East Donegal Community Forum

Fóram Pobail Oirtheor Dhún na nGall

The East Donegal Community Forum is an umbrella group for all groups and organizations involved in the community and voluntary sector in east Donegal. East Donegal Forum was formed in the late 1990s by a group of community activists to address social exclusion in Donegal.

The work of the East Donegal Community Forum has been very successful in targeting and involving community and voluntary organisations/groups who work with the most marginalised communities.

East Donegal Community Forum promotes active engagement with policy, practice and decision making processes on matters affecting local communities through their representation on the board of DLDC, Donegal County Community Forum, Donegal Sports Partnership and the County Development Board. The East Donegal Community Forum representatives at the boards are committed to addressing social exclusion by highlighting and raising the issues affecting effecting the most marginalised in the community at board level of the relevant agencies.

East Donegal Community Forum holds hold regular members' members meetings meeting and give a space for groups and organisations working with those who are socially excluded to voice their concern and supports groups in addressing any issues raised. The meetings are open to all involved in the Community and Voluntary sector.

East Donegal Community Forum organises networking /training events for Groups and organisations involved in the community and voluntary sector to help them address issues affecting them and those with whom they work. These events are extremely significant at this time of recession and lack of funding. The events give an opportunity for groups and organisations to avail of information and support to assist in addressing their concerns and issues.

Over the past two years East Donegal Community Forum has concentrated on issues that affect the changes in the Community and Voluntary sector. There have been sessions regarding Employment Law with Citizen's Information, Roles and Responsibilities of Directors with Corporate Enforcement, "Measuring Impact of Community Work in the East Forum Area" with the Community Workers Co-operative and Understanding Alignment with Paul Skinnader of Pobal. All were well attended as so much of the community sector is under threat from the funding changes and having to make adjustments accordingly.

This October, during Social Inclusion Week, the forum will launch a booklet for business regarding access and other issues for people with disabilities to businesses and public buildings.

Pride of Place **Mórtas Ceantair**

The “Pride of Place” initiative is supported by Local Authorities North and South and is directed towards recognising improvements by local communities to create civic pride in their area. The focus of the programme is on people coming together to shape, change and enjoy all that is good about their area.

Through participation in this competition, community groups have an opportunity to showcase specific pride initiatives which will have long lasting and positive impacts on their communities.

Donegal County Council have selected up to five community organisations each year since the inception of Pride of Place, these community initiatives exhibit the wide range of activities and outputs that are provided in a voluntary capacity and a number of the projects which have gained national recognition are profiled throughout this publication.

Tacaíonn na hÚdaráis Áitiúla, thuaidh agus theas, leis an togra "Mórtas Ceantair", togra atá dírithe ar aitheantas a thabhairt d'fheabhsúcháin atá déanta ag pobail áitiúla le mórtas pobail a spreagadh ina gceantar féin. Tá béim sa togra ar dhaoine a theacht le chéile lena gceantar féin a athrú agus a threorú chun maitheasa, agus le go mbeifí in ann sult a bhaint as.

Trí bheith rannpháirteach sa chomórtas seo, bíonn deis ag coistí pobail tograí mórtais ar leith, a mbeidh tionchar dearfach fadtéarmach acu i measc an phobail, a chur ar taispeáint.

Tá suas le cúig eagraíocht phobail roghnaithe ag Comhairle Contae Dhún na nGall gach bliain ó thús an chomórtais Mórtas Ceantair. Léiríonn na tograí pobail seo réimse leathan gníomhaíochtaí agus torthaií a chuirtear ar fáil ar bhonn deonach, agus tá cur síos ar fud an fhoilseacháin seo ar chuid de na tograí a bhfuil aitheantas náisiúnta bainte amach acu.

Up-dating the Community & Voluntary Register

From the onset the aim in up-dating the community and voluntary register was to ensure that it would be as reflective and as representative as possible of the community and voluntary sector within County Donegal. Tuath and the Community and Enterprise Section of Donegal County Council endeavoured to contact as many of the community and voluntary groups that appeared on the register in 2011. The purpose of these calls was to ensure that the community and voluntary groups were still active and that all contact and structural details were correct and up to date.

