (3) and article 163 and to paragraph 5 of Section 3 of Schedule 9, refund three quarters of the fee paid to it in respect of the subsequent application if, and only if, each of the conditions mentioned in sub-article (2) is complied with.
- (2) The conditions referred to in sub-article (1) are—
- (a) the planning authority is satisfied that the subsequent application relates to development of the same character or description as the development to which the earlier application related,
- (b) a fee under this Part (or under the 1994 Regulations as amended by the 1998 Regulations or the 2001 Regulations) in respect of the class or classes of development to which the subsequent application relates has been paid in respect of the earlier application,
- (c) the period between the withdrawal or determination of the first application and the making of the subsequent application does not exceed one year,

(d) the authority is satisfied that the subsequent application relates to land substantially consisting of the site or part of the site to which the earlier application related,

(e) no previous refund under sub-article (1) or under article 94 of the 1994 Regulations has at any time been made to the same applicant in respect of an application which related substantially to the same land and to development of the same character or description as that to which the subsequent application relates, and

(f) the case is not a case where a reduced fee has been paid under article 161 or under article 93 of the 1994 Regulations.

(3) A claim for a refund under this article shall be made in writing to the planning authority and received by it within 8 weeks of the date of the decision of the planning authority in respect of the subsequent application.

Discretionary power to refund fee in certain limited circumstances.

163.

(1) Notwithstanding any other provision of this Part, but subject to paragraph 5 of Section 3 of Schedule 9, a planning authority shall have an absolute discretion to refund a part of the fee payable in respect of a particular planning application where it is satisfied that the payment in full of the fee would not be just and reasonable having regard to any of the following—

(a) the limited extent of the development,

(b) the limited cost of the development,

(c) the fee payable in respect of an application for any other development of a similar character, extent or description.

(2) A decision under sub-article (1) shall contain a statement specifying the reasons for the decision.

Applications involving mixed development.

164.

(1) Subject to sub-article (2), where a planning application relates to development which is within more than one of the classes mentioned in column 1 of Section 2 of Schedule 9—

(a) an amount shall be calculated in accordance with this Part in respect of the development which is within each such class, and

(b) the sum of the amounts so calculated shall, subject to Section 3 of the said Schedule, be taken as the amount of the fee payable in respect of the development to which the application relates.

(2) Sub-article (1) shall not have effect in relation to development comprising the provision of roads, car parks, services, open spaces or any structures or other works which are included in the planning application and are incidental to development of the class or classes to which the application primarily relates.

(3) Where a planning application referred to in sub-article (1) relates to a building which is to contain floor space which it is proposed to use (or which is designed for use or is capable of use) for the purposes of providing common access or common services or facilities for persons occupying or using the building, the amount of such common floor space appropriate to each class of development mentioned in column 1 of Section 2 of Schedule 9 shall be taken, for the purposes of the calculation referred to in sub-article (1)(a), to be such proportion of the common floor space as the amount of floor space coming directly within the class bears to the total amount of gross floor space in the building.

Applications involving multi-purpose development. 165.

Where a planning application relates to development which is designed for, or capable of, or intended for, use for one of several purposes, the amount of the fee payable in respect of each of the relevant classes of development mentioned in column 1 of Section 2 of Schedule 9 shall be calculated and the fee payable shall, subject to Section 2 of the said Schedule, be the highest of those amounts.

Applications involving alternate plans. 166.

Where a planning application includes proposals for materially different layouts or designs relating to the proposed development, the fee payable in respect of the application shall be calculated as if

each proposal constituted a separate planning application.

Fees for planning application accompanied by opinion on unconfirmed details.

- 166A. (1) Subject to article 164 and sub-articles (2) and (3), where a planning application is accompanied by an opinion issued under section 32I of the Act, the fee payable in respect of the application shall, subject to section 3 of Schedule 9, be calculated as twice the amount indicated in column 2 of Section 2 of Schedule 9, opposite the mention of the relevant class of development in column 1 of Section 2 of Schedule 9 to which the opinion relates.
- (2) Subject to article 164, where a planning application is accompanied by an opinion issued under section 32I of the Act and either an EIAR, NIS or both, the fee payable in respect of the application shall, subject to section 3 of Schedule 9, be calculated as three times the amount indicated in column 2 of Section 2 of Schedule 9, opposite the mention of the relevant class of development in column 1 of Section 2 of Schedule 9 to which the opinion relates.
- (3) Subject to article 164, where, in respect of a planning application accompanied by an opinion issued under section 32I of the Act, either an EIAR, NIS or both, is submitted further to a request by the planning authority, the fee payable in respect of the submission of the EIAR, NIS or both, shall be calculated as three times the amount indicated in column 2 of Section 2 of Schedule 9, opposite the mention of the relevant class of development in column 1 of Section 2 of Schedule 9 to which the opinion relates, less any fee already paid in respect of the application.

Commented [i563]: Article 166A is inserted by article 3 of S.I. No. 654/2023 Planning and Development (Fees for Certain Applications) Regulations 2023

Calculation of site area and gross floor space.

167. (1) Where, in respect of any class of development mentioned in column 1 of Section 2 of Schedule 9, the amount of the fee is to be calculated by reference to the site area, that area shall be taken as consisting of the area of land to which the application relates.
- (2) Where, in respect of any class of development mentioned in column 1 of Section 2 of Schedule 9, the amount of the fee is to be calculated by

reference to the site area or the area of gross floor space to be provided and the relevant area is less than the unit of measurement specified in respect of the relevant class of development or is not an exact multiple of that unit, the fraction of a unit remaining after division of the total area by the unit of measurement shall be treated, for the purposes of calculating the fee payable in respect of the application, as a complete unit.

Fee for submission or observation in respect of planning application.

168. (1) (a) Subject to sub-articles (2) and (3), a fee shall be paid to the planning authority by a person or body who makes a submission or observation to the planning authority regarding an application for permission.
- (b) The amount of the fee payable to the planning authority shall be the amount indicated in column 2 of Section 2 of Schedule 10, opposite the mention of a submission or observation on a planning application.
- (2) Sub-article (1) shall not apply where the person or body by whom a submission or observation is made is—
- (a) a local authority,
- (aa) a member of a local authority acting in his or her capacity as such member,
- (b) a body notified or entitled to be notified in accordance with article 28,
- (c) a State authority, or
- (d) a transboundary State.
- (3) Where a fee has been paid under this article by a person or body by whom a submission or observation is made in respect of a particular application for permission, a fee shall not be payable in respect of any further submission or observation made in accordance with Part 4 by or on behalf of the same person in respect of the same application.

Commented [i564]: Paragraph 168(2)(aa) is inserted by article 2 of S.I. No. 501/2018 Planning and Development (Fees) Regulations 2018

Fee for requests for declarations under section 5 of Act.	169.	(1)	A person making a request for a declaration to the planning authority under section 5 of the Act shall pay a fee to the planning authority.
		(2)	The amount of the fee payable to the planning authority shall be the amount indicated in column 2 of Schedule 10, opposite the mention of a request for a declaration.
Fee for application to extend or further extend appropriate period.	170.	(1)	A fee shall be paid to a planning authority by an applicant in respect of an application under section 42 of the Act for an extension or further extension, as regards a particular permission, of the appropriate period within the meaning of section 40(3) of the Act.
		(2)	The amount of the fee payable in respect of an application mentioned in sub-article (1) shall be the amount indicated in column 2 of Schedule 10, opposite the mention of such an application.
Transitional – Fees to Planning Authority.	171.		Where a planning application or an application under section 4 of the Act of 1982 for an extension or further extension as regards a particular permission of the appropriate period within the meaning of section 2 (5) of that Act is received by a planning authority before the coming into operation of this Part, the fee to be paid to the planning authority shall be the fee payable under the 1994 Regulations, as amended by the 2001 Regulations, notwithstanding any repeal of those Regulations.
Transitional – Fees to Board.	172.		The fees to be paid to the Board in Chapter III of Part VII of, and the Fifth Schedule to, the 1994 Regulations, as amended by the 2001 Regulations, shall continue to be payable to the Board in accordance with that Chapter until such time as the Board determines fees in accordance with section 144 of the Act.
Fees for maritime planning applications.	172A.		The fee payable in respect of maritime planning applications.

PART 13

COMPENSATION

Interpretation
for this Part.

173.

In this Part, “‘compensation claim’” means a claim for compensation under Part XII of the Act.

Compensation claim.	174.	(1)	<p>(a) the name and address of the claimant and a statement of his or her interest in the land to which the claim relates,</p> <p>(b) a statement of the matter in respect of which the claim is made, the provision of the Act under which it is made, the amount of compensation claimed and the basis on which that amount has been calculated, and</p> <p>(c) the names and addresses of all other persons (so far as they are known to the claimant) having an interest in the land to which the claim relates, or, where the claimant does not know of any such persons, a statement to that effect.</p>
		(2)	<p>Where a planning authority receives a compensation claim which fails to comply with a requirement of sub-article (1), the authority shall, by notice in writing, require the claimant to comply with such requirement and defer consideration of the claim until the claimant has complied with such requirement.</p>
Notice of claim.	175.	(1)	<p>Within 4 weeks of the receipt by a planning authority of a compensation claim, or within 4 weeks of compliance with a requirement under article 174, the planning authority shall, unless the claim is withdrawn, give notice in writing to every person, other than the claimant, appearing to them to have an interest in the land to which the claim relates.</p>
		(2)	<p>A notice under sub-article (1) shall state the name and address of the claimant, the land to which the claim relates, the matter in respect of which the claim is made and, where the relevant period under section 183 of the Act for the making of a compensation claim has not expired, the date, having regard to the timelimits specified in section 183 (subject to subsection (2) of that section), after which a further claim for compensation in respect of that matter cannot be made.</p>
		(3)	<p>Where more than one compensation claim in respect of the same matter has been received by a planning authority, the provisions of sub-article</p> <p style="text-align: center;">284</p>

(1) shall not apply in respect of any other claimant or persons who have already been given notice of a claim in respect of that matter under that sub-article.

Provision of certain evidence and information. 176.

Where a compensation claim is made, the planning authority may, by notice in writing, require the claimant to provide evidence in support of the claim and evidence as to the claimant's interest in the land to which the claim relates and may defer consideration of the claim until the claimant has complied with such requirement.

Notice under section 192 of Act. 177.

A notice under section 192 of the Act served on a person by whom or on behalf of whom a compensation claim under section 190 of the Act has been made shall—

(a) indicate the land to which the notice relates,

(b) state that, notwithstanding the refusal of permission to develop the land or the grant of such permission subject to conditions (as the case may be), the land in question is, in the opinion of the planning authority, capable of other development for which permission under Part III of the Act ought to be granted,

(c) indicate in outline the nature and extent of the other development (being other development within the meaning of section 192 of the Act) of which, in the opinion of the planning authority, the land is capable,

(d) state that the notice shall continue in force for a period of 5 years commencing on the day of service of the notice unless, before the expiration of that period,—

(i) the notice is withdrawn by the planning authority,

(ii) a permission is granted under Part III of the Act to develop the land to which the notice relates in a manner consistent with the other development specified in the notice, subject to no conditions or to conditions of a class or

description set out in the Fifth Schedule of the Act, or

(iii) the notice is annulled by virtue of section 192(5) of the Act, and

(e) state that compensation shall not be payable on the claim in respect of the land in question where—

(i) the notice is in force,

(ii) an application for permission under Part III of the Act to develop the land to which the notice relates in a manner consistent with the other development specified in the notice has not been made before the expiration of the notice, or

(iii) permission is granted under Part III of the Act to develop the land to which the notice relates in a manner consistent with the other development specified in the notice, subject to no conditions or to conditions of a class or description set out in the Fifth Schedule of the Act.

Transitional. 178. Where a compensation claim has been made in accordance with the 1994 Regulations prior to the coming into force of these Regulations, the claim shall be determined in accordance with those Regulations.

PART 14

STRATEGIC DEVELOPMENT ZONES

Authorities prescribed under section 169 of Act. 179. (1) The prescribed authorities for the purposes of section 169 of the Act shall be—

(a) the regional authority within whose region the site or sites to which the draft planning scheme applies is or are situated, and

(b) any planning or other local authority whose area is within or contiguous to the site or sites to which the draft planning scheme applies.

(2) In addition to the requirements of sub-article (1), a copy of the draft planning scheme shall be sent to—

(a) where a draft planning scheme relates wholly or mainly to industrial or commercial development — Forfás,

(b) where it appears to the planning authority that development under the draft planning scheme would be likely to impact on the provision of education services — the Minister for Education and Science,

(c) where it appears to the planning authority that development under the draft planning scheme would be likely to have significant effects on public health or might otherwise impact on the provision of health services — the Health Service Executive,

(2) A notice under sub-article (1) shall—

(a) state that, as part of the preparation of a draft planning scheme, an environmental report will be prepared of the likely significant effects on the environment of implementing the scheme,

(b) state that the environmental report is required to include the information that may reasonably be required, taking into account—

(i) current knowledge and methods of assessment,

(ii) the contents and level of detail in the planning scheme,

(iii) the stage of the planning scheme in the decision-making process, and

(iv) the extent to which certain matters are more appropriately assessed at different levels in the decision-making process in order to avoid duplication of environmental assessment, and

(c) indicate that a submission or observation in relation to the scope and level of detail of the information to be included in the environmental report may be made to the relevant development agency within a specified period which shall be not less than 4 weeks from the date of the notice.

Content of environmental report.

- 179C.** (1) Subject to sub-article (2), an environmental report under article 179A shall identify, describe and evaluate the likely significant effects on the environment of implementing the planning scheme and reasonable alternatives taking account of the objectives and the geographical scope of the scheme and, for this purpose, the report shall—
- (a) contain the information specified in Schedule 2B,
 - (b) take account of any submission or observation received in response to a notice under article 179B(1), and
 - (c) be of sufficient quality to meet the requirements of these Regulations.
- (2) An environmental report shall include the information that may reasonably be required taking into account—
- (a) current knowledge and methods of assessment,
 - (b) the contents and level of detail in the planning scheme,
 - (c) the stage of the planning scheme in the decision-making process, and

associated environmental report to a Member State—

(a) where the planning authority considers that implementation of the planning scheme is likely to have significant effects on the environment of such Member State, or

(b) where a Member State, likely to be significantly affected, so requests.

(2) Where a Member State is sent a copy of a draft planning scheme and environmental report under sub-article (1) and it indicates that it wishes to enter into consultations before the adoption of the scheme, the planning authority shall—

(a) enter into consultations with the State concerned in relation to the likely transboundary environmental effects of implementing the scheme and the measures envisaged to reduce or eliminate such effects, and

(b) agree with the State concerned—

(i) a reasonable timeframe for the completion of the consultations, having regard to the timeframes for the making of a planning scheme under section 169 of the Act, and

(ii) detailed arrangements to ensure that the authorities referred to in article 6(3) of the SEA Directive and the public referred to in article 6(4) of the SEA Directive in the Member State concerned are informed and given an opportunity to forward their opinion within a reasonable timeframe.

(3) The report required of the manager under section 169(3) of the Act shall take account of any transboundary consultations under this article.

Decision-making.

179F.

The planning authority shall take account of—

(a) the environmental report,

(c) any consultations under article 179E,

during the authority's consideration of the draft planning scheme, and before its adoption.

Information on decision.

179G. (1) In addition to the requirements of section 169(5)(b) of the Act, a notice under section 169(5)(a) of the Act shall state that a statement is also available summarising—

(a) how environmental considerations have been integrated into the scheme.

(b) how—

(i) the environmental report prepared pursuant to article 179A.

(ii) submissions and observations made to the planning authority in response to a notice under section 169(1) of the Act, and

(iii) any consultations under article 179E,

have been taken into account during the planning authority's consideration of the draft scheme,

(c) the reasons for choosing the scheme, as adopted, in the light of the other reasonable alternatives dealt with, and

(2) In addition to the requirements of paragraph (a) of section 169(5) of the Act, the planning authority shall give notice under that paragraph to the authorities specified in article 13A(4), as appropriate, and to any Member State consulted under article 179E.

PART 16

LICENSING OF OUTDOOR EVENTS

Interpretation for this Part.

- 182.
- (1) In this Part, except where the context otherwise requires—
 - “applicant” means a person who applies for a licence;
 - “application” means an application for a licence under section 231 of the Act;
 - “audience” means persons attending an event on a particular day, other than persons working or performing at the event, and shall include persons attending by invitation and, where an event comprises more than one performance at one or more locations at the venue on a particular day, the audience shall mean the total number of persons attending all such performances;

“code of practice” means a code of practice referred to in sections 232 and 268(2) of the Act;

“prescribed bodies” means –

(a) the relevant Chief Superintendent of An Garda Síochána,

(b) the Health Service Executive, or

(c) any county council, county borough corporation, borough corporation or urban district council (other than the local authority to whom the application is made), the area of which will be affected by the event;

“venue” means the site at which it is proposed to hold an event;

“venue owner” means the owner(s) of the site at which it is proposed to hold an event.

Commented [i596]: Substituted by article 39 of S.I. No. 685/2006 Planning and Development Regulations 2006

Commented [i597]: Inserted by article 3 of S.I. 264/2015 Planning and Development (Amendment) Regulations 2015.

(2) This Part shall also apply to an application for a licence for an event to be held on more than one day or an application for a licence for a number of events at a venue in a period not exceeding one year, subject to any necessary modifications.

Events prescribed for the purposes of section 230 of Act.

183. An event at which the audience comprises 5,000 or more people shall be an event prescribed for the purposes of section 230 of the Act.

Pre-application consultation.

184. (1) A local authority shall, at the written request of a person who intends to make an application for a licence under section 230 of the Act, as soon as practicable hold a pre-application consultation meeting with the person concerned in order to discuss the proposed event(s), and shall invite the prescribed bodies to attend the meeting; the local authority and the prescribed bodies may give advice to the applicant regarding the proposed application.

Commented [i598]: Article 184 is substituted by article 4 of S.I.264/2015 Planning and Development (Amendment) Regulations 2015.

(2) The carrying out of consultations under sub-article (1) shall not prejudice the performance by 299

the local authority or any prescribed body of any of its functions under the Act or these Regulations or under any other enactment and such consultations cannot be relied upon in the process of determining an application or in legal proceedings.

- (3) A preliminary risk assessment of the proposed event shall be in the form set out at Form No. 9 of Schedule 3, or a form substantially to the like effect, shall be submitted to the local authority in advance of any such pre-application consultation meeting.
- (4) Upon receipt of a preliminary risk assessment of the proposed event in accordance with Form No. 9 of Schedule 3, the local authority shall send a copy of the assessment to the prescribed bodies.
- (5) Any person who intends to make an application may be accompanied by the venue owner(s) at any such pre-application consultation meeting.
- (6) A further pre-application consultation meeting shall be convened where the person who intends to submit an application proposes to increase the scope of the proposed event, by increasing the size of the audience or the number of performances, and a revised preliminary risk assessment in accordance with Form No. 9 of Schedule 3 shall be submitted to the local authority in advance of any such pre-application consultation meeting.
- (7) The local authority shall keep a record in writing of any pre-application consultation meeting under this article, including the names of those who participated in the meeting.
- (8) A copy of a record under sub-article (7) shall be made available by the local authority for inspection by members of the public, as soon as possible after a decision is made on an application for a license for the event which was the subject of the pre-application consultation meeting, during office hours at the offices of the authority and such other places as it considers appropriate; the record shall also be made available by the

local authority for purchase at a cost not exceeding the reasonable cost of making a copy.

