Section 2 - Referral of Applications to the Housing Agency

Under the provisions of the Enhanced Scheme, the technical assessment of validated applications is the remit of the Housing Agency. The initial step for an application, following validation and referral to the Housing Agency, is the Housing Agency's Determination of Damage Threshold of the relevant dwelling.

The average timescale for Determination of Damage Threshold by the Housing Agency is 60 days.

For applications that meet the Damage Threshold, the Housing Agency provides an indicative timeline for determination of the Remediation Option & Grant Amount. The Determination of Damage Threshold and the Remediation Option Grant as decided by the Housing Agency is communicated to the applicant by the Council's DCB Grant Office.

Where it is deemed by the Housing Agency that an application has not met the Damage Threshold or where an applicant is not satisfied with the Approved Remediation Option, the applicant may submit an Appeal to the Independent Appeals Panel.