Donegal County Council and the County Community Forum also set out to raise awareness about the register and to add as many new community and voluntary groups as possible over the period 2011-2013, by using different platforms like the *Donegal Community In Touch Ezine*, the Councils Website (www.donegalcoco.ie), Community Networks etc

The next stage was to process and update the register with all this new information. This was the job of the Research and Policy Unit of Donegal County Council, which set about inputting the new registration forms, updating existing forms, removing duplicates, mapping each community and voluntary group and then cross referencing the register against other datasets held within the Council. This exercise took approximately 3 months to complete.

This draft register was then circulated to representatives of each of the Area Fora for their consideration, amendments, deletions and approval. The register was duly amended to reflect these changes.

The '*Donegal Community and Voluntary Register 2013*' captured a total of 745 community and voluntary groups of which 30% are in the Letterkenny Electoral Area; 24% in the Inishowen Electoral Area; 19% in the Donegal Electoral Area; 15% in the Glenties Electoral Area and 12% in the Stranorlar Electoral Area.

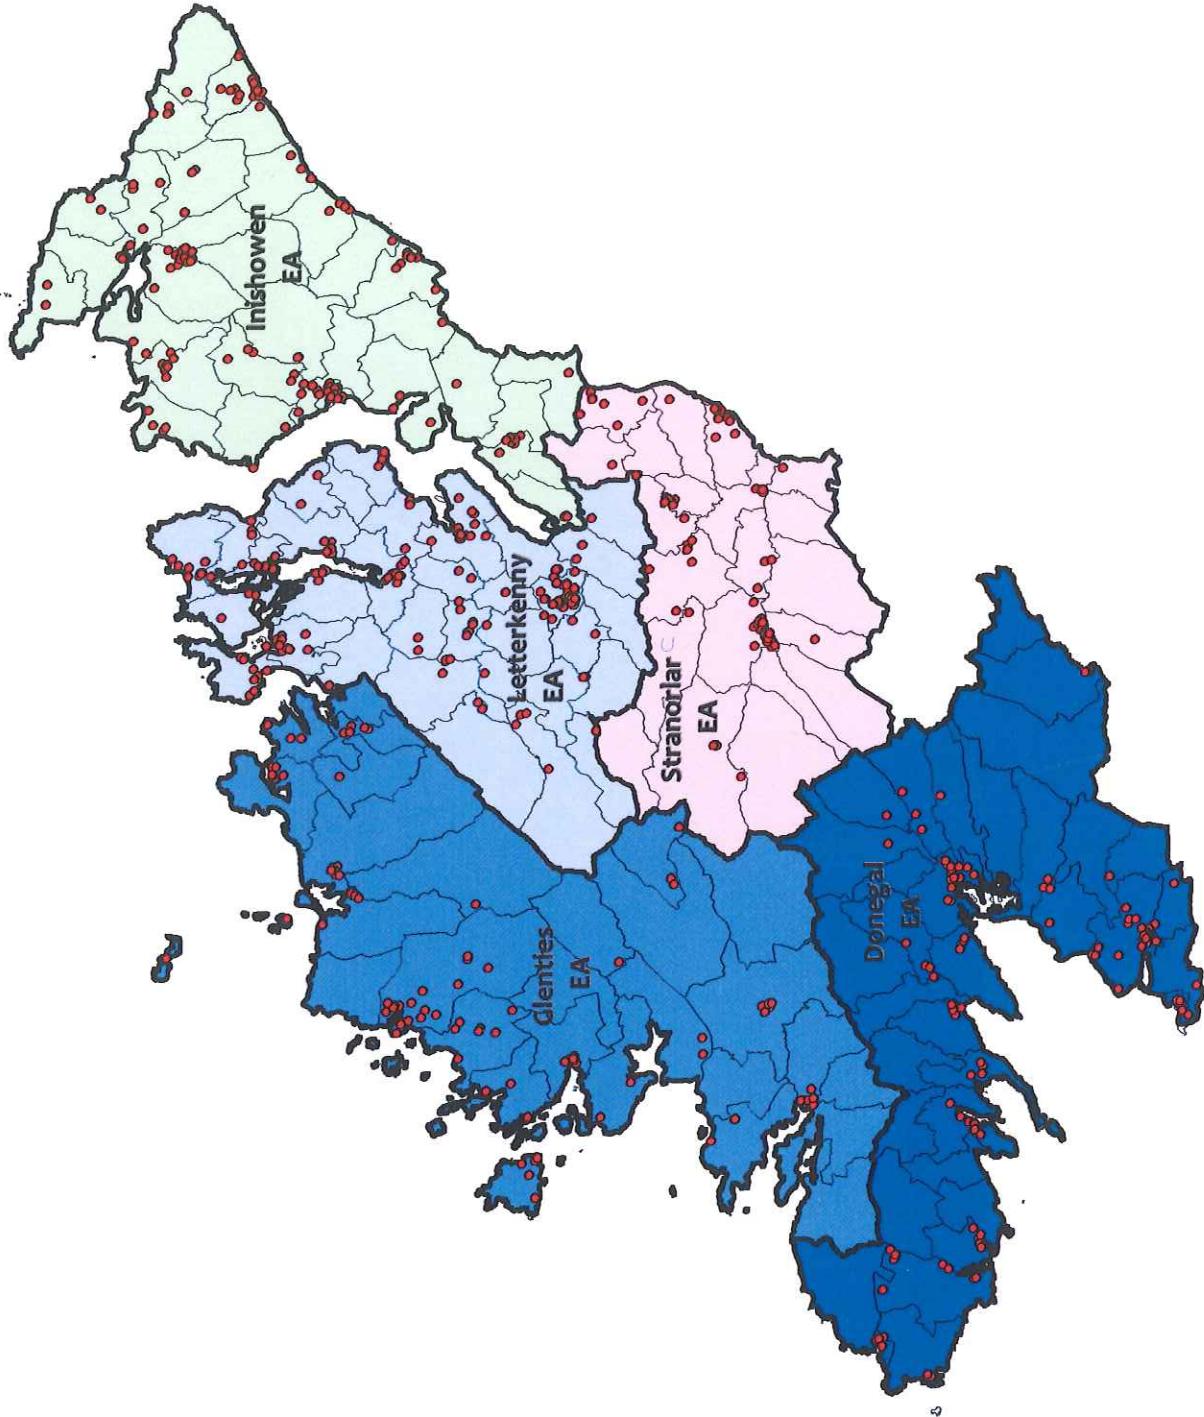

The remainder of this document contains a short profile of each of the five Electoral Areas within the county, in recognition that community and voluntary groups operate within different contexts or environments and face different challenges and opportunities. It also presents a map which examines the distribution of community and voluntary groups across the county. Finally, the contact details of the 745 community and voluntary groups registered are presented according to their respective townlands¹ and electoral divisions².