(9) A local authority shall not enter into any pre-application consultation meeting in relation to a proposed event with any person who has already either –

(a) advertised the proposed event in relation to which the pre-application consultation meeting is requested, or

(b) offered for sale tickets for the proposed event in relation to which the pre-application consultation meeting is requested.

(a) the fee to be paid to the planning authority shall, be the fee payable under the 1994 Regulations, as amended by the 2001 Regulations, notwithstanding any repeal of those Regulations, and

(b) any licence granted under section 89 of the Act of 1963 shall remain in force for the period for which the licence was granted.

CHAPTER 2

Miscellaneous and Transitional

Form of vesting order under section 45 of Act.

205.

Form No. 3 of Schedule 4, or a form substantially to the like effect, shall be the prescribed form of vesting order to be made by a planning authority in exercise of the powers conferred on it by section 45(5) of the Act.

Disposal of land without consent of Minister under section 211 of Act.

206.

(1)

Subject to the conditions specified in sub-article (2), the consent of the Minister to a disposal of land under section 211(1) of the Act, as required by subsection (2) of that section, shall not be required where a local authority is of the opinion that, for economic or social reasons, it is reasonable that the disposal of land be carried out

in accordance with the terms specified by the authority in the notice which is to be given to the members of the authority in relation to the proposed disposal of land in accordance with section 183 of the Local Government Act, 2001.

(2) The following conditions shall apply in relation to a disposal of land referred to in sub-article (1):

(a) the manager shall prepare a report setting out the economic or social reasons which apply in relation to the disposal of land;

(b) the report shall be incorporated in or accompany the notice referred to in sub-article (1); and

(c) the notice referred to in sub-article (1) and the report referred to in paragraph (a) shall be made available for public inspection at the offices of the local authority during office hours for a period of one year.

(3) A disposal of land under this article shall be carried out in accordance with the terms of the notice referred to in sub-article (1).

Continuance of Local Government (Planning and Development) Acts, 1963 to 1999 and Regulations made thereunder.

207. (1) Subject to sub-articles (2) and (3), the provisions of the Local Government (Planning and Development) Acts, 1963 to 1999, and the Local Government (Planning and Development) Regulations, 1994 to 2001 shall continue to apply to any valid application for permission received by a planning authority before 11 March, 2002, and any appeal, decision or determination made or to be made in respect of such planning application or in respect of a decision on such application, notwithstanding the repeal of such provisions or the revocation of such Regulations.

(2) Sections 42 and 43 of the Act and articles 40 to 47 of these Regulations shall apply to any application made after the coming into force of these regulations to extend the appropriate period as regards a permission.

(3) Section 46 of the Act and article 205 of these Regulations shall apply in any case where a

planning authority intends to acquire land as open space, within the meaning of that section, pursuant to a permission under the Act of 1963 or to any condition to which a permission under that Act is subject.

Saver. 208. Anything done under the Planning and Development Regulations, 2000 to 2001, notwithstanding the revocation of those Regulations, shall not be invalidated by such revocation but shall have effect as if done under the corresponding provision of these Regulations.

PART 18

STRATEGIC INFRASTRUCTURE DEVELOPMENT

Interpretation for this Part. 209 For the purposes of this Part, unless the context otherwise requires —

“application” means an application for permission under section 37E or an application for approval under sections 181A, 182A or 182C of the Act in respect of a strategic infrastructure development,

“pre-application consultation” means the consultations provided for in sections 37B(1), 181C(1) or 182E of the Act,

“prospective applicant” means —

(a) in the case of an application for permission under section 37E of the Act, the person referred to in section 37B(2) of the Act,

(b) in the case of an application for approval under section 181A of the Act, the relevant State authority, or

(c) in the case of an application for approval under sections 182A or 182C of the Act, the prospective applicant referred to in section 182E(1).

Pre-application discussion. 210. (1) On receipt of a request to enter into pre-application consultations, the Board shall notify the relevant planning authority of the request.

Commented [i620]: Part 18 is inserted by article 41 of S.I. No. 685/2006 Planning and Development Regulations 2006

Commented [i621]: Other than article 221, Part 18 shall not apply to proposed strategic housing developments during the period specified in section 3 of the Act of 2016. Article 6 of S.I. No. 271/2017 refers.

(2) The Board shall, during the course of a pre-application consultation, indicate to a prospective applicant:

(a) the plans, particulars or other information which the Board will require for the purposes of consideration of an application,

(b) the time frames and sequencing to be applied to the application process, and

(c) any other matters in relation to the application process as the Board considers appropriate.

(3) (a) Where the Board is of the opinion that the proposed development would be likely to have significant effects on the environment in a transboundary State, it shall indicate to the prospective applicant:

(i) which bodies, in which States, should be notified for the purposes of Section 37E(3)(d), 181A(3)(c), 182A(4)(c) or 182B(4)(b)(iv), as appropriate, and

(ii) how many copies of the application and **EIAR** should be sent with the notification referred to in (i).

(b) For the purposes of determining which bodies are to be included under paragraph (a), the Board may consult with—

(i) the Minister,

(ii) the Minister for Arts, Heritage and the Gaeltacht,

(iii) the Environmental Protection Agency,

(iv) the Minister for Communications, Energy and Natural Resources, or

(v) the relevant planning authority,

as it considers appropriate.

Commented [i622]: Amended by article 98 of S.I. No. 296/2018 European Union (Planning and Development)(Environmental Impact Assessment) Regulations 2018

Commented [i623]: Paragraph 210(3)(b) is substituted by article 6 of S.I. No. 262/2011 Planning and Development (Amendment) Regulations 2011

(4) The Board may, during the course of a pre-application consultation, require a prospective applicant to give notice to the public or to carry out consultations with the public in advance of an application being submitted, including-

(i) the erection or fixing of notice or notices on the site in a form to be specified by the Board,

(ii) subject to sub-article (4A), the provision of a specific place or a specific website to make available the application, EIAR and any other relevant documentation for inspection or purchase at a fee not exceeding the reasonable cost of making a copy,

(iii) the use of local or national media, or

(iv) the holding of meetings, with any person or body or for the public.

(4A) Where the Board requires a website for the purpose of sub-article (4)(ii), the EIAR referred to in that sub-article shall be placed on that website in electronic form searchable by electronic means as far as practicable.

(5) During the course of a pre-application consultation, the Board may indicate to a prospective applicant which of the bodies prescribed under article 213 should, in the opinion of the Board, be notified by the prospective applicant of the making of an application and the prospective applicant shall notify those bodies.

(6) Notwithstanding any indication given under sub-articles (2), (3), (4) or (5), nothing shall prevent the Board from requiring a prospective applicant for permission under section 37E or for approval under sections 181A, 182A or 182C to submit further information or from giving further notice to the public or to any person or body.

211. (1) The specified bodies for the purposes of sections 37D(2)(a), 181C(3) and 182E(3) shall be—

(i) the Minister for Housing, Local Government and Heritage

CHAPTER 2

Planning Applications

Newspaper notice.	239.		In addition to the requirements of article 18, where a planning application will be accompanied by an NIS, a notice under article 17(1)(a) shall state— (a) that a Natura impact statement will be submitted to the planning authority with the application, and (b) that the Natura impact statement will be available for inspection or purchase at a fee not exceeding the reasonable cost of making a copy during office hours at the office of the relevant planning authority.
Further notice where planning authority requires NIS.	240.	(1)	Where a planning application is not accompanied by an NIS, and an NIS is required by the planning authority under 177T(5) of the Act, the applicant shall, not more than 2 weeks before submitting the NIS, publish notice of the intention to submit the NIS in at least one newspaper approved under article 18(2).
		(2)	Where an applicant is required to publish a notice pursuant to sub-article (1) the provision of sub-articles (2) to (5) of article 105 shall apply save that a reference to an EIAR shall be construed as a reference to a Natura impact statement and a reference to article 103 shall be construed as a reference to section 177T(5) of the Act.
Weekly list.	241.		A list referred to in article 27 shall identify any application in respect of which— (a) a Natura impact statement has been received by the planning authority with a planning application,

Commented [i703]: Amended by article 98 of S.I. No. 296/2018 European Union (Planning and Development)(Environmental Impact Assessment) Regulations 2018

(b) a notice has been served by the planning authority under 177T(5), or

(c) a Natura impact statement has been received by the planning authority pursuant to a notice under 177T(5).

Notice of NIS 242.

Where an application is accompanied by an NIS, or where an NIS has been received by the planning authority pursuant to a notice under 177T(5), the provisions of sub-articles (1) and (2), respectively, of article 107 shall apply, save that any reference to an **EIAR** shall be construed as a reference to an NIS and any reference to article 103 shall be construed as reference to section 177T(5) of the Act.

Commented [i704]: Amended by article 98 of S.I. No. 296/2018 European Union (Planning and Development)(Environmental Impact Assessment) Regulations 2018

Adequacy of NIS and further information 243.

(1) A planning authority shall consider whether an NIS submitted in respect of a planning application complies with section 177T of the Act and where a planning authority decides that an NIS does not comply with section 177T the authority shall require the applicant to submit such further information as may be necessary to comply with that section.

(2) Where an NIS is submitted to a planning authority following a requirement of the planning authority under section 177T(5), the planning authority may, irrespective of whether it has already sought further information under article 33, within 8 weeks of receipt of the NIS seek further information in relation to the NIS, and in such case the provisions of article 35 shall apply where relevant.

CHAPTER 3

Appeals

Newspaper notice 244.

Where an NIS is required by the Board pursuant to section 177T(5) of the Act the provisions of article 112 shall apply save that a reference to an **EIAR** shall be construed as a reference to a Natura impact statement and a reference to article 109(1) or (2) shall be construed as a reference to section 177T(5).

Commented [i705]: Amended by article 98 of S.I. No. 296/2018 European Union (Planning and Development)(Environmental Impact Assessment) Regulations 2018

Notice of further information.	245.	Where an appeal involves an NIS, and the Board considers that any submission, observation, document, particulars or other information submitted to it in response to a request or requirement of the Board contains significant additional information on the effects on a European site of the proposed development, the Board shall publish, in at least one approved newspaper, a notice stating that:
		(a) significant additional information on the effects on a European site of the proposed development has been furnished to the Board, and
		(b) that the further information will be available for inspection or for purchase at a fee not exceeding the reasonable cost of making a copy during office hours at the offices of the Board or such other places as the Board may specify and that a submission or observation on the further information may be made in writing to the Board within a specified period on payment of the appropriate fee.
Availability of NIS at offices of Board	246.	An NIS received by the Board in connection with an appeal shall, as soon as may be following receipt of the NIS, be made available for inspection or purchase at a fee not exceeding the reasonable cost of making a copy during office hours at the offices of the Board or such other places as the Board may specify.
Availability of NIS at offices of planning authority	247.	<p>(1) Where an NIS is sent to the Board pursuant to section 177T(5) of the Act, the Board shall send a copy to the relevant planning authority.</p> <p>(2) The planning authority shall, as soon as may be following receipt of an NIS under sub-article (1), make the NIS available for inspection or purchase for a fee not exceeding the reasonable cost of making a copy during office hours at the offices of the authority until the appeal is withdrawn or is dismissed or determined by the Board or, in the case of an appeal referred to in section 139 of the Act, a direction is given to the authority in relation to that appeal.</p>

Board's weekly list 248. Where a planning authority sends an NIS to the Board in accordance with the requirements of section 128 of the Act, the list made available by the Board under article 72(2) shall indicate that fact.

CHAPTER 4

Local Authority Development

Application to An Bord Pleanála for approval. 249. When making an application for approval to the Board under section 177AE of the Act, a local authority shall send to the Board—

- (a) 3 copies of the plans and particulars of the proposed development,
- (b) 3 copies of the NIS for the proposed development,
- (c) a copy of the notice published under section 177AE(4)(a) of the Act, and
- (d) a list of the bodies to which notice was sent under section 177AE(4)(b) of the Act, a copy of each notice and an indication of the date on which the notice was sent.

Screening for appropriate assessment 250. (1) In order to ascertain whether an appropriate assessment is required in respect of a development which it proposes to carry out a local authority shall carry out a screening of the proposed development to assess, in view of best scientific knowledge, if the development, individually or in combination with other plans or projects, would be likely to have a significant effect on a European site.

(2) If on the basis of a screening under sub- article (1) it cannot be excluded, on the basis of objective information, that the proposed development, individually or in combination with other plans or projects, would have a significant effect on a European site, the local authority shall determine that an appropriate assessment of the proposed development is required and shall prepare an NIS in respect of the proposed development and shall

submit the proposed development to the Board for approval under section 177AE of the Act.

- (3) (a) The Board shall, where it considers that an application for development proposed to be carried out by a local authority would be likely to have a significant effect on a European site, require the local authority to prepare, or cause to be prepared, an NIS in respect thereof.
- (b) Where any person considers that a development proposed to be carried out by a local authority would be likely to have a significant effect on a European site, he or she may apply to the Board for a determination as to whether the development would be likely to have such significant effect and the Board shall make a determination on the matter as soon as possible.
- (c) An application for a determination under paragraph (b), in order to be considered by the Board, shall state the reasons for the forming of the view that the development would be likely to have a significant effect on a European site.
- (d) Where Board makes a determination under paragraph (b) that a development would be likely to have a significant effect on a European site it shall require the local authority to prepare, or cause to be prepared, an NIS in respect thereof.
- (e) For the purposes of paragraphs (a) and (b), a local authority shall provide information requested by the Board in relation to development proposed to be carried out by the local authority.
- (4) Where an NIS is prepared, or caused to be prepared, by a local authority under sub-article (3), the authority concerned shall apply to the Board for approval.
- (5) An application for approval under sub-article (4) shall be deemed to be an application for approval under section 177AE of the Act and the provisions of that section shall apply to the application.

		(6)	Where a local authority makes a determination under sub-article (1) that a proposed development would not be likely to have a significant effect on a European site, it shall, in addition to the documents specified in article 83, make the determination, including the main reasons and considerations on which the determination is based, available for inspection or purchase at a fee not exceeding the reasonable cost of making a copy, in accordance with that article.
Notice to certain Bodies	251.		The prescribed authorities for the purposes of section 177AE(4) of the Act shall be the same as those prescribed for the purposes of section 175(4) of the Act as set out in article 121.
Content of decision	252.		A decision by the Board on an application for approval under section 177AE of the Act shall state the main reasons and considerations on which the decision is based.
Notice of Board's decision on application for approval	253.	(1)	The Board shall, as soon as may be following the making of its decision on an application for approval under section 177AE of the Act notify the local authority concerned, and any person or body who made a submission or observation in accordance with section 177AE(4) of the Act, of its decision.
		(2)	A local authority shall, as soon as may be following receipt of notification from the Board under sub-article (1), make a copy of the decision and the relevant NIS available for inspection or purchase, for a fee not exceeding the reasonable cost of making a copy, during office hours at the offices of the local authority.

CHAPTER 5

Development by a State authority prescribed under section 181 of the Act

Screening for appropriate assessment.	254.	(1)	In order to ascertain whether an appropriate assessment is required in respect of a proposed development prescribed under section 181 of the Act a State authority shall carry out a screening of the proposed development to assess, in view of best scientific knowledge, if that proposed development, individually or in combination with
---------------------------------------	------	-----	---

other plans or projects, is likely to have a significant effect on a European site.

- (2) If on the basis of a screening under sub-article (1) it cannot be excluded, on the basis of objective information, that the proposed development, individually or in combination with other plans or projects, would have a significant effect on a European site, the State authority shall determine that an appropriate assessment of the proposed development is required and shall prepare an NIS in respect of the proposed development and shall submit the proposed development to the Board for approval under section 181A of the Act.
- (3) (a) The Board shall, where it considers that development proposed to be carried out by a State authority under section 181 of the Act would be likely to have a significant effect on a European site, require the State authority to prepare, or cause to be prepared, an NIS in respect thereof.
- (b) Where any person considers that a development proposed to be carried out by a State authority under section 181 of the Act would be likely to have a significant effect on a European site, he or she may apply to the Board for a determination as to whether the development would be likely to have such significant effect and the Board shall make a determination on the matter as soon as possible.
- (c) An application for a determination under paragraph (b), in order to be considered by the Board, shall state the reasons for the forming of the view that the development would be likely to have a significant effect on a European site.
- (d) Where Board makes a determination under paragraph (b) that a development would be likely to have a significant effect on a European site it shall require the State authority to prepare, or cause to be prepared, an NIS in respect thereof.
- (e) For the purposes of paragraphs (a) and (b), a State authority shall provide information requested by the Board in relation to development proposed to be carried out by the State authority.

- (4) Where an NIS is prepared, or caused to be prepared, by a State authority under sub-article (3), the authority concerned shall apply to the Board for approval.
- (5) An application for approval under sub-article (4) shall be deemed to be an application for approval under section 181A of the Act and the provisions of that section shall apply to the application.
- (6) Where a State authority makes a determination under sub-article (1) that a proposed development would not be likely to have a significant effect on a European site, it shall, in addition to the documents specified in article 89, make the determination, including the main reasons and considerations on which the determination is based, available for inspection or purchase at a fee not exceeding the reasonable cost of making a copy, in accordance with that article.

		(3)	Where the Board considers that an application for permission under section 37L complies with the requirements of articles 264, 265, and 267 it shall send to the applicant an acknowledgement of the application, stating the date of its receipt.
		(4)	Where, following consideration of an application for permission under sub-article (1), the Board considers that the application does not comply with the requirements of articles 264, 265, and 267, and that such non-compliance constitutes a material defect in the application which cannot be readily rectified through the submission of additional documentation, the application shall be invalid and the Board shall return the application to the applicant with a notice stating that the application is invalid and stating the reason or reasons that the application is invalid and shall return to the applicant any fee paid with the application.
		(5)	Where, on inspection of the land to which the application for permission relates, the Board considers that the requirements of articles 263(1)(b), 265 or 266 have not been complied with, or the information submitted in the application is substantially incorrect or substantial information has been omitted, the application shall, notwithstanding the fact that an acknowledgement has been sent to an applicant in accordance with sub-article (2), be invalid and the Board shall return the application to the applicant with a notice stating that the application is invalid and stating the reason or reasons that the application is invalid and shall return to the applicant any fee paid with the application.
		(5)	The Board shall not find an application under section 37L to be invalid on the grounds that the site notice does not comply with the relevant provisions of this Part where it is satisfied that the

applicant complied with the provisions of articles 263 but that any site notice erected by the applicant has been maliciously defaced or destroyed by any person other than the applicant.