The process of updating the Donegal Community and Voluntary Register does not end here, new groups will continue to be added to and deleted from the register and it is envisaged that new versions will appear each year. This document is merely a snapshot in time of the important and ever changing community and voluntary sector in County Donegal.

¹ There are 2748 townlands in Donegal

² There are 149 Electoral Divisions in Donegal

This organisation originated as a History Group but have developed into a community development group as a result of emerging ideas and negotiations from their 135 members over a number of years. 'Nationwide' covered their uniqueness and originality in 2012 last year by showing their Stone Circle, Mass Rock, the King's Grave along with the their publication of Clogher Past & Present detailing Maps, Placenames, Emigration, Traditions & Crafts, Flora, Fauna and Wildlife, and the People of Clogher. Generations of families are proud of Clogher, 'The Stony Place'. They are enhancing the area, conserving and recording their history, reviving traditions, restoring old walking routes, running various relevant courses and welcoming visitors and sharing history. Clogher is a "Stony Place", full of welcome, history, stories, resources and innovation and a place to be proud to live in.

Glenties Tidy Town Committee

The local Tidy Towns committee and volunteers are involved in a number of events throughout the year with the aim of not just having the town well presented through out the summer months, but to keep its 'best side out' through out the year. They have been involved in traditional tidy towns activities such as painting, cleaning and planting flower beds and pots, but also have been working with local schools to improve the biodiversity of the area.