- (6) Where a notice is served on an applicant in accordance with sub-article (3), the Board shall by notice in writing inform any person or body who has made a submission or observation in accordance with article 271 and any body to whom notice was sent in accordance with article 270 of that fact.

Making the application for permission under section 37L available for inspection.

- 269. (1) As soon as may be after receipt of an application for permission under section 37L, the Board shall make the application available for inspection or purchase at a fee not exceeding the reasonable cost of making a copy at its offices during its public opening hours.
- (2) Where a planning authority receives a copy of an application for permission pursuant to section 37L(10), it shall make the application and documentation available for inspection or purchase at a fee not exceeding the reasonable cost of making a copy, at its offices during its public opening hours.

Notice to certain bodies.

- 270. (1) Where the Board receives an application for permission under section 37L the Board shall, except in the case of an application which has been deemed invalid under article 268, as soon as may be after receipt of the application, give notice as appropriate to a body or bodies prescribed in article 28(1) and (4).
- (2) Notice given by the Board pursuant to sub-article (1) shall include a copy of the application referred to in article 267(1), including any electronic copy of the documentation as appropriate, and of the location map referred to in article 267(2)(b) and shall state -

(a) the date of receipt by the Board of the application, and

(b) that any submission or observation made to the Board in relation to the application before the

decision is made on the application will be considered by the Board in making its decision, and that the Board will make its decision not earlier than 8 weeks from the date of the notice.

Commented [i711]: Paragraph 270(2)(b) is amended by article 12 of S.I. No. 648/2023 - Planning and Development (Amendment) (No. 4) Regulations 2023

(3) Where a prescribed body which has been notified under sub-article (2) requests a copy of some or all of the documentation accompanying the application the Board shall make that documentation available to the prescribed body as soon as possible.

(4) The Board shall acknowledge any submissions or observations from prescribed bodies as soon as may be after receipt thereof.

(5) Where a prescribed body to whom notice is sent pursuant to sub-article (1) does not make a submission or observation in relation to an application for permission under section 37L within a period of 8 weeks beginning on the date of receipt of the application by the Board, the Board may determine the application without further notice to that body.

PART 23

STRATEGIC HOUSING DEVELOPMENT

Interpretation for this Part.

283.

In this Part—

“Act of 2016” means the Planning and Development (Housing) and Residential Tenancies Act 2016 (No. 17 of 2016);

“application” means an application for permission under section 4 of the Act of 2016 in respect of a proposed strategic housing development;

“pre-application consultation” means the consultations held under section 6 of the Act of 2016;

“prospective applicant” has the meaning assigned to it by section 3 of the Act of 2016.

Prospective applicant’s consultation with planning authority.

284.

A prospective applicant shall, at least 2 weeks prior to the date of the consultations with a planning authority referred to in section 5(2) of the Act of 2016, provide to the authority such information as it may reasonably require in relation to a proposed strategic housing development for the purpose of the consultations.

Prospective applicant’s consultation with Board.

285.

(1)

A request to the Board by a prospective applicant under section 5 of the Act of 2016 to enter into consultations with the Board in relation to a proposed strategic housing development shall be in the form set out at Form No. 11 of Schedule 3.

(2)

A request referred to in sub-article (1) shall be accompanied by the following, including maps and drawings, where appropriate:

(a) where the prospective applicant is not the owner of the land concerned, the written consent

Commented [i744]: Part 23 of the Regulations is inserted by article 5 of S.I. No. 271/2017 Planning and Development (Strategic Housing Development) Regulations 2017.

Note: Article 5 of S.I. No. 271/2017 provides that during the specified period and thereafter in accordance with article 4(2), the Regulations of 2001 have effect as if this Part were inserted after Part 22 of those Regulations

Note: This is a temporary insertion which applies during period specified in section 3 of the 2016 Act (No. 17 of 2016)

of the owner to make an application under section 4 of the Act of 2016 in respect of that land;

(b) a brief description of the proposed numbers and types of houses or numbers of student accommodation units and bedspaces, or both, as appropriate, and their design, including proposed gross floor spaces, housing density, plot ratio, site coverage, building heights, proposed layout and aspect;

(c) a brief description of proposed public and private open space provision, landscaping, play facilities, pedestrian permeability, vehicular access and parking provision, where relevant;

(d) a brief description of the proposed provision of ancillary services, where required, including child care facilities;

(e) where relevant, any other proposed use in the development, the zoning of which facilitates such use, including the proposed gross floor space for each such use;

(f) a brief description of any proposals to address or, where relevant, integrate the proposed development with surrounding land uses;

(g) a brief description of any proposals to provide for water services infrastructure, including, in the case where it is proposed to connect the development to a public water or wastewater network or both, evidence that Irish Water has confirmed that it is feasible to provide the appropriate service or services and that the relevant network or networks have the capacity to service the development,

(h) a brief description of any proposals to provide for other services infrastructure (including cabling such as broadband provision) and any phasing proposals;

(i) a brief description of proposals under Part V of the Planning and Development Act 2000,

where relevant;

(j) details of protected structures, national monuments or other monuments included in the Record of Monuments and Places, where relevant;

(k) any aspect of the proposed development likely to have significant effects on the environment or significant effects on a European site, including, in the case where the development may impact on a public water supply source, evidence of engagement with Irish Water in relation to protecting that source;

(l) the appropriate fee.

- (3) A prospective applicant shall submit to the Board 2 printed copies of his or her request to enter into consultations with the Board in relation to a proposed strategic housing development, together with 3 copies of the request in a machine readable form on digital devices.
- (4) A prospective applicant shall send 6 printed copies of the request referred to in sub-article (1) to the planning authority or each of the authorities in whose area or areas the proposed strategic housing development would be situated, together with one copy of the request in a machine readable form on a digital device.
- (5) At the conclusion of a pre-application consultation, the Board may do either or both of the following:
- (a) inform the prospective applicant of which authorities prescribed under article 295 should, in the opinion of the Board, be notified by the prospective applicant of the making of an application and the prospective applicant shall so notify those authorities in accordance with section 8(1)(b) of the Act of 2016;
- (b) notify the prospective applicant that specified information should be submitted with any application for permission for the proposed

development, including photographs, plans, maps, drawings or other material or particulars and, where the Board considers it appropriate, either or both—

(i) an assessment of the impact of the proposed development on transport in the area, including impact on roads, and

(ii) a scale model of the proposed development including land and buildings in the vicinity, showing the elevations and perspective of the proposed development.

(6) Where the Board considers that a second or subsequent consultation meeting is necessary for the purpose of forming an opinion under section 6(7) of the Act of 2016, such a meeting or meetings shall be held within 4 weeks of the date of the receipt by the Board of the request referred to in sub-article (1).

(7) The Board shall, as soon as may be after issuing a notice under section 6(7) of the Act of 2016, send its record of the consultations concerned to the prospective applicant and the planning authority or authorities in whose area or areas the proposed strategic housing development would be situated.

Request under section 7 of Act of 2016 to Board after consultation meeting has been held.

286.

(1) A request under section 7 of the Act of 2016 shall be in writing and shall state the name and address, and telephone number and e-mail address, if any, of the prospective applicant and, except where the information was provided as part of a previous request made under that section or is provided as part of another request so made at the same time, shall include—

(a) where the prospective applicant is not the owner of the land concerned, the written consent of the owner to make an application under section 4 of the Act of 2016 in respect of that land;

(b) the location, townland or postal address of the land or structure to which the request under section 7 of the Act of 2016 relates (as may be

appropriate), and shall include a location map marked so as to clearly identify—

(i) in red, the boundaries of the land or structure to which that request relates and the boundaries thereof,

(ii) in blue, the boundaries of any land that adjoins, abuts or is adjacent to the land to be developed and which is under the control of the prospective applicant or the person who owns the land that is the subject of that request, and

(iii) in yellow, any wayleaves,

(c) a brief description of the nature of the proposed strategic housing development, |

(ca) in the case of a request pursuant to section 7(1)(a)(i)(I) of the Act of 2016, a description of the nature and extent of the proposed development, and its characteristics and its likely significant effects on the environment, including the information specified in Schedule 7A, and, where relevant, information on how the available results of other relevant assessments of the effects on the environment carried out pursuant to European Union legislation other than the Environmental Impact Assessment Directive have been taken into account,

(d) the Board's reference number for the consultations under section 6(5) of the Act of 2016, the date or dates of such consultations and any changes in the proposed development from the proposals the subject of those consultations,

(e) if the proposed development includes an activity requiring an integrated pollution control licence or a waste licence, an indication of that fact,

(f) if the proposed development relates to the provision of, or modifications to, an establishment, an indication of that fact,

Commented [i745]: Paragraph 286(1)(c) has had some text deleted by article 91(a)(i) of S.I. No. 296/2018 European Union (Planning and Development)(Environmental Impact Assessment) Regulations 2018

Commented [i746]: Paragraph 286(1)(ca) is inserted by article 91(a)(ii) of S.I. No. 296/2018 European Union (Planning and Development)(Environmental Impact Assessment) Regulations 2018

(g) in the case of a request under section 7 (1)(a)(i)(I) of the Act of 2016, the prospective applicant's opinion as to whether the proposed development is likely to have significant effects on the environment and the grounds for that opinion, and

(h) in the case of a request under section 7 (1)(a)(i)(II) of the Act of 2016, the prospective applicant's opinion as to whether the proposed development, individually or in combination with another project, is likely to have a significant effect on a European site and the grounds for that opinion.

(1A) A request under section 7(1)(a)(i)(I) of the Act of 2016 may be accompanied by a description of the features, if any, of the proposed development and the measures, if any, envisaged to avoid or prevent what might otherwise have been significant adverse effects on the environment of the development.

Commented [i747]: Sub-article 286(1A) is inserted by article 91(b) of S.I. No. 296/2018 European Union (Planning and Development)(Environmental Impact Assessment) Regulations 2018

(2) A prospective applicant shall submit to the Board 2 printed copies of a request to which this article relates, together with 3 copies of the request in a machine readable form on digital devices and the appropriate fee.

(3) Where—

(a) a prospective applicant does not comply with the requirements of sub-article (1) or (2), or

(b) the request is not accompanied by the appropriate fee,

the Board may decide to refuse to deal with the request, in which case the Board shall, within 2 weeks from the date of the receipt by it of that request—

(i) return to the prospective applicant—

(I) subject to sub-article (4), the copies of that request and the digital devices sent to the Board, and

(II) any part of the appropriate fee that accompanied that request,

and

(ii) give reasons to the prospective applicant for the Board's decision to refuse to consider that request.

(4) Clause (I) of sub-article (3)(i) is without prejudice to the Board—

(i) making a copy of a document,

(ii) retaining an electronic copy of a document, or

(iii) by agreement with the prospective applicant concerned, retaining a document,

to which that clause relates.

Prescribed bodies for scoping in relation to environmental impact assessment report.

287.

The following bodies are prescribed for the purpose of consultations relating to a request under section 7(1)(b) of the Act of 2016 for an opinion on what information will be required to be contained in an **EIAR** in relation to a proposed strategic housing development:

(a) the Minister;

(b) the Minister for Agriculture, Food and the Marine;

(c) the Minister for Arts, Heritage, Regional, Rural and Gaeltacht Affairs;

(d) the Minister for Communications, Climate Action and Environment;

(e) the Environmental Protection Agency;

(f) the planning authority or authorities concerned.

Consultation relating to request under

288.

(1)

On receipt of a request under section 7(1)(b) of the Act of 2016 for an opinion on what information will be required to be contained in
383

Commented [i748]: Amended by article 98 of S.I. No. 296/2018 European Union (Planning and Development)(Environmental Impact Assessment) Regulations 2018

section 7 of Act of 2016.

an **EIAR** in relation to a proposed strategic housing development, the Board shall, by notice in writing, consult the bodies prescribed under article 287 in relation to the request and shall notify the prospective applicant accordingly.

Commented [i749]: Amended by article 98 of S.I. No. 296/2018 European Union (Planning and Development)(Environmental Impact Assessment) Regulations 2018

- (2) On receipt of any request to which sub-article (1) relates, the Board may, by notice in writing, consult any person or body that the Board considers appropriate in relation to that request and shall notify the prospective applicant accordingly.
- (3) A person or body consulted under sub-article (1) or (2) shall, within 3 weeks of the date of the notice, notify the Board of its views on, as appropriate, the determination it should make or the opinion it should give on foot of the request.
- (4) The Board shall, in making a determination or giving an opinion on foot of a request under section 7 of the Act of 2016, consider any views duly notified to it pursuant to sub-article (3) and shall notify the person or body concerned of the determination it has made or the opinion it has given on foot of the request.
- (5) Where the Board considers that it has insufficient information to enable it to make a determination pursuant to a request referred to in section 7(1)(a) of the Act of 2016 or to give an opinion pursuant to a request under section 7(1)(b) of that Act, the Board may, by notice in writing, require the prospective applicant to provide such further information as it considers necessary within 2 weeks of the date of the notice.

Screening for environmental impact assessment.

289. (1) The Board shall, in making a determination under section 7(1)(a)(i)(I) of the Act of 2016, have regard to—

Commented [i750]: Sub-article 298(1) is substituted by article 92(a) of S.I. No. 296/2018 European Union (Planning and Development)(Environmental Impact Assessment) Regulations 2018

(a) the criteria set out in Schedule 7,

(b) the information submitted pursuant to Schedule 7A,

(c) the information referred to in article 286(1)(ca) and the description, if any, referred to in article 286(1A), and

(d) the available results, where relevant, of preliminary verifications or assessments of the effects on the environment carried out pursuant to European Union legislation other than the Environmental Impact Assessment Directive.

(2) Where a proposed strategic housing development the subject of a request for a determination under section 7(1)(a)(i)(I) of the Act of 2016 would be located on, or in, or have the potential to impact on—

(a) a European site,

(b) an area the subject of a notice under section 16 of the Wildlife (Amendment) Act 2000 (No. 38 of 2000),

(c) an area designated as a natural heritage area under section 18 of the Wildlife (Amendment) Act 2000,

(d) land established or recognised as a nature reserve within the meaning of section 15 or 16 of the Wildlife Act 1976 (No. 39 of 1976),

(e) land designated as a refuge for flora or as a refuge for fauna under section 17 of the Wildlife Act 1976,

(f) a place, site or feature of ecological interest, the preservation, conservation or protection of which is an objective of a development plan or local area plan, draft development plan or draft local area plan, or proposed variation of a development plan, for the area in which the development is proposed, or

(g) a place or site that has been included by the Minister for Arts, Heritage, Regional, Rural and Gaeltacht Affairs in a list of proposed Natural Heritage Areas published on the website of the National Parks and Wildlife Service,

the Board shall, in making a determination under section 7(1)(a)(i)(I) of the Act of 2016, have regard to the likely significant effects of the proposed development on such site, area, land, place or feature, as appropriate, and include, or refer to, in such determination the main reasons and considerations, with reference to the relevant criteria listed in Schedule 7, on which the determination is based.

(3) Where the Board determines, pursuant to a request under section 7(1)(a)(i)(I) of the Act of 2016, that a proposed development is likely to have a significant effect on the environment, the Board shall notify the prospective applicant that an EIAR is required to be submitted as part of any application for permission for the development.

(4) (a) Paragraph (b) applies where the determination is that the proposed development would not be likely to have significant effects on the environment and the applicant has provided, under article 286(1A), a description of the features, if any, of the proposed development and the measures, if any, envisaged to avoid or prevent what might otherwise have been significant adverse effects on the environment of the development.

(b) The Board shall specify such features, if any, and such measures, if any, in its determination under section 7(1)(a)(i)(I) of the Act of 2016.

Screening for appropriate assessment.

290.

Where the Board determines, pursuant to a request under section 7(1)(a)(i)(II) of the Act of 2016, that a proposed strategic housing development, individually or in combination with another project, is likely to have a significant effect on a European site, the Board shall notify the prospective applicant that a Natura impact statement is required to be submitted as part of any application for permission for the development.

Scoping for environmental impact

Site notice.

292.

(1)

A prospective applicant shall, not later than the day of publication of a notice in accordance with section 8(1) of the Act of 2016, give notice of the intention to make an application by the erection or fixing of a site notice in accordance with this article.

Commented [i755]: Substituted by article 98 of S.I. No. 296/2018 European Union (Planning and Development)(Environmental Impact Assessment) Regulations 2018

(2)

A site notice erected or fixed on any land or structure in accordance with this article shall be—

(a) in the form set out at Form No. 12 of Schedule 3,

(b) subject to sub-article (5), inscribed or printed in indelible ink on a white background, affixed on rigid, durable material and secured against damage from bad weather and other causes, and

(c) subject to sub-article (3), securely erected or fixed in a conspicuous position on or near the main entrance to the land or structure concerned from a public road, or where there is more than one entrance from public roads, on or near all such entrances, or on any other part of the land or structure adjoining a public road, so as to be easily visible and legible by persons using the public road, and shall not be obscured or concealed at any time.

(3)

Where the land or structure to which an application relates does not adjoin a public road, a site notice shall be erected or fixed in a conspicuous position on the land or structure so as to be easily visible and legible by persons outside the land or structure, and shall not be obscured or concealed at any time.

(4)

Where the Board considers that the erection or fixing of a single site notice is not sufficient to comply with the requirements of sub-articles (2) and (3), or does not adequately inform the

public, the Board may require the applicant to erect or fix such further site notice or notices in such a manner and in such terms as it may specify and to submit to the Board such evidence as it may specify in relation to compliance with any such requirements.

(5) Where—

(a) an application is made in respect of any land or structure and section 8(3) of the Act of 2016 is not applied in relation to it, or

(b) a valid planning application under section 34 of the Planning and Development Act 2000 is made in respect of any land or structure,

and a subsequent application or planning application under the said section 34 is made within 6 months from the date of making the application referred to in paragraph (a) or the planning application referred to in paragraph (b) in respect of land substantially consisting of the site or part of the site to which the first-mentioned application related, in lieu of the requirements of sub-article (2)(b), the site notice for the subsequent application or planning application shall be inscribed or printed in indelible ink on a yellow background and affixed on rigid, durable material and be secured against damage from bad weather and other causes.

Time limits for site notice.

293.

A site notice shall be maintained in position on the land or structure concerned for a period of at least 5 weeks from the date of receipt of the application for permission by the Board, shall be renewed or replaced if it is removed or becomes defaced or illegible within that period and shall be removed by the applicant following the notification of the Board's decision under section 9 of the Act of 2016.

Newspaper notice in respect of application.

294.

The notice required to be published under section 8(1)(a) of the Act of 2016 shall be in the form set out at Form No. 13 of Schedule 3.

Authorities to which copy of application must be sent, etc.

295. (1) The prescribed authorities for the purposes of section 8(1)(b)(ii) of the Act of 2016 are as follows:
- (a) (i) An Chomhairle Ealaíon,
(ii) Fáilte Ireland, and
(iii) An Taisce — the National Trust for Ireland,
where the land or structure is situated in an area of special amenity, whether or not an order in respect of that area has been confirmed under section 203 (or deemed to be so confirmed under section 268(1)(c)) of the Planning and Development Act 2000, or that the development or retention of the structure might obstruct any view or prospect of special amenity value or special interest;
- (b) Fáilte Ireland, where the proposed strategic housing development might obstruct or detract from the value of any tourist amenity or tourist amenity works;
- (c) (i) the Minister for Arts, Heritage, Regional, Rural and Gaeltacht Affairs,
(ii) the Heritage Council,
(iii) An Taisce — the National Trust for Ireland,
where the proposed strategic housing development—
- (I) would involve the carrying out of works to a protected structure or proposed protected structure, or to the exterior of a structure which is located within an architectural conservation area,
(II) might detract from the appearance of a structure referred to in sub-paragraph (I),
(III) might affect or be unduly close to—
- (A) a cave, site, feature or other object of archaeological, geological, scientific,

ecological, or historical interest,

(B) a monument or place recorded under section 12 of the National Monuments (Amendment) Act 1994,

(C) a historic monument or archaeological area entered into the Register of Historic Monuments under section 5 of the National Monuments (Amendment) Act 1987 or,

(D) a national monument in the ownership or guardianship of the Minister for Arts, Heritage, Regional, Rural and Gaeltacht Affairs, under the National Monuments Acts 1930 to 2014,

or

- (d) (i) An Chomhairle Ealaíon, and
- (ii) Fáilte Ireland,

where the proposed development—

(I) would involve the carrying out of works to a protected structure or proposed protected structure, or to the exterior of a structure which is located within an architectural conservation area, or

(II) might detract from the appearance of a structure referred to in sub-paragraph (I);

- (e) where the proposed strategic housing development might affect the area of a local authority other than the local authority or authorities in whose functional area or areas the proposed development would be situated, the local authority that might also be affected;
- (f) a regional assembly, where the proposed strategic housing development would not be consistent with or would materially contravene any regional planning guidelines (or objective thereof) of the regional assembly;

- (g) where, if permission were to be granted for the proposed strategic housing development, a condition of a type referred to in sub-article (2) might be attached to such permission, any local authority (other than the local authority or authorities in whose functional area or areas the proposed development would be situated) that would be affected by such a condition;
- (h) (i) Inland Fisheries Ireland, and
- (ii) Waterways Ireland, in the case of waterways in respect of which it exercises functions,
- where the proposed strategic housing development—
- (I) might cause the significant abstraction or addition of water either to or from surface or ground waters, whether naturally occurring or artificial,
- (II) might give rise to significant discharges of polluting matters or other materials to such waters or be likely to cause serious water pollution or the danger of such pollution, or
- (III) would involve the carrying out of works in, over, along or adjacent to the banks of such waters, or to any structure in, over or along the banks of such waters, which might materially affect the waters;
- (i) the Irish Aviation Authority, where the proposed strategic housing development might endanger or interfere with the safety of aircraft or the safe and efficient navigation of aircraft;
- (j) the airport operator, where the proposed strategic housing development might interfere with the operation and development of a licensed airport, whose annual traffic is not less than one million passenger movements;
- (k) Córas Iompair Éireann and Transport Infrastructure Ireland, as appropriate, where the proposed strategic housing development may

have an impact on bus or rail-based transport;

- (l) Transport Infrastructure Ireland, where the proposed strategic housing development—
 - (i) consists of or comprises the formation, laying out or material widening of an access to a national road within the meaning of section 2 of the Roads Act 1993, not being a national road within a built-up area within the meaning of section 45 of the Road Traffic Act 1961, or
 - (ii) might give rise to significant increase in the volume of traffic using a national road;
- (m) the National Transport Authority, where the proposed strategic housing development might significantly impact on surface transport in the Greater Dublin area;
- (n) the Environmental Protection Agency, where the proposed strategic housing development includes an activity requiring an integrated pollution control licence or a waste licence;
- (o) the Minister for Transport, Tourism and Sport, where the proposed strategic housing development might significantly impact on transport or maritime navigation;
- (p) (i) the Minister for Arts, Heritage, Regional, Rural and Gaeltacht Affairs,
 - (ii) the Heritage Council and
 - (iii) An Taisce — the National Trust for Ireland, where the proposed strategic housing development might have significant effects in relation to nature conservation;
- (q) (i) the Minister for Arts, Heritage, Regional, Rural and Gaeltacht Affairs, and
 - (ii) Údarás na Gaeltachta,

where the proposed strategic housing development is in a Gaeltacht area and it appears to the Board that it might materially affect the linguistic and cultural heritage of the Gaeltacht, including the promotion of Irish as the community language;

- (r) the Minister for Justice and Equality, where the proposed strategic housing development is in the vicinity of an explosives factory, storage magazine, or local authority explosives store;
- (s) (i) the Minister for Agriculture, Food and the Marine, and
(ii) the Heritage Council,

where the proposed strategic housing development involves initial afforestation or the removal of broadleaf high forest;

- (t) the Health Service Executive, where the proposed strategic housing development might have significant effects on public health;
- (u) (i) the Minister, and
(ii) the Minister for Agriculture, Food and the Marine,

where the proposed strategic housing development might impact on the foreshore;

- (v) the Commission for Energy Regulation, where the proposed strategic housing development may have an impact on energy infrastructure;
- (w) where the proposed strategic housing development might—
 - (i) give rise to a significant increase in the volume or type of traffic (including construction traffic) passing under a height-restricted railway bridge, or using a railway level crossing or a bridge over a railway,
 - (ii) because of its proximity to a railway, impact on the structural integrity of railway

infrastructure during construction of the development, or

(iii) endanger or interfere with the safe operation of a railway, during or after construction,

- the railway operator, the Commission for Railway Regulation and, in the case of development which might impact on a light railway or metro, Transport Infrastructure Ireland;

(x) Irish Water, where the proposed strategic housing development might impact on the provision of public water services.

(2) The conditions referred to in sub-article (1)(g) are conditions requiring the provision of roads, including traffic calming measures, open spaces, car parks, sewers, watermains or drains, facilities for the collection or storage of recyclable materials and other public facilities in excess of the immediate needs of the proposed development, subject to the relevant local authority paying for the cost of the additional works and taking them in charge or otherwise entering into an agreement with the applicant with respect to the provision of those public facilities.

(3) A notice to prescribed authorities under section 8(1)(b)(ii) of the Act of 2016 shall indicate the types of decision the Board may make in relation to the application.

(4) Where a prescribed authority to whom a copy of a strategic housing development application is sent pursuant to section 8(1)(b)(ii) of the Act of 2016 does not make a submission or observations in relation to the application within the period of 5 weeks beginning on the date of receipt by the Board of the application, the Board may determine the application without further notice to that authority.

(iii) in yellow, any wayleaves, and

(iv) the position of the site notice or notices erected or fixed to the land or structure pursuant to article 292,

(d) where it is proposed to connect the development to a public water or wastewater network, or both, evidence that Irish Water has confirmed that it is feasible to provide the appropriate service or services and that the relevant water network or networks have the capacity to service the development,

(e) where it is proposed to dispose of wastewater from the proposed development other than to a public sewer, information on the on-site treatment system proposed and evidence as to the suitability of the site for the system proposed,

(f) the documents, particulars, plans, drawings and maps referred to in sub-article (4),

(g) in the case of an application for permission for a proposed development to which section 96 of the Planning and Development Act 2000 applies, details as to how the applicant proposes to comply with a condition referred to in subsection (2) of that section to which the permission, if granted, would be subject, including—

(i) details of such part or parts of the land which is subject to the application for permission or is or are specified by the Part V agreement, or houses situated on such aforementioned land or elsewhere in the functional area of the planning authority concerned that is or are proposed to be transferred to that planning authority, or details of houses situated on such aforementioned land or elsewhere in the planning authority's functional area proposed to be leased to the planning authority, or

details of any combination of the foregoing,
and

(ii) details of the calculations and methodology for calculating values of land, site costs, normal construction and development costs and profit on those costs and other related costs such as an appropriate share of any common development works as required to comply with the provisions in Part V of the Planning and Development Act 2000,

(h) where that Part V applies to the proposed development, a layout plan showing the location and types of houses proposed to be transferred or leased to the planning authority under that Part,

(i) where the applicant is not the owner of the land or structure concerned, the written consent of the owner to make the application, and

(j) the appropriate fee.

(3) Where, under section 6(7) of the Act of 2016, the Board issued a notice to the prospective applicant of its opinion that the documents enclosed with the request for pre-application consultations required further consideration and amendment in order to constitute a reasonable basis for an application for permission, the application shall be accompanied by a statement of the proposals included in the application to address the issues set out in the notice.

(4) (a) An application referred to in sub-article (1) shall be accompanied by such plans (including a site or layout plan and drawings of existing and proposed floor plans, elevations and sections which comply with the requirements of article 298) and such other particulars as are necessary to describe the works to which the application relates together with any information specified by the Board under article 285(5)(b).

(b) An application referred to in sub-article (1) consisting of or mainly consisting of the making

of any material change in the use of any structure or other land shall be accompanied by—

(i) a statement of the existing use and of the use proposed, together with particulars of the nature and extent of any such proposed use,

(ii) such plans (including a site or layout plan and drawings of existing and proposed floor plans, elevations and sections that comply with the requirements of article 298), and such other particulars as are necessary to describe the works proposed, and

(iii) such plans and such other particulars as are necessary to identify the area to which the application relates.

(4A) Where an opinion has been provided for the purposes of section 7(1)(b) of the Act of 2016 in respect of what information will be required to be contained in the EIAR, the EIAR shall be based on that opinion, and include the information that may reasonably be required for reaching a reasoned conclusion on the significant effects on the environment of the proposed development, taking into account current knowledge and methods of assessment.

(5) An applicant shall submit to the Board 2 printed copies of his or her application for permission for a proposed strategic housing development, together with 3 copies of the application in a machine readable form on digital devices.

(6) An applicant shall submit to the planning authority or each authority in whose area the proposed strategic housing development would be situated 6 printed copies of his or her application for permission for a proposed strategic housing development, together with one copy of the application in a machine readable form on a digital device.

(7) Where the application is accompanied by an EIAR, the EIAR shall be searchable by electronic means as far as practicable.

Requirements for particulars to accompany an application under article 297.

298. (1) Plans, drawings and maps accompanying an application shall be in metric scale and comply with the following requirements:
- (a) site or layout plans shall be drawn to a scale (which shall be indicated thereon) of not less than 1:500 or such other scale as may be agreed with the Board prior to the submission of the application in any particular case, the site boundary shall be clearly delineated in red, and buildings, roads, boundaries, septic tanks and percolation areas, bored wells, significant tree stands and other features on, adjoining or in the vicinity of the land or structure to which the application relates shall be shown;
 - (b) other plans, elevations and sections shall be drawn to a scale of not less than 1:200 (which shall be indicated thereon), or such other scale as may be agreed by the applicant with the Board prior to the submission of the application;
 - (c) the site layout plan and other plans shall show the level or contours, where applicable, of the land and the proposed structures relative to Ordnance Survey datum or a temporary local benchmark, whichever is more appropriate;
 - (d) drawings of elevations of any proposed structure shall show the main features of any buildings which would be contiguous to the proposed structure if it were erected, whether on the application site or in the vicinity, at a scale of not less than 1:200, as may be appropriate, and where the proposed development would involve work to a protected structure or proposed protected structure, shall show the main features of any buildings within the curtilage of the structure which would be materially affected by the proposed development;
 - (e) plans relating to works comprising reconstruction, alteration or extension of a structure shall be so marked or coloured as to distinguish between the existing structure and the works proposed;

(f) plans and drawings of floor plans, elevations and sections shall indicate in figures the principal dimensions (including overall height) of any proposed structure and the site, and site or layout plans shall indicate the distances of any such structure from the boundaries of the site;

(g) any map or plan which is based on an Ordnance Survey map shall indicate the relevant Ordnance Survey sheet number;

(h) the north point shall be indicated on all maps and plans other than drawings of elevations and sections and maps or plans referred to in paragraph (g) of this sub-article.

(2) An application for proposed development consisting of or comprising the carrying out of works to a protected structure, or proposed protected structure or to the exterior of a structure which is located within an architectural conservation area, shall, in addition to meeting the requirements of sub-article (1), be accompanied by such photographs, plans and other particulars as are necessary to show how the proposed development would affect the character of the structure.

Actions following receipt of application.

299. (1) For the purposes of section 8(3)(a) of the Act of 2016, in a case where the Board is satisfied that the applicant has complied with the provisions of articles 292 and 293 but that any site notice erected by the applicant has been maliciously defaced or destroyed by any person other than the applicant, the Board shall not, on that account, consider that the application is inadequate or incomplete.

(2) Where the Board decides, under section 8(3)(a) of the Act of 2016, to refuse to deal with an application made to it under section 4(1) of that Act, the Board shall—

(a) request the applicant to remove the site notice or notices erected or fixed pursuant to article 292(1), and

(b) inform—
400

(i) the planning authority or authorities in whose functional area or areas the proposed development would be situated,

(ii) any person or body to which a copy of the application has been sent under paragraph (b) or (c) of section 8(1) of that Act, and

(iii) any person or body who made a submission or observations on the application under section 8(1)(a)(vii) of that Act,

of its decision, stating its reasons for it, and, in the case where a person or body referred to in sub-paragraph (iii) has made a submission or observations on the application, return any fee paid in respect of such submission or observations, and

(c) publish the decision on its website.

EIAR submitted with sub-threshold application.

299A.

Where a planning application for a sub-threshold development is accompanied by an EIAR and a request for a determination under section 7(1)(a)(i)(I) of the Act of 2016 was not made, the application shall be dealt with as if the EIAR had been submitted in accordance with section 172(1) of the Act.

Commented [i762]: Article 299A is inserted by article 94 of S.I. No. 296/2018 European Union (Planning and Development)(Environmental Impact Assessment) Regulations 2018

Requirements in relation to environmental impact assessment for subthreshold development where no screening determination was made under section 7 of Act of 2016.

299B.

(a) Paragraph (b) applies where—

(i) a planning application for a sub-threshold development is made and a request for a determination under section 7(1)(a)(i)(I) of the Act of 2016 was not made, and

(ii) such application is not accompanied by an EIAR.

(b) (i) The Board shall carry out a preliminary examination of, at the least, the nature, size or location of the development.

(ii) Where the Board concludes, based on such preliminary examination, that—

Commented [i763]: Article 299B is inserted by article 94 of S.I. No. 296/2018 European Union (Planning and Development)(Environmental Impact Assessment) Regulations 2018

(I) there is no real likelihood of significant effects on the environment arising from the proposed development, it shall conclude that an EIA is not required,

(II) there is significant and realistic doubt in regard to the likelihood of significant effects on the environment arising from the proposed development, it shall satisfy itself that the applicant has provided to the Board

(A) the information specified in Schedule 7A,

(B) any further relevant information on the characteristics of the proposed development and its likely significant effects on the environment, and

(C) a statement indicating how the available results of other relevant assessments of the effects on the environment carried out pursuant to European Union legislation other than the Environmental Impact Assessment Directive have been taken into account.

(c) The information referred to in paragraph (b)(ii)(II) may be accompanied by a description of the features, if any, of the proposed development and the measures, if any, envisaged to avoid or prevent what might otherwise have been significant adverse effects on the environment of the development.

(2) (a) Where the information referred to in sub-article (1)(b)(ii)(II) was not provided by the applicant, the Board shall refuse to deal with the application pursuant to section 8(3)(a) of the Act of 2016.

(b) (i) Where the information referred to in sub-article (1)(b)(ii)(II) was provided by the applicant, the Board shall carry out an examination of, at the least, the nature, size or location of the development for the purposes of a screening determination.

(ii) The Board shall make a screening determination and—

(I) if such determination is that there is no real likelihood of significant effects on the environment arising from the proposed development, it shall determine that an EIA is not required, or

(II) if such determination is that there is a real likelihood of significant effects on the environment arising from the proposed development, it shall—

(A) determine that the development would be likely to have such effects, and

(B) refuse to deal with the application pursuant to section 8(3)(a) of the Act of 2016.

Screening determination for EIA for sub-threshold development where no screening determination was made under section 7 of Act of 2016.

- 299C. (1) (a) The Board shall, in carrying out its screening determination under article 299B(2)(b) whether there is no real likelihood of significant effects on the environment arising from a proposed development or there is a real likelihood of significant effects on the environment arising from the proposed development, have regard to—
- (i) the criteria set out in Schedule 7,
 - (ii) the information submitted pursuant to Schedule 7A,
 - (iii) the information referred to in article 299B(1)(b)(ii)(II) and the description, if any, referred to in article 299B(1)(c),
 - (iv) the available results, where relevant, of preliminary verifications or assessments of the effects on the environment carried out pursuant to European Union legislation other than the Environmental Impact Assessment Directive, and

(v) in respect of a proposed development which would be located on, or in, or have the potential to impact on—

(I) a European site,

(II) an area the subject of a notice under section 16(2)(b) of the Wildlife (Amendment) Act 2000 (No.38 of 2000),

(III) an area designated as a natural heritage area under section 18 of the Wildlife (Amendment) Act 2000,

(IV) land established or recognised as a nature reserve within the meaning of section 15 or 16 of the Wildlife Act 1976 (No. 39 of 1976).

(V) land designated as a refuge for flora or as a refuge for fauna under section 17 of the Wildlife Act 1976,

(VI) a place, site or feature of ecological interest, the preservation, conservation or protection of which is an objective of a development plan or local area plan, draft development plan or draft local area plan, or proposed variation of a development plan, for the area in which the development is proposed, or

(VII) a place or site which has been included by the Minister for Culture, Heritage and the Gaeltacht in a list of proposed Natural Heritage Areas published on the National Parks and Wildlife Service website,

the likely significant effects of the development on such site, area, land, place or feature, as appropriate.

(b) The Board shall—

(i) include, or refer to, in its screening determination under article 299B the main reasons and considerations, with reference

to the relevant criteria listed in Schedule 7, on which the determination is based, and

(ii) cause such determination to be placed and kept with the documents relating to the planning application.

(2) (a) Paragraph (b) applies where the screening determination is that the proposed development would not be likely to have significant effects on the environment and the applicant has provided, under article 299B(1)(c), a description of the features, if any, of the proposed development and the measures, if any, envisaged to avoid or prevent what might otherwise have been significant adverse effects on the environment of the development.

(b) The Board shall specify such features, if any, and such measures, if any, in the screening determination. (3) Article 299B and this article shall not apply to an application for a proposed strategic housing development in respect of which a determination under section 7(1)(a)(i)(I) of the Act of 2016 has been made.