Some fine examples of their work can be noticed with the beautiful early season flowering of tulips at the local hall and main town park.

Glenties Tidy Town won crowns in 1958, 1959, 1960, 1962 and 1995 and also received many other awards over the years such as the Ard McGill area claiming a "Pride of Place" award.

Glenties Tidy Towns committee says they now approach the competition as a year round project and through the involvement of the local schools, the benefits to the appearance in the town has been noticeable.

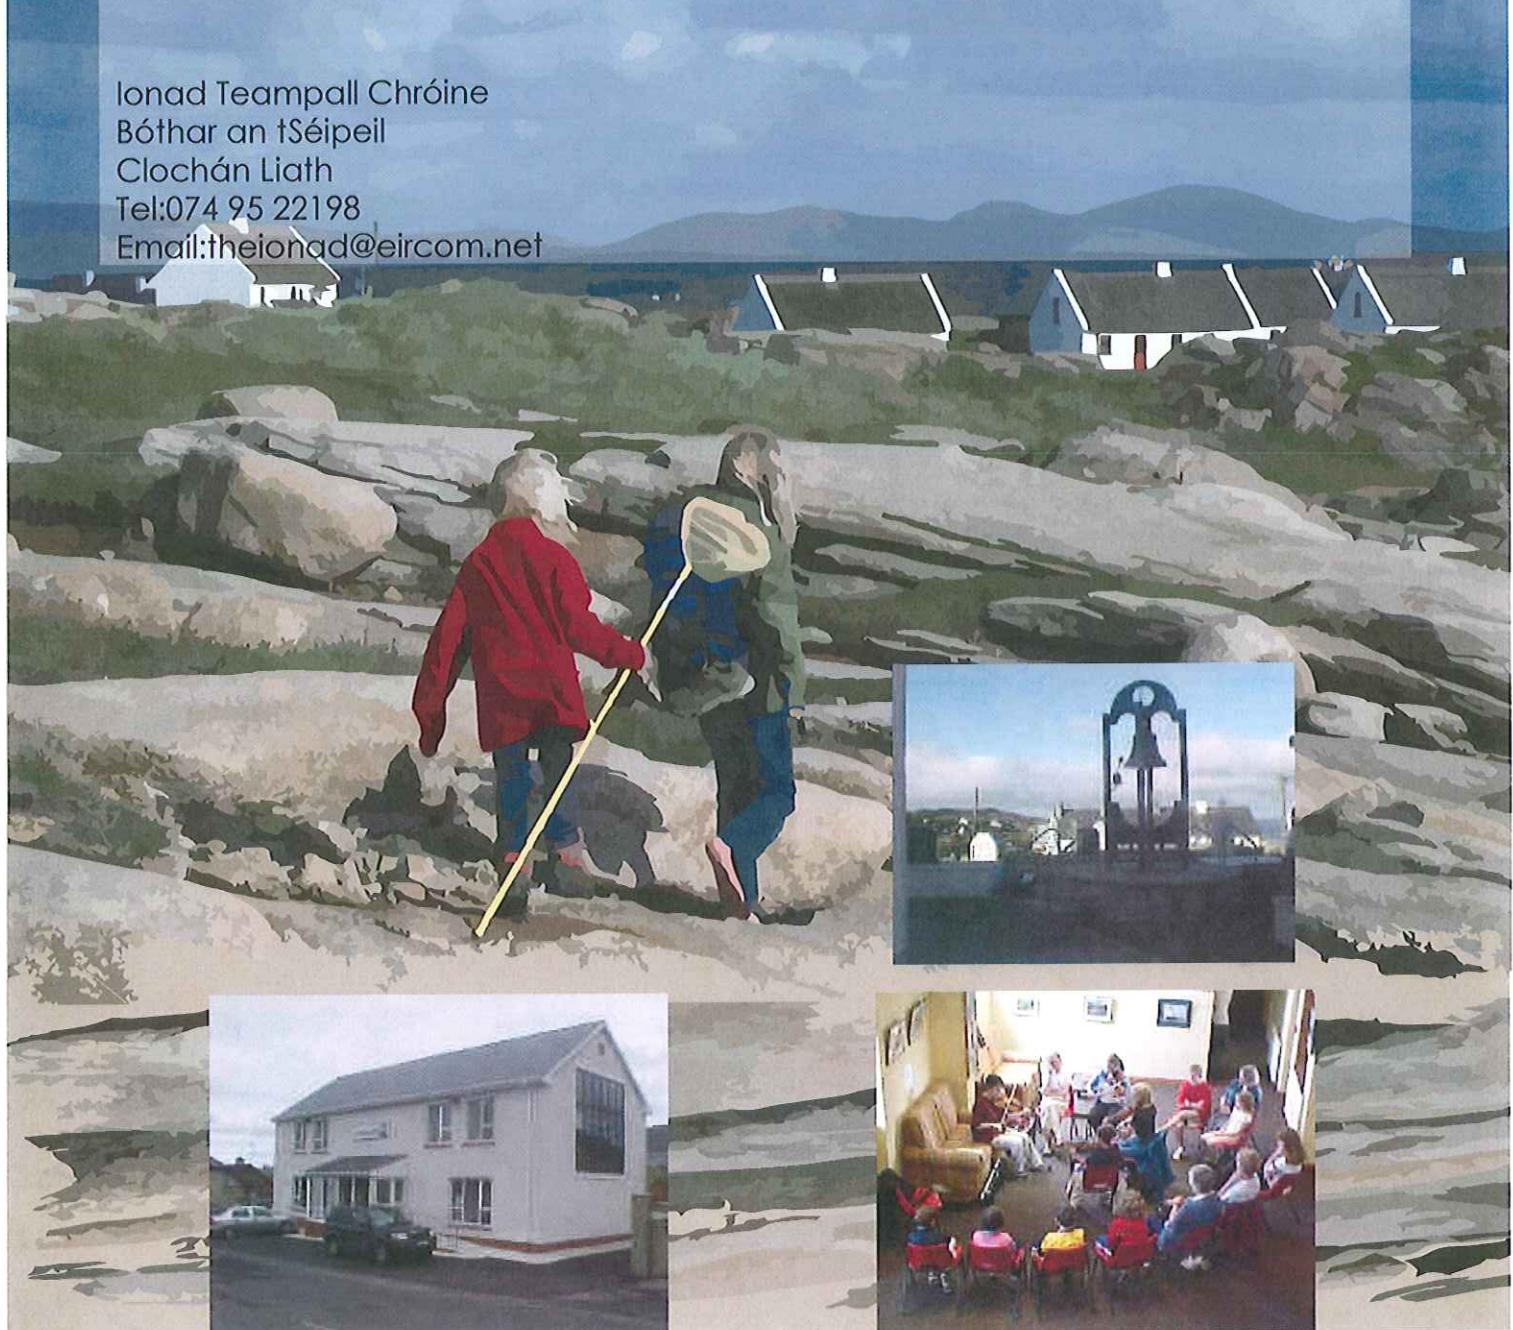

Forbairt na Rosann Teo

Forbairt na Rosann was established in 1997 to provide educational, social, cultural and recreational programmes to target socio-economic groups in the Rosses region and to provide Ionad Teampall Chróine, a disused church, as a community centre. Some of the achievements to date are state of the art facilities such as Ionad Spóirt na Rosann, All-weather Synthetic Pitch, Sports Hall and Gymnasium, Children's Playground, An Sean Tech Business Centre, River Walk development, Development of Social Housing, a Sensory Garden, and recently-opened Daniel O'Donnell Visitor Centre and Museum.