(3) Article 299B and this article shall not apply to an application for a proposed strategic housing development in respect of which a determination under section 7 (1)(a)(i)(I) of the Act of 2016 has been made.

Major accidents.

300.

(1) Where the proposed strategic housing development—

(a) will be of a category listed in Table 1 of Schedule 8,

(b) will be located within the distance listed in column 2 of Table 2 of Schedule 8 from an establishment of the corresponding type listed in column 1 of Table 2, or be located within such distance from a particular establishment as has been specified by the Health and Safety Authority in technical advice provided under article 27 of the Major Accident Regulations,

(c) relates to the provision of, or modifications to, an establishment, or

(d) would, in the opinion of the Board, be in the vicinity of, or impact on, an establishment and be relevant to the risk or consequences of a major accident,

and the Health and Safety Authority has not previously provided to the Board, either in relation to the proposed development or on a generic basis, relevant technical advice on the risk or consequences of a major accident, the Board shall notify the Health and Safety Authority.

(2) In forming an opinion pursuant to sub-article (1)(d), the Board shall have regard to Tables 1 and 2 of Schedule 8.

(3) A notice sent by the Board under sub-article (1) shall—

(a) issue as soon as may be following receipt of the application,

(b) include a copy in both printed and electronic form of the application and EIAR,

(c) identify the relevant establishment or establishments, and

(d) request technical advice on the effects of the proposed development on the risk or consequences of a major accident.

(4) In addition to the requirements of article 306, in the case of an application to which this article refers, the list shall indicate that fact.

(5) A notice required to be published under section 8(1) of the Act of 2016 shall, in the case of an application to which this article refers, indicate that fact.

Making of application,

- (2) As soon as may be after receipt of an application, the Board and the planning authority or authorities in whose functional area or areas the proposed development would be situated shall, for the period expiring 8 weeks following the sending by the Board to the applicant of a copy of its decision on the application, make a copy of the application available for inspection or purchase at a fee not exceeding the reasonable cost of making a copy at their offices during public opening hours.

(2A) Where an EIAR is submitted with an application, the Board shall place on its website for inspection by members of the public, from as soon as may be after receipt of such application, the following:

Commented [i767]: Sub-article 301(2A) is inserted by article 95(a) of S.I. No. 296/2018 European Union (Planning and Development)(Environmental Impact Assessment) Regulations 2018

- (i) the application;
- (ii) the EIAR;
- (iii) the notice or notices, as the case may be, published in one or more newspapers circulating in the area in which it is proposed to carry out the development, or in which the development is located, indicating the nature and location of the development;
- (iv) any other relevant material or information.

- (3) The applicant shall make a copy of an application available for inspection on the Internet at a web address set up for the purpose for the period commencing on the date of making the application and expiring 8 weeks following the sending by the Board to the applicant of a copy of its decision on the application.

(4) Where an EIAR is included with a copy of an application made available in accordance with sub-article (3), the EIAR shall be searchable by electronic means as far as practicable.

Notification of URL and reference number of application.

301A. As soon as may be after placing any EIAR on its website pursuant to article 301(2A), the Board shall send to the EIA portal in electronic form in the manner set out on the portal—

(a) a copy of the confirmation notice or notices, as the case may be,

(b) the Board's file reference number of the application, and

(c) the URL to the documents placed on its website pursuant to article 301(2A).

Commented [i769]: Article 301A is inserted by article 96 of S.I. No. 296/2018 European Union (Planning and Development)(Environmental Impact Assessment) Regulations 2018

Submissions or observations in relation to application.

302 (1) Any submission or observations made in writing to the Board by a person, authority or body in relation to an application shall state—

(a) the name of the person, authority or body making the submission or observation, the name of the person, if any, acting on behalf of that person, authority or body, and the address to which any correspondence relating to the application should be sent,

(b) the subject matter of the submission or observations, and

(c) the reasons, considerations and arguments on which the submission or observations is or are based,

(2) Where the Board so consents, a submission or observations under sub-article (1) may be made in electronic form.

(3) Subject to sub-article (4), the Board shall acknowledge in writing the receipt of any submission or observations referred to in sub-article (1) as soon as may be following receipt of the submission or observation.

(4) Where a submission or observations made under section 8(1)(a)(vii) of the Act of 2016 is not accompanied by the appropriate fee, the Board shall, as soon as may be, inform the person, authority or body concerned that the submission

or observations cannot be considered for that reason and the Board shall return to that person, authority or body the submission or observations and any part of the fee that accompanied it.

(5) (a) Except in the case of a submission or observations to which sub-article (6)(b) applies, where a submission or observations are received by the Board after the expiry of the period of 5 weeks beginning on the date of receipt of the application, the Board shall return to the person, authority or body concerned the submission or observations received and the fee and notify the person, authority or body that the submission or observations cannot be considered by the Board.

(b) Within 3 working days of expiry of the period of 5 weeks from the receipt by the Board of an application, the Board shall send to the planning authority or authorities in whose functional area or areas the proposed development would be situated copies of any submissions or observations duly received that have not previously been sent to such authority or authorities.

(6) (a) Without prejudice to paragraph (b), a person, authority or body who makes a submission or observations to the Board in accordance with this article shall not be entitled to elaborate upon the submission or observations or make a further submission or observations in relation to the application and any such elaboration, submission or observations that is or are received by the Board shall not be considered by it.

(b) The Board may, at any time before making its decision, request any person, authority or body to make a submission or observations or elaborate upon a submission or observations in relation to an application.

Period for making a decision on application where oral

Where the Board holds an oral hearing of an application, the Board shall make its decision on the application within 24 weeks beginning on the day the planning application was lodged with the Board.

hearing is held.

Additional requirement for notice of Board's decision on application.

304.

Any notice of a decision made by the Board in respect of an application shall state that, in making a decision, the Board has had regard to any submissions or observations duly received in relation to the application.

Part payment by Board to planning authority of application fee.

305.

(1)

On the making of a decision under section 9 of the Act of 2016 on an application, the Board shall, subject to sub-articles (2) and (3), pay to the planning authority or authorities in whose functional area or areas the proposed development would be situated 50 per cent of the fee paid by the applicant to the Board under section 144 (1A)(b) of the Planning and Development Act 2000.

(2)

In a case where the proposed development would be situated in the functional area of more than one planning authority, the Board shall pay to each authority concerned that proportion of the total amount payable under sub-article (1) that is equal to the proportion of the gross floor space area of the proposed development that is in the functional area of the authority concerned.

(3)

In a case where a planning authority fails to submit to the Board a report of its Chief Executive referred to in section 8(5)(a) of the Act of 2016 within 8 weeks and 3 working days from the receipt by the authority of a copy of an application and the Board fails to make a decision on an application within the period specified in section 9(9)(a) of that Act or as may be prescribed under section 9(10) of that Act, or within the period specified in article 303, as appropriate, the Board shall not pay to the planning authority or authorities in whose functional area or areas the proposed development would be situated any proportion of the fee paid to the Board under section 144 (1A)(b) of the Planning and Development Act 2000.

SCHEDULE 2A

Criteria for determining whether a plan or programme is likely to have significant effects on the environment

Articles 13A, 13K and 14A

1. The characteristics of the plan or programme having regard, in particular, to:
 - the degree to which the plan or programme sets a framework for projects and other activities, either with regard to the location, nature, size and operating conditions or by allocating resources,
 - the degree to which the plan or programme influences other plans, including those in a hierarchy,
 - the relevance of the plan or programme for the integration of environmental considerations in particular with a view to promoting sustainable development,
 - environmental problems relevant to the plan or programme,
 - the relevance of the plan or programme for the implementation of European Union legislation on the environment (e.g. plans linked to waste-management or water protection).
2. Characteristics of the effects and of the area likely to be affected, having regard, in particular, to:
 - the probability, duration, frequency and reversibility of the effects,
 - the cumulative nature of the effects,
 - the transboundary nature of the effects,
 - the risks to human health or the environment (e.g. due to accidents),
 - the value and vulnerability of the area likely to be affected due to:
 - (a) special natural characteristics or cultural heritage,
 - (b) exceeded environmental quality standards or limit values,
 - (c) intensive land-use,
 - the effects on areas or landscapes which have a recognised national, European Union or international protection status.

Commented [i838]: Schedule 2A was inserted by article 12 of S.I. No. 436/2004 Planning and Development (Strategic Environmental Assessment) Regulations 2004

SCHEDULE 2B

Information to be contained in an environmental report

Articles 13E, 13N, 14D, 15D and 179C

The following information shall be included in an environmental report—

- (a) an outline of the contents and main objectives of the **plan or programme** and relationship with other relevant plans;
- (b) the relevant aspects of the current state of the environment and the likely evolution thereof without implementation of the **plan or programme**;
- (c) the environmental characteristics of areas likely to be significantly affected;
- (d) any existing environmental problems which are relevant to the **plan or programme** including, in particular, those relating to any areas of a particular environmental importance, such as areas designated pursuant to the Birds Directive or Habitats Directive;
- (e) the environmental protection objectives, established at international, European Union or national level, which are relevant to the **plan or programme** and the way those objectives and any environmental considerations have been taken into account during its preparation;
- (f) the likely significant effects¹ on the environment, including on issues such as biodiversity, population, human health, fauna, flora, soil, water, air, climatic factors, material assets, cultural heritage including architectural and archaeological heritage, landscape and the interrelationship between the above factors;
- (g) the measures envisaged to prevent, reduce and as fully as possible offset any significant adverse effects on the environment of implementing the **plan or programme**;
- (h) an outline of the reasons for selecting the alternatives dealt with, and a description of how the assessment was undertaken including any difficulties (such as technical deficiencies or lack of know-how) encountered in compiling the required information;
- (i) a description of the measures envisaged concerning monitoring of the significant environmental effects of implementation of the **plan or programme**;
- (j) a non-technical summary of the information provided under the above headings.

1. The name of the planning authority to which the planning application will be made should be inserted here
2. The name of the applicant for permission (and not his or her agent) should be inserted here
3. Delete as appropriate. The types of permission which may be sought are—
 - (a) permission,
 - (b) retention permission,
 - (c) outline permission,
 - (d) permission consequent on the grant of outline permission. If this type of permission is being sought, the reference number on the planning register of the relevant outline permission should be included
4. The location, townland or postal address of the land or structure to which the application relates should be inserted here
5. Delete as appropriate. The present tense should be used where retention permission is being sought
6. A brief description of the nature and extent of the development should be inserted here. The description should include—
 - (a) where the application relates to development consisting of or comprising the provision of houses, the number of houses to be provided. ‘Houses’ includes buildings designed as 2 or more dwellings or flats, apartments or other dwellings within a building,

- (b) where the application relates to the retention of a structure, the nature of the proposed use of the structure and, where appropriate, the period for which it is proposed to retain the structure,
 - (c) where the application relates to development which would consist of or comprise the carrying out of works to a protected structure or proposed protected structure, an indication of that fact,
 - (d) where an environmental impact assessment report or Natura impact statement has been prepared in respect of the planning application, an indication of that fact
 - (e) where the application relates to development which comprises or is for the purposes of an activity requiring an integrated pollution control licence or a waste licence, an indication of that fact,
 - (f) where a planning application relates to development consisting of the provision of, or modifications to an establishment within the meaning of Part 11 of these Regulations (Major Accidents Directive), an indication of that fact,
 - (g) where the application is accompanied by an opinion on unconfirmed details an indication of that fact.
7. Either the signature of the applicant or the signature and contact address of the person acting on behalf of the applicant should be inserted here

Planning Application Form

PLANNING APPLICATION FORM

BEFORE FILLING OUT THIS FORM PLEASE NOTE THE FOLLOWING

Failure to complete this form or attach the necessary documentation, or the submission of incorrect information or omission of required information will lead to the invalidation of your application. Therefore please ensure that each section of this application form is fully completed and signed, entering n/a (not applicable) where appropriate, and that all necessary documentation is attached to the application form.

ADDITIONAL INFORMATION

It should be noted that each planning authority has its own development plan, which sets out local development policies and objectives for its own area. The authority may therefore need supplementary information (i.e. other than that required in this form) in order to determine whether the application conforms with the development plan and may request this on a supplementary application form.

Failure to supply the supplementary information will not invalidate your planning application but may delay the decision-making process or lead to a refusal of permission. Therefore applicants should contact the relevant planning authority to determine what local policies and objectives would apply to the development proposed and whether additional information is required.

OTHER STATUTORY CODES

An applicant will not be entitled solely by reason of a planning permission to carry out the development. The applicant may need other consents, depending on the type of development. For example, all new buildings, extensions and alterations to, and certain changes of use of existing buildings must comply with building regulations, which set out basic design and construction requirements. Also any works causing the deterioration or destruction of the breeding and resting places of bats, otters, natterjack toads, Kerry slugs and certain marine animals constitute a criminal offence unless covered by a derogation licence issued by the Minister for Culture, Heritage and the

Gaeltacht (pursuant to Article 16 of the Habitats Directive).

DATA PROTECTION

It is the responsibility of persons or entities wishing to use any personal data on a planning application form for direct marketing purposes to be satisfied that they may do so legitimately under the requirements of the Data Protection Acts 1988 to 2018. The Office of the Data Protection Commissioner states that the sending of marketing material to individuals without consent may result in action by the Data Protection Commissioner against the sender including prosecution.

Directions for completing this form

Commented [i858]: Directions for Form No. 2 are substituted by Article 99(b) of S.I. No. 296/2018 European Union (Planning and Development) (Environmental Impact Assessment) Regulations 2018

1. Grid reference in terms of the Irish Transverse Mercator.
2. “The applicant” means the person seeking the planning permission, not an agent acting on his or her behalf.
3. Where the plans have been drawn up by a firm/company the name of the person primarily responsible for the preparation of the drawings and plans, on behalf of that firm/company, should be given.
4. A brief description of the nature and extent of the development, including reference to the number and height of buildings, protected structures, etc.

(4A) Where the application is accompanied by an opinion on unconfirmed details, the application shall include an indication of that fact.

Commented [i859]: Direction (4A) is inserted by article 8 of S.I. No. 655/2023 Planning and Development (Amendment) (No. 3) Regulations 2023

5. Gross floor space means the area ascertained by the internal measurement of the floor space on each floor of a building, that is, floor areas must be measured from inside the external wall.

6. Where the existing land or structure is not in use please state most recent authorised use of the land or structure.

Commented [i860]: Substituted by article 6 of S.I. No. 387 of 2015 Planning and Development (Amendment)(No. 3) Regulations 2015

7. Part V of the Planning and Development Act 2000 applies where—

- there is an application for the development of houses on land

Commented [i861]: Substituted by article 7(d) of S.I. No. 588/2021 Planning and Development (Amendment) (No. 3) Regulations 2021

, and

Commented [i862]: Some text here was deleted by article 7(d) of S.I. No. 588/2021 Planning and Development (Amendment) (No. 3) Regulations 2021

- the proposed development is not exempt from Part V

8. Under section 97 of the Planning and Development Act 2000, applications involving development of 4 or fewer houses or development on land of less than 0.1 hectare may be exempt from Part V.

Commented [i863]: Amended by article 6 of S.I. No. 387 of 2015 Planning and Development (Amendment)(No. 3) Regulations 2015; and subsequently amended by article 7(e) of S.I. No. 588/2021 Planning and Development (Amendment) (No. 3) Regulations 2021

9. Under section 96(13) of the Planning and Development Act 2000, Part V does not apply to certain housing developments by approved voluntary housing bodies, certain conversions, the carrying out of works to an existing house or the development of houses under an agreement made under section 96 of the Act.
10. The Record of Monuments and Places, under section 12 of the National Monuments Amendment Act 1994, is available, for each county, in the local authorities and public libraries in that county. Please note also that if the proposed development affects or is close to a national monument which, under the National Monuments Acts 1930 to 2004, is in the ownership or guardianship of the Minister for Culture, Heritage and the Gaeltacht or a local authority, or is the subject of a preservation order or a temporary preservation order, a separate statutory consent is required, under the National Monuments Acts, from the Minister for Culture, Heritage and the Gaeltacht. For information on whether national monuments are in the ownership or guardianship of the Minister for Culture, Heritage and the Gaeltacht or a local authority or are the subject of preservation orders, contact the National Monuments Section, Department of Culture, Heritage and the Gaeltacht.
11. An environmental impact assessment report (EIAR) and the confirmation notice from the EIA portal are required to accompany a planning application for development of a class set out in Schedule 5 of the Planning and Development Regulations 2001-2018 which equals or exceeds, as the case may be, a limit, quantity or threshold set for that class of development. An EIAR and confirmation notice from the EIA portal will also be required by the planning authority in respect of sub-threshold development where the authority considers that the development would be likely to have significant effects on the environment (article 103).
12. An appropriate assessment of proposed development is required in cases where it cannot be excluded that the proposed development would have a significant effect on a European site. It is the responsibility of the planning authority to screen proposed developments to determine whether an appropriate assessment is required and where the authority determines that an appropriate assessment is required, the authority will normally require the applicant to submit a Natura impact statement (NIS). Where the applicant considers that the proposed development is likely to have a significant effect on a European site it is open to him/her to submit a NIS with the planning application.
13. The appeal must be determined or withdrawn before another similar application can be made.

14. A formal pre-application consultation may only occur under Section 247 of the Planning and Development Act 2000. An applicant should contact his or her planning authority if he/she wishes to avail of a pre-application consultation. In the case of residential development to which Part V of the 2000 Act applies, applicants are advised to avail of the pre-application consultation facility in order to ensure that a Part V agreement in principle can be reached in advance of the planning application being submitted. In the case where a mandatory section 247 consultation is prescribed in the Planning and Development Act 2000, this consultation must be completed prior to lodging a planning application.

Commented [i864]: Inserted by article 7(f) of S.I. 588/2021 Planning and Development (Amendment) (No. 3) Regulations 2021

15. The list of approved newspapers, for the purpose of giving notice of intention to make a planning application, is available from the planning authority to which the application will be submitted.

16. All plans, drawings and maps submitted to the planning authority should be in accordance with the requirements of the Planning and Development Regulations 2001-2018.

17. The location of the site notice(s) should be shown on site location map.

18. See Schedule 9 of Planning and Development Regulations 2001. If a reduced fee is tendered, details of previous relevant payments and planning permissions should be given. If exemption from payment of fees is being claimed under article 157 of the 2001 Regulations, evidence to prove eligibility for exemption should be submitted.

Application to An Bord Pleanála for substitute consent

APPLICATION TO AN BORD PLEANÁLA FOR SUBSTITUTE CONSENT

BEFORE FILLING OUT THIS FORM PLEASE NOTE THE FOLLOWING

Failure to complete this form or attach the necessary documentation, or the submission of incorrect information or omission of required information will lead to the invalidation of your application. Therefore please ensure that each section of this application form is fully completed and signed, entering n/a (not applicable) where appropriate, and that all necessary documentation is attached to the application form.

ADDITIONAL INFORMATION

It should be noted that each planning authority has its own development plan, which sets out local development policies and objectives for its own area. The authority may therefore need supplementary information (i.e. other than that required in this form) in order to determine whether the application conforms with the development plan and may request this on a supplementary application form.

Failure to supply the supplementary information will not invalidate your planning application but may delay the decision-making process or lead to a refusal of permission. Therefore applicants should contact the relevant planning authority to determine what local policies and objectives would apply to the development proposed and whether additional information is required.

OTHER STATUTORY CODES

An applicant will not be entitled solely by reason of a planning permission to carry out the development. The applicant may need other consents, depending on the type of development. For example, all new buildings, extensions and alterations to, and certain changes of use of existing buildings must comply with building regulations, which set out basic design and construction requirements. Also any works causing the deterioration or destruction of the breeding and resting places of bats, otters, natterjack toads, Kerry slugs and certain marine animals constitute a criminal

office unless covered by a derogation licence issued by the Minister for Culture, Heritage and the Gaeltacht (pursuant to Article 16 of the Habitats Directive).

DATA PROTECTION

It is the responsibility of persons or entities wishing to use any personal data on a planning application form for direct marketing purposes to be satisfied that they may do so legitimately under the requirements of the Data Protection Acts 1988 to 2018. The Office of the Data Protection Commissioner states that the sending of marketing material to individuals without consent may result in action by the Data Protection Commissioner against the sender including prosecution.

Directions for completing this request form

- 1 A prospective applicant must send 2 printed copies of the request to the Board, together with 3 copies of the request in a machine readable form on digital devices. A prospective applicant must send 6 printed copies of the request, together with one copy of the request in a machine readable form on a digital device, to the planning authority or each authority where the proposed strategic housing development would be situated in the area of more than one authority.
- 2 In this form, 'prospective applicant' means the person seeking the planning permission, not an agent acting on his or her behalf. Where there is more than one applicant, the details of all applicants should be inserted, as required, on the form.
- 3 Where the plans have been drawn up by a firm/company the name of the person primarily responsible for the preparation of the drawings and plans, on behalf of that firm/company, should be stated.
- 4 In this form, 'planning authority' means the planning authority in whose area the proposed strategic housing development would be situated. Where the proposed development would be situated in the area of more than one planning authority, the relevant details should be supplied separately in respect of each such authority.
- 5 The site location map shall be drawn to a scale (which shall be indicated thereon) of not less than 1:500, with the site boundary clearly delineated in red.
- 6 Where available, please provide the application site boundary, as shown in the submitted plans/drawings, as an ESRI shapefile in the Irish Transverse Mercator (ITM IRENET95) co-ordinate reference system. Alternatively, a CAD file in .dwg format, with all geometry referenced to ITM, may be provided.
- 7 The draft layout plan shall be drawn to a scale (which shall be indicated thereon) of not less than 1:500, shall show buildings, roads, boundaries, septic tanks and percolation areas, bored wells, significant tree stands and other features on, adjoining or in the vicinity of the land or structure to which the application relates.

- 8 Gross floor space means the area ascertained by the internal measurement of the floor space on each floor of a building (including internal walls and partitions), i.e. floor areas must be measured from inside the external wall, disregarding any floor space provided for the parking of vehicles by persons occupying or using the building or buildings where such floor space is incidental to the primary purpose of the building.
- 9 Insert proposed number of childcare spaces.
- 10 An Environmental Impact Assessment Report (EIAR) is required to accompany an application for permission for strategic housing development of a class set out in Schedule 5 of the Planning and Development Regulations 2001-2018 which equals or exceeds, as the case may be, a limit, quantity or threshold set for that class of development. An EIAR will be required in respect of sub-threshold strategic housing development where the Board considers that the proposed development would be likely to have significant effects on the environment. Under section 7(1)(a)(i)(I) of the Planning and Development (Housing) and Residential Tenancies Act 2016, a prospective applicant may, following the pre-application consultation meeting with the Board, request the Board to make an EIA screening determination in respect of a proposed strategic housing development.
- 11 An appropriate assessment (AA) is required to accompany an application for permission for strategic housing development in cases where it cannot be excluded that the proposed development would have a significant effect on a European site. Under section 7(1)(a)(i)(II) of the Planning and Development (Housing) and Residential Tenancies Act 2016, a prospective applicant may, following the pre-application consultation meeting with the Board, request the Board to carry out an AA screening in respect of a proposed strategic housing development.
- 12 (a) National Monuments

A list of national monuments in the ownership or guardianship of the Minister for Culture, Heritage and the Gaeltacht is available for download from the National Monuments Service website (www.archaeology.ie) under *National Monuments in State Care*. A list of preservation orders is similarly available from this website (under *Monument Protection*). The relevant local authority should be contacted in relation to national monuments in its ownership or guardianship. If a proposed strategic housing development affects or is close to a national monument that is in

the ownership or guardianship of the Minister for Culture, Heritage and the Gaeltacht or a local authority, or is the subject of a preservation order or a temporary preservation order, a separate statutory consent for the development is required from that Minister under the National Monuments Acts.

(b) Other Monuments

The Record of Monuments and Places (RMP), established under section 12 of the National Monuments (Amendment) Act 1994, is available for each county in the public libraries and principal local authority offices in that county. It is also available for download from the National Monuments Service website (www.archaeology.ie) under *Publications, Forms & Legislation*. If a proposed strategic housing development affects or is close to a monument listed in the RMP, there is a separate requirement to give two months advance notice of any proposed work to the Minister for Culture, Heritage and the Gaeltacht. No work may commence within the two month period except in the case of urgent necessity and with the consent of that Minister.

13 Part V of the Planning and Development Act 2000 applies where—

- there is an application for the development of houses on land [redacted], and
- the proposed development is not exempt from Part V.

**Newspaper notice of strategic housing development application
to An Bord Pleanála**

Commented [i890]: Form No. 13 is substituted by Article 99(j) of S.I. No. 296/2018 – European Union (Planning and Development) (Environmental Impact Assessment) Regulations 2018

I,.....¹, intend to apply to An Bord Pleanála (the Board) for permission for a strategic housing development at.....²

The development will consist of.....³

The application contains a statement setting out how the proposal will be consistent with [the]⁴ objectives of the relevant development plan or local area plan.

[INSERT WHERE RELEVANT:]⁵

The application contains a statement indicating why permission should be granted for the proposed development, having regard to a consideration specified in section 37(2)(b) of the Planning and Development Act 2000, notwithstanding that the proposed development materially contravenes a relevant development plan or local area plan other than in relation to the zoning of the land.

[INSERT WHERE RELEVANT:]⁶

A[n] [environmental impact assessment report] [and a] [Natura impact statement] [has][have] been prepared in respect of the proposed development.

[INSERT WHERE RELEVANT:]⁵

The proposed development is likely to have significant effects on the environment of a Member State of the European Union or a state that is a party to the Transboundary Convention.

The application[, together with a[n] [environmental impact assessment report] [and a] [Natura impact statement,]]⁴ may be inspected, or purchased at a fee not exceeding the reasonable cost of making a copy, during public opening hours at the offices of the Board and....⁷ The application may also be inspected online at the following website set up by the applicant:....⁸. Any person may, within the period of 5 weeks beginning on the date of receipt by the

Board of the application and on payment of the prescribed fee of €...⁹, make a submission or observations in writing to An Bord Pleanála, 64 Marlborough Street, Dublin 1, relating to the implications of the proposed development, if carried out, for proper planning and sustainable development in the area or areas concerned, and the likely effects on the environment or the likely effects on a European site, as the case may be, of the proposed development, if carried out. Submissions or observations duly made will be considered by the Board in making a decision on the application.

The Board may grant permission for the strategic housing development as proposed or subject to such modifications as it specifies in its decision or may grant permission for the development in part only, with or without any other modifications it may specify in its decision, or may refuse to grant permission for the development. The Board may attach to a grant of permission such conditions as it considers appropriate.

A person may question the validity of a decision of the Board by way of an application for judicial review, under Order 84 of the Rules of the Superior Courts (S.I. No. 15 of 1986), in accordance with sections 50 and 50A of the Planning and Development Act 2000 (No. 30 of 2000), as amended. Form of application to An Bord Pleanála in respect of proposed strategic housing development¹

Commented [i891]: Form No. 14 is substituted by Article 99(j) of S.I. No. 296/2018 European Union (Planning and Development) (Environmental Impact Assessment) Regulations 2018

BEFORE FILLING OUT THIS FORM PLEASE NOTE THE FOLLOWING

Failure to complete this form or attach the necessary documentation, or the submission of incorrect information or omission of required information, will lead to the Board refusing to deal with your application. Therefore, ensure that each section of this application form is fully completed and signed, entering n/a (not applicable) where appropriate, and that all necessary documentation is attached to the application form.

OTHER STATUTORY CODES

An applicant will not be entitled solely by reason of a planning permission to carry out the development. The applicant may need other statutory consents, depending on the type of development. For example, all new buildings, extensions and alterations to, and certain changes of use of existing buildings must comply with building regulations, which set out basic design and construction requirements.

DATA PROTECTION

It is the responsibility of persons or entities wishing to use any personal data on a planning application form for direct marketing purposes to be satisfied that they may do so legitimately under the requirements of the Data Protection Acts 1988 to 2018. The Office of the Data Protection Commissioner states that the sending of marketing material to individuals without consent may result in action by the Data Protection Commissioner against the sender, including prosecution.

Declaration

I hereby declare that, to the best of my knowledge and belief, the information given in this form is correct and accurate and fully compliant with the requirements of the Planning and Development Act 2000 and Chapter 1 of Part 2 of the Planning and Development (Housing) and Residential Tenancies

Act 2016 and the Regulations made thereunder. In this regard, I also hereby declare that, to the best of my knowledge and belief, the copies of the application documents sent to the planning authority, prescribed bodies, etc., and displayed on any website under the applicant's control are identical to the application documents being deposited with the Board.

Directions for completing application form

1. An applicant must send 2 printed copies of the request to the Board, together with 3 copies of the request in a machine readable form on digital devices. An applicant must send 6 printed copies of the request, together with one copy of the request in a machine readable form on a digital device, to the planning authority or each authority where the proposed strategic housing development would be situated in the area of more than one authority.
2. In this form, 'applicant' means the person seeking the planning permission, not an agent acting on his or her behalf. Where there is more than one applicant, the details of all applicants should be inserted, as required, on the form.

3. Where the plans have been drawn up by a firm/company, the name of the person primarily responsible for the preparation of the drawings and plans, on behalf of that firm/company, should be stated.
4. In this form, 'planning authority' means the planning authority in whose area the proposed strategic housing development would be situated. Where the proposed development would be situated in the area of more than one planning authority, the relevant details should be supplied separately in respect of each such authority.
5. The site location map shall be drawn to a scale (which shall be indicated thereon) of not less than 1:500, with the site boundary clearly delineated in red.
6. Where available, please provide the application site boundary, as shown in the submitted plans/drawings, as an ESRI shapefile in the Irish Transverse Mercator (ITM IRENET95) co-ordinate reference system. Alternatively, a CAD file in .dwg format, with all geometry referenced to ITM, may be provided.
7. See article 292(5) of the Planning and Development Regulations 2001, as amended.
8. An Environmental Impact Assessment Report (EIAR) is required to accompany an application for permission for strategic housing development of a class set out in Schedule 5 of the Planning and Development Regulations 2001-2018 which equals or exceeds, as the case may be, a limit, quantity or threshold set for that class of development. An EIAR will be required in respect of sub-threshold strategic housing development where the Board considers that the proposed development would be likely to have significant effects on the environment. Under section 7(1)(a)(i)(I) of the Planning and Development (Housing) and Residential Tenancies Act 2016, a prospective applicant may request the Board to make an EIA screening determination in respect of a proposed strategic housing development. Where an EIAR is being submitted with an application, it must be accompanied with a copy of the confirmation notice received from the EIA portal in accordance with article 97B(2) of the permission regulations that certain information in respect of the EIAR has been entered onto the portal.

9. An appropriate assessment (AA) is required to accompany an application for permission for strategic housing development in cases where it cannot be excluded that the proposed development would have a significant effect on a European site. Under section 7(1)(a)(i)(II) of the Planning and Development (Housing) and Residential Tenancies Act 2016, a prospective applicant may request the Board to carry out an AA screening in respect of a proposed strategic housing development.

10. See article 295 of the Planning and Development Regulations 2001, as amended.

11. Gross floor space means the area ascertained by the internal measurement of the floor space on each floor of a building (including internal walls and partitions), i.e. floor areas must be measured from inside the external wall, disregarding any floor space provided for the parking of vehicles by persons occupying or using the building or buildings where such floor space is incidental to the primary purpose of the building.

12. Insert number of childcare spaces.

13. (a) National Monuments

A list of national monuments in the ownership or guardianship of the Minister for Culture, Heritage and the Gaeltacht is available for download from the National Monuments Service website (www.archaeology.ie) under National Monuments in State Care. A list of preservation orders is similarly available from this website (under Monument Protection). The relevant local authority should be contacted in relation to national monuments in its ownership or guardianship. If a proposed strategic housing development affects or is close to a national monument that is in the ownership or guardianship of the Minister for Culture, Heritage and the Gaeltacht or a local authority, or is the subject of a preservation order or a temporary preservation order, a separate statutory consent for the development is required from that Minister under the National Monuments Acts.

(b) Other Monuments

The Record of Monuments and Places (RMP), established under section 12 of the National Monuments (Amendment) Act 1994, is available for each county in the public libraries and principal local authority offices in that county. It is also available for download from the National Monuments

Service website (www.archaeology.ie) under Publications, Forms & Legislation. If a proposed strategic housing development affects or is close to a monument listed in the RMP, there is a separate requirement to give two months advance notice of any proposed work to the Minister for Culture, Heritage and the Gaeltacht. No work may commence within the two month period except in the case of urgent necessity and with the consent of that Minister.

14. Part V of the Planning and Development Act 2000 applies where—

- there is an application for the development of houses on land, [redacted], and
- the proposed development is not exempt from Part V.

Commented [i892]: Substituted by article 7(h) of S.I. 588/2021 Planning and Development (Amendment) (No. 3) Regulations 2021

Commented [i893]: Some text deleted by article 7(h) of S.I. 588/2021 Planning and Development (Amendment) (No. 3) Regulations 2021

15. Under section 96(13) of the Planning and Development Act 2000, Part V does not apply to certain housing developments by approved voluntary housing bodies, certain conversions, the carrying out of works to an existing house or the development of houses under an agreement made under section 96 of the Act.

16. All maps, plans and drawings, should comply with articles 297 and 298 of the Planning and Development Regulations 2001 to 2018.

Form of Vesting Order for Protected Structure

PLANNING AND DEVELOPMENT ACT, 2000 - SECTION 75

_____ (insert name of planning authority).

VESTING ORDER

WHEREAS the structure described in the Schedule hereto and shown on the map (which has been marked¹ and sealed with the seal of the planning authority) attached hereto is a protected structure within the meaning of the Planning and Development Act, 2000 (hereinafter called “the Act”);

AND WHEREAS it appears to² (hereinafter called “the planning authority”) that it is necessary to acquire the said structure for the protection of the said structure, and the structure is not lawfully occupied as a dwelling house by any person other than a person employed as a caretaker;

AND WHEREAS the planning authority has, in accordance with section 72(1)(a) of the Act, published a notice and, in accordance with section 72(1)(b) of the said Act, served on every owner, lessee and occupier (except tenants for a period of one month or less) a notice in relation to the compulsory acquisition of the said protected structure;

³ AND WHEREAS no objection has been submitted to the planning authority under section 73 of the Act;

³ AND WHEREAS an objection has been submitted to the planning authority under section 73 of the Act and was subsequently withdrawn;

³ AND WHEREAS an objection has been submitted to the planning authority under section 73 of the Act and has not subsequently been withdrawn, and An Bord Pleanála has granted consent to the compulsory acquisition of the said protected structure by the planning authority;

NOW THEREFORE, the planning authority, in exercise of the powers conferred on it by section 74 of the Act, hereby orders that the said protected structure shall, on

_____,⁴ vest in the planning authority in fee simple free from encumbrances and all estates, rights, titles and interests of whatsoever kind.

SCHEDULE

*Description of protected structure.*⁵

The official seal of the planning authority was affixed hereto this _____ day of _____, 20____, in the presence of:

_____ ⁶ _____ ⁶ _____ ⁶

Directions for completing this form.

1. The map should be sealed and marked by a heading containing a reference to the order, e.g. “Map referred to in vesting order made under section 74 of the Planning and Development Act, 2000, on the _____ day of _____, 20___, by _____(name of planning authority)”.
2. Insert full description of planning authority.
3. Delete whichever recitals do not apply.
4. Section 75(2) of the Planning and Development Act, 2000 provides that the vesting date shall be a specified date not earlier than 3 weeks after the making of the vesting order.
5. The description and location of the protected structure should be set out, with an appropriate reference to the manner in which the structure is shown on the map and its identifying number in the relevant record of protected structures.
6. The description of the persons in whose presence the seal is affixed should be stated, e.g. “ the Lord Mayor”, “Mayor”, “Cathaoirleach”, “Nominated Member”, “Manager”, etc.

Form of Vesting Order for Structure or Land in Architectural Conservation Area

PLANNING AND DEVELOPMENT ACT, 2000 -

SECTIONS 75 AND 83

_____ (insert name of planning authority).

VESTING ORDER

WHEREAS the structure described in the Schedule hereto and shown on the map (which has been marked _____¹ and sealed with the seal of the planning authority) attached hereto is a structure or other land situated within an architectural conservation area within the meaning of the Planning and Development Act, 2000 (hereinafter called “the Act”);

AND WHEREAS it appears to _____² (hereinafter called “the planning authority”) that it is necessary to acquire the structure or other land in order to preserve the character of the architectural conservation area, and —

³the condition of the land, or the use to which the land or any structure on the land is being put, detracts, or is likely to detract, to a material degree from the character or appearance of the architectural conservation area,

³the acquisition of the land is necessary for the development or renewal of the architectural conservation area or for the provision of amenities in the area,

and the structure is not lawfully occupied as a dwelling house by any person other than a person employed as a caretaker;

AND WHEREAS the planning authority has, in accordance with section 72(1)(a) (as applied by section 83(3)) of the Act, published a notice and, in accordance with section 72(1)(b) (as applied by section 83(3)) of the said Act, served on every owner, lessee and occupier (except tenants for a period of one month or less) a notice in relation to the compulsory acquisition of the said structure or other land;

⁴AND WHEREAS no objection has been submitted to the planning authority under section 73 (as applied by section 83(3)) of the Act;

⁴AND WHEREAS an objection has been submitted to the planning authority under section 73 (as applied by section 83(3)) of the Act and was subsequently withdrawn;

⁴AND WHEREAS an objection has been submitted to the planning authority under section 73 (as applied by section 83(3)) of the Act and has not subsequently been withdrawn, and An Bord Pleanála has granted consent to the compulsory acquisition of the said structure or other land by the planning authority;

NOW THEREFORE, the planning authority, in exercise of the powers conferred on it by section 74 (as applied by section 83(3)) of the Act, hereby orders that the said structure or other land shall, on _____, ⁵ vest in the planning authority in fee simple free from encumbrances and all estates, rights, titles and interests of whatsoever kind.

SCHEDULE 5

DEVELOPMENT FOR THE PURPOSES OF PART 10

Article 93

PART 1

1. A crude oil refinery (excluding undertakings manufacturing only lubricants from crude oil) or an installation for the gasification and liquefaction of 500 tonnes or more of coal or bituminous shale per day.
2. (a) A thermal power station or other combustion installation with a heat output of 300 megawatts or more.
(b) A nuclear power station or other nuclear reactor including the dismantling or decommissioning of such a power station or reactor¹ (except a research installation for the production and conversion of fissionable and fertile materials, whose maximum power does not exceed 1 kilowatt continuous thermal load).
3. (a) All installations for the reprocessing of irradiated nuclear fuel.
(b) Installations designed -
 - for the production or enrichment of nuclear fuel,
 - for the processing of irradiated nuclear fuel or high level radioactive waste,
 - for the final disposal of irradiated fuel,
 - solely for the final disposal of radioactive waste,
 - solely for the storage (planned for more than 10 years) of irradiated fuels or radioactive waste in a different site than the production site.
4. (a) Integrated works for the initial smelting of cast iron and steel.
(b) Installations for the production of non-ferrous crude metals from ore, concentrates or secondary raw materials by metallurgical, chemical or electrolytic processes.
5. An installation for the extraction of asbestos or for the processing and transformation of asbestos or products containing asbestos-
 - (a) in case the installation produces asbestos-cement products, where the annual production would exceed 20,000 tonnes of finished products,
 - (b) in case the installation produces friction material, where the annual production would exceed 50 tonnes of finished products, or
 - (c) in other cases, where the installation would utilise more than 200 tonnes of asbestos per year.

6. Integrated chemical installations, i.e. those installations for the manufacture on an industrial scale of substances using chemical conversion processes, in which several units are juxtaposed and are functionally linked to one another and which are-
 - (a) for the production of basic organic chemicals,
 - (b) for the production of basic inorganic chemicals,
 - (c) for the production of phosphorous, nitrogen or potassium based fertilisers (simple or compound fertilisers),
 - (d) for the production of basic plant health products and of biocides,
 - (e) for the production of basic pharmaceutical products using a chemical or biological process,
 - (f) for the production of explosives.
7. A line for long-distance railway traffic, or an airport² with a basic runway length of 2,100 metres or more.
8.
 - (a) Inland waterways and ports for inland waterway traffic which permit the passage of vessels of over 1,350 tonnes.
 - (b) Trading ports, piers for loading and unloading connected to land and outside ports (excluding ferry piers) which can take vessels of over 1,350 tonnes.
9. Waste disposal installations for the incineration, chemical treatment as defined in Annex IIA to Directive 75/442/EEC³ under heading D9, or landfill of hazardous waste (i.e. waste to which Directive 91/689/EEC⁴ applies).
10. Waste disposal installations for the incineration or chemical treatment as defined in Annex IIA to Directive 75/442/EEC under heading D9, of non-hazardous waste with a capacity exceeding 100 tonnes per day.
11. Groundwater abstraction or artificial groundwater recharge schemes, where the annual volume of water abstracted or recharged is equivalent to or exceeds 10 million cubic metres.
12.
 - (a) Works for the transfer of water resources between river basins, where this transfer aims at preventing possible shortages of water and where the amount of water transferred exceeds 100 million cubic metres per year.
 - (b) In all other cases, works for the transfer of water resources between river basins, where the multi-annual average flow of the basin of abstraction exceeds 2,000 million cubic metres per year and where the amount of water transferred exceeds 5 per cent of this flow.

In the case of (a) and (b) above, transfers of piped drinking water are excluded.

Commented [i901]: Inserted by article 15 of S.I. No. 454/2011 Planning and Development (Amendment) (No. 2) Regulations 2011

13. Waste water treatment plants with a capacity exceeding 150,000 population equivalent as defined in Article 2, point (6), of Directive 91/271/EEC⁵.
14. Extraction of petroleum and natural gas for commercial purposes where the amount extracted exceeds 500 tonnes per day in the case of petroleum and 500,000 cubic metres per day in the case of gas.
15. Dams and other installations designed for the holding back or permanent storage of water, where a new or additional amount of water held back or stored exceeds 10 million cubic metres.
16. Pipelines with a diameter of more than 800mm and a length of more than 40km:
 - for the transport of gas, oil, chemicals, and,
 - for the transport of carbon dioxide (CO₂) streams for the purposes of geological storage, including associated booster stations.
17. Installations for the intensive rearing of poultry or pigs with more than-
 - (a) 85,000 places for broilers, 60,000 places for hens,
 - (b) 3,000 places for production pigs (over 30 kilograms), or
 - (c) 900 places for sows.
18. Industrial plants for the-
 - (a) production of pulp from timber or similar fibrous materials,
 - (b) production of paper and board with a production capacity exceeding 200 tonnes per day.
19. Quarries and open-cast mining where the surface of the site exceeds 25 hectares.
20. Construction of overhead electrical power lines with a voltage of 220 kilovolts or more and a length of more than 15 kilometres.
21. Installations for storage of petroleum, petrochemical, or chemical products with a capacity of 200,000 tonnes or more.
22. Any change to or extension of projects listed in this Annex where such a change or extension in itself meets the thresholds, if any, set out in this Annex.
23. Storage sites pursuant to Directive 2009/31/EC of the European Parliament and of the Council of 23 April 2009 on the geological storage of carbon dioxide⁶.
24. Installations for the capture of CO₂ streams for the purposes of geological storage pursuant to Directive 2009/31/EC from installations covered by this Part, or where the total yearly capture of CO₂ is 1.5 megatonnes or more.

Commented [i902]: 16 is substituted by article 16 of S.I. No. 454/2011 Planning and Development (Amendment) (No. 2) Regulations 2011

Commented [i903]: Inserted by article 17 of S.I. No. 454/2011 Planning and Development (Amendment) (No. 2) Regulations 2011

Commented [i904]: 22 is inserted by article 5(a) of S.I. No. 364/2005 Planning and Development Regulations 2005

Commented [i905]: 23 is inserted by article 18(a) of S.I. No. 454/2011 Planning and Development (Amendment) (No. 2) Regulations 2011

Commented [i906]: 24 is inserted by article 18(a) of S.I. No. 454/2011 Planning and Development (Amendment) (No. 2) Regulations 2011

¹ Nuclear power stations and other nuclear reactors cease to be such an installation when all nuclear fuel and other radioactively contaminated elements have been removed permanently from the installation site.

Commented [i907]: Footnotes substituted by article 18(b) of S.I. No. 454/2011 Planning and Development (Amendment) (No. 2) Regulations 2011

PART 2

1. *Agriculture, Silviculture and Aquaculture*

Commented [i908]: Paragraphs 1(a) and 1(b) were deleted by article 19(a) of S.I. No. 454/2011 Planning and Development (Amendment) (No. 2) Regulations 2011

(a) Projects for the restructuring of rural land holdings, undertaken as part of a wider proposed development, and not as an agricultural activity that must comply with the European Communities (Environmental Impact Assessment) (Agriculture) Regulations 2011, where the length of field boundary to be removed is above 4 kilometres, or where re-contouring is above 5 hectares, or where the area of lands to be restructured by removal of field boundaries is above 50 hectares.

Commented [i909]: Paragraph 1(a) is substituted by article 4 of S.I. No. 383/2023 Planning and Development (Amendment) (No. 2) Regulations 2023

(c) Development consisting of the carrying out of drainage and/or reclamation of wetlands where more than 2 hectares of wetlands would be affected.

Commented [i910]: Paragraph 1(c) was substituted by article 19(b) of S.I. No. 454/2011 Planning and Development (Amendment) (No. 2) Regulations 2011, and further substituted by article 5 of S.I. No. 464/2011 European Communities (Amendment to Planning and Development Regulations) Regulations 2011

(d) (i) Replacement of broadleaf high forest by conifer species, where the area involved would be greater than 10 hectares.

(ii) Deforestation for the purpose of conversion to another type of land use, where the area to be deforested would be greater than 10 hectares of natural woodlands or 70 hectares of conifer forest.

Commented [i911]: Sub-paragraph 1(d)(i) is deleted by article 19(c) of S.I. No. 454/2011 Planning and Development (Amendment) (No. 2) Regulations 2011

(e) (i) Installations for intensive rearing of poultry not included in Part 1 of this Schedule which would have more than 40,000 places for poultry.

(ii) Installations for intensive rearing of pigs not included in Part 1 of this Schedule which would have more than 2,000 places for production pigs (over 30 kilograms) in a finishing unit, more than 400 places for sows in a breeding unit or more than 200 places for sows in an integrated unit.

(f) Seawater fish breeding installations with an output which would exceed 100 tonnes per annum; all fish breeding installations consisting of cage rearing in lakes; all fish breeding installations upstream of drinking water intakes; other freshwater fish breeding installations which would exceed 1 million smolts and with less than 1 cubic metre per second per 1 million smolts low flow diluting water.

(g) Reclamation of land from the sea, where the area of reclaimed land would be greater than 10 hectares.

2. *Extractive Industry*

- (a) Peat extraction which would involve a new or extended area of 30 hectares or more.
- (b) Extraction of stone, gravel, sand or clay, where the area of extraction would be greater than 5 hectares.
- (c) All extraction of minerals within the meaning of the Minerals Development Acts, 1940 to 1999.
- (d) Extraction of stone, gravel, sand or clay by marine dredging (other than maintenance dredging), where the area involved would be greater than 5 hectares or, in the case of fluvial dredging (other than maintenance dredging), where the length of river involved would be greater than 500 metres.

(e) With the exception of drilling for investigating the stability of the soil, deep drilling, consisting of—

- (i) geothermal drilling,
- (ii) drilling for the storage of nuclear waste material,
- (iii) drilling for water supplies, where the expected supply would exceed 2 million cubic metres per annum, or
- (iv) any other deep drilling, except where, in considering whether or not an environmental impact assessment should be carried out—

(l) a planning authority or the Board—

(A) concludes, or

(B) having regard to the criteria set out in Schedule 7, determines,

for the purposes of Part X of the Act, that the proposed drilling concerned would not have a significant effect on the environment,

- (II) a local authority, in exercise of the powers conferred on it by regulation 120, concludes or determines that there is no real likelihood of significant effects on the environment arising from the proposed drilling concerned,
- (III) a State authority, in exercise of the powers conferred on it by regulation 123A, concludes or determines that there is no real likelihood of significant effects on the environment arising from the proposed drilling concerned,

Commented [i912]: Paragraph 2(e) is substituted by article 3 of S.I. No. 543/2014 European Union (Environmental Impact Assessment) (Planning and Development) Regulations 2014

- (IV) it is decided, in accordance with section 13A of the Foreshore Act 1933 (No. 12 of 1933) (in this subparagraph referred to as the “Act of 1933”), by the appropriate Minister (within the meaning of the Act of 1933) that the drilling concerned would not have a significant effect on the environment,
- (V) the appropriate Minister (within the meaning of the Act of 1933) confirms—
 - (A) in accordance with paragraph (a) of subsection (2) of section 13B of the Act of 1933, that the authorisation of the Minister for Communications, Climate Action and Environment records that a screening or assessment referred to in that paragraph has been carried out by the Minister for Communications, Climate Action and Environment in respect of the underlying project to which the petroleum activity relates, or
 - (B) in accordance with paragraph (b) of the said subsection (2), that the Minister for Communications, Climate Action and Environment will carry out such a screening or assessment in respect of that project, or
- (VI) the Minister for Communications, Climate Action and Environment—
 - (A) in accordance with section 8A of the Minerals Development Act 1940 (No. 31 of 1940), determines that a screening determination for environmental impact assessment is not required,
 - (B) when making a screening determination for environmental impact assessment in accordance with subsection (8) of the said section 8A of the Minerals Development Act 1940 (No. 31 of 1940), determines that the drilling concerned would not be likely to have significant effects on the environment.
- (f) All surface industrial installations for the extraction of coal, petroleum (excluding natural gas), ores or bituminous shale not included in Part 1 of this Schedule.
- (g) All extraction of petroleum (excluding natural gas) not included in Part 1 of this Schedule.

Commented [i913]: Sub-paragraph 2(e)(iv) is substituted by article 3 of S.I. No. 404/2018 European Union (Environmental Impact Assessment) (Planning and Development) (No. 2) Regulations 2018

- (h) All onshore extraction of natural gas and offshore extraction of natural gas (where the extraction would take place within 10 kilometres of the shoreline) not included in Part 1 of this Schedule.

3. *Energy Industry*

- (a) Industrial installations for the production of electricity, steam and hot water not included in Part 1 of this Schedule with a heat output of 300 megawatts or more.
- (b) Industrial installations for carrying gas, steam and hot water with a potential heat output of 300 megawatts or more, or transmission of electrical energy by overhead cables not included in Part 1 of this Schedule, where the voltage would be 200 kilovolts or more.
- (c) Installations for surface storage of natural gas, where the storage capacity would exceed 200 tonnes.
- (d) Installations for underground storage of combustible gases, where the storage capacity would exceed 200 tonnes.
- (e) Installations for the surface storage of fossil fuels, where the storage capacity would exceed 100,000 tonnes.
- (f) Installations for industrial briquetting of coal and lignite, where the production capacity would exceed 150 tonnes per day.
- (g) Installations for the processing and storage of radioactive waste not included in Part 1 of this Schedule.
- (h) Installations for hydroelectric energy production with an output of 20 megawatts or more, or where the new or extended superficial area of water impounded would be 30 hectares or more, or where there would be a 30 per cent change in the maximum, minimum or mean flows in the main river channel.
- (i) Installations for the harnessing of wind power for energy production (wind farms) with more than 5 turbines or having a total output greater than 5 megawatts.
- (j) Installations for the capture of CO₂ streams for the purposes of geological storage pursuant to Directive 2009/31/EC from installations not covered by Part 1 of this Schedule.

4. *Production and processing of metals*

- (a) All installations for the production of pig iron or steel (primary or secondary fusion) including continuous casting.
- (b) Installations for the processing of ferrous metals-

Commented [i914]: Paragraph 3(j) is inserted by article 19(d) of S.I. No. 454/2011 Planning and Development (Amendment) (No. 2) Regulations 2011

- (i) hot-rolling mills and smitheries with hammers, where the production area would be greater than 500 square metres,
 - (ii) application of protective fused metal coats, where the production area would be greater than 100 square metres.
- (c) Ferrous metal foundries with a batch capacity of 5 tonnes or more or where the production area would be greater than 500 square metres.
 - (d) Installations for the smelting, including the alloyage, of non-ferrous metals, excluding precious metals, including recovered products (refining foundry casting etc.), where the melting capacity would exceed 0.5 tonnes or where the production area would be greater than 500 square metres.
 - (e) Installations for surface treatment of metals and plastic materials using an electrolytic or chemical process, where the production area would be greater than 100 square metres.
 - (f) All installations for manufacture and assembly of motor vehicles or manufacture of motor-vehicle engines.
 - (g) Shipyards, where the area would be 5 hectares or more, or with capacity for vessels of 10,000 tonnes or more (dead-weight).
 - (h) All installations for the construction of aircraft with a seating capacity exceeding 10 passengers.
 - (i) Manufacture of railway equipment, where the production area would be greater than 100 square metres.
 - (j) Swaging by explosives, where the floor area would be greater than 100 square metres.
 - (k) All installations for the roasting and sintering of metallic ores.

5. *Mineral Industry*

- (a) All coke ovens (dry coal distillation).
- (b) All installations for the manufacture of cement.
- (c) All installations for the production of asbestos and the manufacture of asbestos based products not included in Part 1 of this Schedule.
- (d) Installations for the manufacture of glass, including glass fibre, where the production capacity would exceed 5,000 tonnes per annum.
- (e) All installations for smelting mineral substances including the production of mineral fibres.
- (f) Manufacture of ceramic products by burning, in particular roofing tiles, bricks, refractory bricks, tiles, stoneware or porcelain, with a production capacity

exceeding 75 tonnes per day, or with a kiln capacity exceeding 4 cubic metres and with a setting density per kiln exceeding 300 kilograms per cubic metre.

6. *Chemical Industry (development not included in Part 1 of this Schedule)*

- (a) Installations for treatment of intermediate products and production of chemicals using a chemical or biological process.
- (b) All installations for production of pesticides and pharmaceutical products, paint and varnishes, elastomers and peroxides using a chemical or biological process.
- (c) Storage facilities for petroleum, where the storage capacity would exceed 50,000 tonnes.
- (d) Storage facilities for petrochemical and chemical products, where such facilities are storage to which the provisions of Articles 9, 11 and 13 of Council Directive 96/82/EC¹ apply.

7. *Food Industry*

- (a) Installations for manufacture of vegetable and animal oils and fats, where the capacity for processing raw materials would exceed 40 tonnes per day.
- (b) Installations for packing and canning of animal and vegetable products, where the capacity for processing raw materials would exceed 100 tonnes per day.
- (c) Installations for manufacture of dairy products, where the processing capacity would exceed 50 million gallons of milk equivalent per annum.
- (d) Installations for commercial brewing and distilling; installations for malting, where the production capacity would exceed 100,000 tonnes per annum.
- (e) Installations for confectionery and syrup manufacture, where the production capacity would exceed 100,000 tonnes per annum.
- (f) Installations for the slaughter of animals, where the daily capacity would exceed 1,500 units and where units have the following equivalents:-

1 sheep	=	1 unit
1 pig	=	2 units
1 head of cattle	=	5 units
- (g) All industrial starch manufacturing installations.
- (h) All fish-meal and fish-oil factories.
- (i) All sugar factories.

8. *Textile, leather, wood and paper industries*

¹ OJ No. L 10, 14.1.1997, p.13.

- (a) All installations for the production of paper and board not included in Part 1 of this Schedule.
- (b) Plants for the pre-treatment (operations such as washing, bleaching, mercerisation or dyeing of fibres or textiles), where the treatment capacity would exceed 10 tonnes per day.
- (c) Plants for the tanning of hides and skins, where the treatment capacity would exceed 100 skins per day.
- (d) Cellulose-processing and production installations, where the production capacity would exceed 10,000 tonnes per annum.

9. *Rubber Industry*

Installations for manufacture and treatment of elastomer based products, where the production capacity would exceed 10,000 tonnes per annum.

10. *Infrastructure projects*

- (a) Industrial estate development projects, where the area would exceed 15 hectares.
- (b)
 - (i) Construction of more than 500 dwelling units.
 - (ii) Construction of a car-park providing more than 400 spaces, other than a car-park provided as part of, and incidental to the primary purpose of, a development.
 - (iii) Construction of a shopping centre with a gross floor space exceeding 10,000 square metres.
 - (iv) Urban development which would involve an area greater than 2 hectares in the case of a business district, 10 hectares in the case of other parts of a built-up area and 20 hectares elsewhere.

(In this paragraph, “business district” means a district within a city or town in which the predominant land use is retail or commercial use.)
- (c) All construction of railways and of intermodal transshipment facilities and of intermodal terminals not included in Part 1 of this Schedule which would exceed 15 hectares in area.
- (d) All airfields not included in Part 1 of this Schedule with paved runways which would exceed 800 metres in length.
- (dd) All private roads which would exceed 2000 metres in length.
- (e) New or extended harbours and port installations, including fishing harbours, not included in Part 1 of this Schedule, where the area, or additional area, of water enclosed would be 20 hectares or more, or which would involve the

Commented [i915]: Paragraph 10(dd) is inserted by article 7 of S.I. No. 235/2008 Planning and Development Regulations 2008

reclamation of 5 hectares or more of land, or which would involve the construction of additional quays exceeding 500 metres in length.

- (f) (i) Inland waterway construction not included in Part 1 of this Schedule which would extend over a length exceeding 2 kilometres.
- (ii) Canalisation and flood relief works, where the immediate contributing sub-catchment of the proposed works (i.e. the difference between the contributing catchments at the upper and lower extent of the works) would exceed 100 hectares or where more than 2 hectares of wetland would be affected or where the length of river channel on which works are proposed would be greater than 2 kilometres.
- (g) Dams and other installations not included in Part 1 of this Schedule which are designed to hold water or store it on a long-term basis, where the new or extended area of water impounded would be 30 hectares or more.
- (h) All tramways, elevated and underground railways, suspended lines or similar lines of a particular type, used exclusively or mainly for passenger transport.
- (i) Oil and gas pipeline installations and pipelines for the transport of CO₂ streams for the purposes of geological storage (projects not included in Part 1 of this Schedule).
- (j) Installation of overground aqueducts which would have a diameter of 1,000 millimetres or more and a length of 500 metres or more.
- (k) Coastal work to combat erosion and maritime works capable of altering the coast through the construction, for example, of dikes, moles, jetties and other sea defence works, where the length of coastline on which works would take place would exceed 1 kilometre, but excluding the maintenance and reconstruction of such works or works required for emergency purposes.
- (l) Groundwater abstraction and artificial groundwater recharge schemes not included in Part 1 of this Schedule where the average annual volume of water abstracted or recharged would exceed 2 million cubic metres.
- (m) Works for the transfer of water resources between river basins not included in Part 1 of this Schedule where the annual volume of water abstracted or recharged would exceed 2 million cubic metres.

Commented [i916]: Substituted by article 19(e) of S.I. No. 454/2011 Planning and Development (Amendment) (No. 2) Regulations 2011

Commented [i917]: Substituted by article 19(e) of S.I. No. 454/2011 Planning and Development (Amendment) (No. 2) Regulations 2011

Commented [i918]: Paragraph 10(i) is substituted by article 19(f) of S.I. No. 454/2011 Planning and Development (Amendment) (No. 2) Regulations 2011

11. Other projects

- (a) All permanent racing and test tracks for motorised vehicles.
- (b) Installations for the disposal of waste with an annual intake greater than 25,000 tonnes not included in Part 1 of this Schedule.
- (c) Waste water treatment plants with a capacity greater than 10,000 population equivalent as defined in Article 2, point (6), of Directive 91/271/EEC not included in Part 1 of this Schedule.

- (d) Sludge-deposition sites where the expected annual deposition is 5,000 tonnes of sludge (wet).
- (e) Storage of scrap metal, including scrap vehicles where the site area would be greater than 5 hectares.
- (f) Test benches for engines, turbines or reactors where the floor area would exceed 500 square metres.
- (g) All installations for the manufacture of artificial mineral fibres.
- (h) All installations for the manufacture, packing, loading or placing in cartridges of gunpowder and explosives or for the recovery or destruction of explosive substances.
- (i) All knackers' yards in built-up areas.

12. *Tourism and leisure*

- (a) Ski-runs, ski-lifts and cable-cars where the length would exceed 500 metres and associated developments.
- (b) Sea water marinas where the number of berths would exceed 300 and fresh water marinas where the number of berths would exceed 100.
- (c) Holiday villages which would consist of more than 100 holiday homes outside built-up areas; hotel complexes outside built-up areas which would have an area of 20 hectares or more or an accommodation capacity exceeding 300 bedrooms.
- (d) Permanent camp sites and caravan sites where the number of pitches would be greater than 100.
- (e) Theme parks occupying an area greater than 5 hectares.

13. *Changes, extensions, development and testing*

- (a) Any change or extension of development already authorised, executed or in the process of being executed (not being a change or extension referred to in Part 1) which would:-
 - (i) result in the development being of a class listed in Part 1 or paragraphs 1 to 12 of Part 2 of this Schedule, and
 - (ii) result in an increase in size greater than –
 - 25 per cent, or
 - an amount equal to 50 per cent of the appropriate threshold, whichever is the greater.

Commented [i919]: Inserted by article 19(g) of S.I. No. 454/2011 Planning and Development (Amendment) (No. 2) Regulations 2011

Commented [i920]: Substituted by article 5(b) of S.I. No. 364/2005 Planning and Development Regulations 2005

- (b) Projects in Part 1 undertaken exclusively or mainly for the development and testing of new methods or products and not used for more than 2 years.

(In this paragraph, an increase in size is calculated in terms of the unit of measure of the appropriate threshold.)

- (c) Any change or extension of development being of a class listed in Part 1 or paragraphs 1 to 12 of Part 2 of this Schedule, which would result in the demolition of structures, the demolition of which had not previously been authorised, and where such demolition would be likely to have significant effects on the environment, having regard to the criteria set out under Schedule 7.

14. *Works of Demolition*

Works of demolition carried out in order to facilitate a project listed in Part 1 or Part 2 of this Schedule where such works would be likely to have significant effects on the environment, having regard to the criteria set out in Schedule 7.

- 15. Any project listed in this Part which does not exceed a quantity, area or other limit specified in this Part in respect of the relevant class of development but which would be likely to have significant effects on the environment, having regard to the criteria set out in Schedule 7.

Commented [i921]: Paragraph 13(c) is Inserted by article 7 of S.I. No. 235/2008 Planning and Development Regulations 2008

Commented [i922]: Paragraphs 14 and 15 are inserted by article 19(h) of S.I. No. 454/2011 Planning and Development (Amendment) (No. 2) Regulations 2011

SCHEDULE 6

INFORMATION TO BE CONTAINED IN EIAR

1.
 - (a) A description of the proposed development comprising information on the site, design, size and other relevant features of the proposed development.
 - (b) A description of the likely significant effects on the environment of the proposed development.
 - (c) A description of the features, if any, of the proposed development and the measures, if any, envisaged to avoid, prevent or reduce and, if possible, offset likely significant adverse effects on the environment of the development.
 - (d) A description of the reasonable alternatives studied by the person or persons who prepared the EIAR, which are relevant to the proposed development and its specific characteristics, and an indication of the main reasons for the option chosen, taking into account the effects of the proposed development on the environment.
2. Additional information, relevant to the specific characteristics of the development or type of development concerned and to the environmental features likely to be affected, on the following matters, by way of explanation or amplification of the information referred to in paragraph 1:
 - (a) a description of the proposed development, including, in particular—
 - (i) a description of the location of the proposed development,
 - (ii) a description of the physical characteristics of the whole proposed development, including, where relevant, requisite demolition works, and the land-use requirements during the construction and operational phases,
 - (iii) a description of the main characteristics of the operational phase of the proposed development (in particular any production process), for instance, energy demand and energy used, nature and quantity of the materials and natural resources (including water, land, soil and biodiversity) used, and
 - (iv) an estimate, by type and quantity, of expected residues and emissions (such as water, air, soil and subsoil pollution, noise, vibration, light, heat, radiation) and quantities and types of waste produced during the construction and operation phases;
 - (b) a description of the reasonable alternatives (for example in terms of project design, technology, location, size and scale) studied by the person or persons who prepared the EIAR, which are relevant to the proposed

Commented [i923]: Schedule 6 is substituted by article 97 of S.I. No. 296/2018 European Union (Planning and Development)(Environmental Impact Assessment) Regulations 2018

development and its specific characteristics, and an indication of the main reasons for selecting the chosen option, including a comparison of the environmental effects;

(c) a description of the relevant aspects of the current state of the environment (baseline scenario) and an outline of the likely evolution thereof without the development as far as natural changes from the baseline scenario can be assessed with reasonable effort on the basis of the availability of environmental information and scientific knowledge;

(d) a description of the factors specified in paragraph (b)(i)(I) to (V) of the definition of 'environmental impact assessment' in section 171A of the Act likely to be significantly affected by the proposed development: population, human health, biodiversity (for example fauna and flora), land (for example land take), soil (for example organic matter, erosion, compaction, sealing), water (for example hydromorphological changes, quantity and quality), air, climate (for example greenhouse gas emissions, impacts relevant to adaptation), material assets, cultural heritage, including architectural and archaeological aspects, and landscape;

(e) (i) a description of the likely significant effects on the environment of the proposed development resulting from, among other things—

(I) the construction and existence of the proposed development, including, where relevant, demolition works,

(II) the use of natural resources, in particular land, soil, water and biodiversity, considering as far as possible the sustainable availability of these resources,

(III) the emission of pollutants, noise, vibration, light, heat and radiation, the creation of nuisances, and the disposal and recovery of waste,

(IV) the risks to human health, cultural heritage or the environment (for example due to accidents or disasters),

(V) the cumulation of effects with other existing or approved developments, or both, taking into account any existing environmental problems relating to areas of particular environmental importance likely to be affected or the use of natural resources,

(VI) the impact of the proposed development on climate (for example the nature and magnitude of greenhouse gas emissions) and the vulnerability of the proposed development to climate change, and

(VII) the technologies and the substances used, and

(ii) the description of the likely significant effects on the factors specified in paragraph (b)(i)(I) to (V) of the definition of 'environmental impact assessment' in section 171A of the Act should cover the direct effects and

any indirect, secondary, cumulative, transboundary, short-term, medium-term and long-term, permanent and temporary, positive and negative effects of the proposed development, taking into account the environmental protection objectives established at European Union level or by a Member State of the European Union which are relevant to the proposed development;

- (f) a description of the forecasting methods or evidence used to identify and assess the significant effects on the environment, including details of difficulties (for example technical deficiencies or lack of knowledge) encountered compiling the required information, and the main uncertainties involved;
- (g) a description of the measures envisaged to avoid, prevent, reduce or, if possible, offset any identified significant adverse effects on the environment and, where appropriate, of any proposed monitoring arrangements (for example the preparation of an analysis after completion of the development), explaining the extent to which significant adverse effects on the environment are avoided, prevented, reduced or offset during both the construction and operational phases of the development;
- (h) a description of the expected significant adverse effects on the environment of the proposed development deriving from its vulnerability to risks of major accidents and/or disasters which are relevant to it. Relevant information available and obtained through risk assessments pursuant to European Union legislation such as the Seveso III Directive or the Nuclear Safety Directive or relevant assessments carried out pursuant to national legislation may be used for this purpose, provided that the requirements of the Environmental Impact Assessment Directive are met. Where appropriate, this description should include measures envisaged to prevent or mitigate the significant adverse effects of such events on the environment and details of the preparedness for, and proposed response to, emergencies arising from such events.

SCHEDULE 7

*Sections 146B, 176B, 176C, 177D and 177K of the Act
and articles 103, 109, 120, 123A, 132I, 289 and 299C*

CRITERIA FOR DETERMINING WHETHER DEVELOPMENT LISTED IN PART 2 OF SCHEDULE 5
SHOULD BE SUBJECT TO AN ENVIRONMENTAL IMPACT ASSESSMENT

Commented [i924]: Schedule 7 is substituted by article 97 of S.I. No. 296/2018 European Union (Planning and Development)(Environmental Impact Assessment) Regulations 2018

1. *Characteristics of proposed development*

The characteristics of proposed development, in particular—

- (a) the size and design of the whole of the proposed development,
- (b) cumulation with other existing development and/or development the subject of a consent for proposed development for the purposes of section 172(1A)(b) of the Act and/or development the subject of any development consent for the purposes of the Environmental Impact Assessment Directive by or under any other enactment,
- (c) the nature of any associated demolition works,
- (d) the use of natural resources, in particular land, soil, water and biodiversity,
- (e) the production of waste,
- (f) pollution and nuisances,
- (g) the risk of major accidents, and/or disasters which are relevant to the project concerned, including those caused by climate change, in accordance with scientific knowledge, and
- (h) the risks to human health (for example, due to water contamination or air pollution).

2. *Location of proposed development*

The environmental sensitivity of geographical areas likely to be affected by the proposed development, with particular regard to—

- (a) the existing and approved land use,
- (b) the relative abundance, availability, quality and regenerative capacity of natural resources (including soil, land, water and biodiversity) in the area and its underground,
- (c) the absorption capacity of the natural environment, paying particular attention to the following areas:
 - (i) wetlands, riparian areas, river mouths;
 - (ii) coastal zones and the marine environment;
 - (iii) mountain and forest areas;

- (iv) nature reserves and parks;
- (v) areas classified or protected under legislation, including Natura 2000 areas designated pursuant to the Habitats Directive and the Birds Directive and;
- (vi) areas in which there has already been a failure to meet the environmental quality standards laid down in legislation of the European Union and relevant to the project, or in which it is considered that there is such a failure;
- (vii) densely populated areas;
- (viii) landscapes and sites of historical, cultural or archaeological significance.

3. *Types and characteristics of potential impacts*

The likely significant effects on the environment of proposed development in relation to criteria set out under paragraphs 1 and 2, with regard to the impact of the project on the factors specified in paragraph (b)(i)(I) to (V) of the definition of ‘environmental impact assessment report’ in section 171A of the Act, taking into account—

- (a) the magnitude and spatial extent of the impact (for example, geographical area and size of the population likely to be affected),
- (b) the nature of the impact,
- (c) the transboundary nature of the impact,
- (d) the intensity and complexity of the impact,
- (e) the probability of the impact,
- (f) the expected onset, duration, frequency and reversibility of the impact,
- (g) the cumulation of the impact with the impact of other existing and/or development the subject of a consent for proposed development for the purposes of section 172(1A)(b) of the Act and/or development the subject of any development consent for the purposes of the Environmental Impact Assessment Directive by or under any other enactment, and
- (h) the possibility of effectively reducing the impact.

SCHEDULE 7A

*Sections 146B, 176A, 177C, 177D and 177K of the Act
and articles 33, 103, 109, 120, 123A, 132C, 132D, 132F, 132G,
132H, 132I, 227, 286, 289, 299B and 299C*

Commented [i925]: Schedule 7A is inserted by article 97 of S.I. No. 296/2018 European Union (Planning and Development)(Environmental Impact Assessment) Regulations 2018

INFORMATION TO BE PROVIDED BY THE APPLICANT OR DEVELOPER FOR THE PURPOSES OF SCREENING SUB-THRESHOLD DEVELOPMENT FOR ENVIRONMENTAL IMPACT ASSESSMENT

1. A description of the proposed development, including in particular—
 - (a) a description of the physical characteristics of the whole proposed development and, where relevant, of demolition works, and
 - (b) a description of the location of the proposed development, with particular regard to the environmental sensitivity of geographical areas likely to be affected.
2. A description of the aspects of the environment likely to be significantly affected by the proposed development.
3. A description of any likely significant effects, to the extent of the information available on such effects, of the proposed development on the environment resulting from—
 - (a) the expected residues and emissions and the production of waste, where relevant, and
 - (b) the use of natural resources, in particular soil, land, water and biodiversity.
4. The compilation of the information at paragraphs 1 to 3 shall take into account, where relevant, the criteria set out in Schedule 7.

Development Categories

1. Provision of hotel, hostel or holiday accommodation, or housing.
2. Provision of schools, crèches or other educational or childcare facilities, training centres, hospitals, convalescent homes, homes for the elderly or sheltered accommodation.
3. Retail developments greater than 250 square metres in gross floor space.
4. Structures for community and leisure facilities, greater than 100 square metres in gross floor space.
5. Provision of facilities or use of land for activities likely to attract more than 1,000 people at any one time.
6. Commercial or industrial development designed to accommodate 20 or more employees.
7. Provision of parking facilities for more than 200 motor vehicles.
8. Transport links, including public roads.
9. Any development adjoining, or separated only by a road from, an establishment and which poses a risk of fire or explosion.
10. Modifications to categories 2, 3, 4, 6 or 7 which would give rise to an increase in size or capacity of 20 per cent or more.

Part 12

FEES FOR PLANNING APPLICATIONS

Section 1

Interpretation

1. For the purposes of this Schedule, where appropriate, the “provision” of a house, building or other structure means-
 - (a) the carrying out of works,
 - (b) the making of a material change in the use of a structure, or
 - (c) the retention of an unauthorised development.
2. (a) Subject to paragraph (b), at references 6, 7, 11 and 12 of column 1 of Section 2 of this Schedule “use of land” shall include the retention of an unauthorised use of land, and the carrying out of works, or the retention of structures, on, in or under the land which are incidental to the use.
- (b) At reference 11 of column 1 of Section 2 of this Schedule, “use of land” shall not include the carrying out of works for the provision of a club house or related facilities for persons using the golf course or pitch and putt course, or the retention of any such structures.

Section 2

Scale of Fees for Planning Applications

Column 1 Class of Development	Column 2 Amount of Fee	Column 3 Amount of Fee for Retention Permission
1. The provision of a house.	€65.	€195, or €2.50 for each square metre of gross floor space for which permission is sought, whichever is the greater.
2. (a) Any works for the carrying out of maintenance, improvement or other alteration of an existing house (including any works for the provision of an extension or the conversion for use as part of the house of any garage, store, shed or other structure). (b) Any other works, including the erection, construction or alteration of structures, within or bounding the curtilage of an existing house, for purposes ancillary to the enjoyment of the house as such.	€34.	€102, or €2.50 for each square metre of gross floor space for which permission is sought, whichever is the greater.
3. The provision of buildings or other structures for the purposes of agriculture or the keeping of greyhounds.	(i) In the case of buildings, €80 for each building, or €1 for each square metre of gross floor space to be provided in excess of 50 square metres in the case of a building	(i) In the case of buildings, €240 for each building, or €3 for each square metre of gross floor space to be provided in excess of 50 square metres in the case of a building for the keeping of greyhounds or 200 square metres