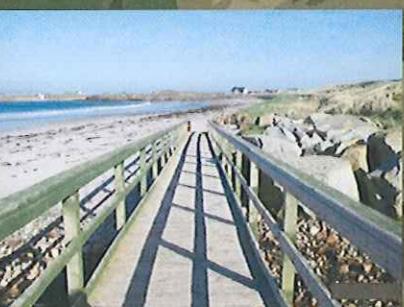

The 'ionad' is a hub for community-led activities and events such as keep-fit classes, art exhibitions, launches, meetings and houses the Library and a new voluntary Tourist Office. The 'ionad' is now a registered centre for Learning and running FETAC courses in Childcare, Horticulture and IT. The Tidy Towns is run from the centre and major clean-ups, planting, tidying of disused buildings and recycling operates on a regular basis. It is an All Inclusive hub welcoming everybody to partake in any way possible at any time. The Committee actively engage all relevant associations such as Donegal County Council, TÚS, Roinn na Gaeltachta, Údarás na Gaeltachta, Donegal VEC, LYIT, Care of the Aged, Donegal County Childcare, The Rosses Anglers and all denominations.

An Mhachaire le Chéile

Is cinnte gur eagras leithleach é An Mhachaire le Chéile, sráidbhaile tuaithe lonnaithe ar chósta na Rosann i gCo Dhún na nGall. Bunaíodh an coiste pobail seo i 1996 nuair a d'aithin siad riachtanais an phobail agus an cheantar áitiúil nuair a thug siad aghaidh ar fhadhb creimeadh cóstá a bhí ag báitheadh an áit. D'éirigh le Machaire le Chéile an cóstá a sháball agus an pobal a thabhairt le chéile agus anois tá siad ag feidhmiú go láidir agus go h-inmharthana. Is é an príomh aidhm atá acu ná freastal ar riachtanais an phobail áitiúil go heacnamúil, go sóisialta agus go cultúrtha. Foscláiodh Ionad Pobail an Mhachaire i 2006, ionad úrscothach atá ag freastal ar an phobal agus ar chuairteoirí i rith na bliana. Tá fáilte roimh chách san Mhachaire.

Burtonport Community Centre Development Group

After a couple of well attended public meetings in 1988 (25 years ago) it was decided that a new community centre should be built in the Burtonport area. The reason for this was because of the lack of facilities in the area for clubs, committees etc. As a result of this, the Burtonport Community Development Group was founded. The cost of the Community Centre was £240,000. The land for the centre was kindly donated by the Raphoe Diocese adjacent to St Columba's Church, Acres with the great assistance of our parish priest at the time Fr Dan O'Doherty.

A major fund raising campaign was launched through various channels – Christmas fayres, sponsored walks, weekly draws, quizzes, fashion shows etc. Funds also came from the USA and overseas, through the kind auspices of Burtonport people living in these places. The work on the centre took place in different phases and great satisfaction was expressed in the locality. A grant of £45,000 was received from the Department of the Gaeltacht and the centre was officially opened on the 11th of July 1993 by local Minister Pat the Cope Gallagher TD.

In July 2013 a very successful 20 years celebration took place, with some improvement works carried out to the entrance. The Community Centre acts as a headquarters for all organisations in the area. The two main projects are our annual festival which began in 1977 and the much acclaimed Burtonport Railway Walk since work began on that some four years ago.

Burtonport Community Development Group along with the committees of all the other organisations, deserve great credit for their outstanding voluntary work over a long number of years.

Dunfanaghy Workhouse Heritage Centre Committee

Dunfanaghy Workhouse Heritage Centre was restored and opened in 1995 as a Heritage Centre exploring local history and culture. It has been run since then by a voluntary board of management and is a not for profit charitable organisation. The Workhouse Centre aims to be community focused and community led to meet the changing needs of the community while remaining a valuable community resource.

It has evolved into a popular destination for locals and visitors alike with a coffee shop, a craft shop and a Community Playground and Toddler Play Park. There are a number of exhibitions in the centre, including the Wee Hannah Exhibition which tells the story of Hannah Herrity who was a survivor of the famine and who lived in the Workhouse, the Centre also houses an exhibition on the Workhouse itself which is a insight into local rural history. As well as providing services for visitors through their Tourist Information Point the Centre caters for the local population through the provision of services such as an after schools service and a youth club

Ó bunaíadh Comharchumann Oileán Thoraigh i 1972 tá paírt lárnach a imirt ag an eagraíocht i soláthar seirbhísí riachtanach don phobal.

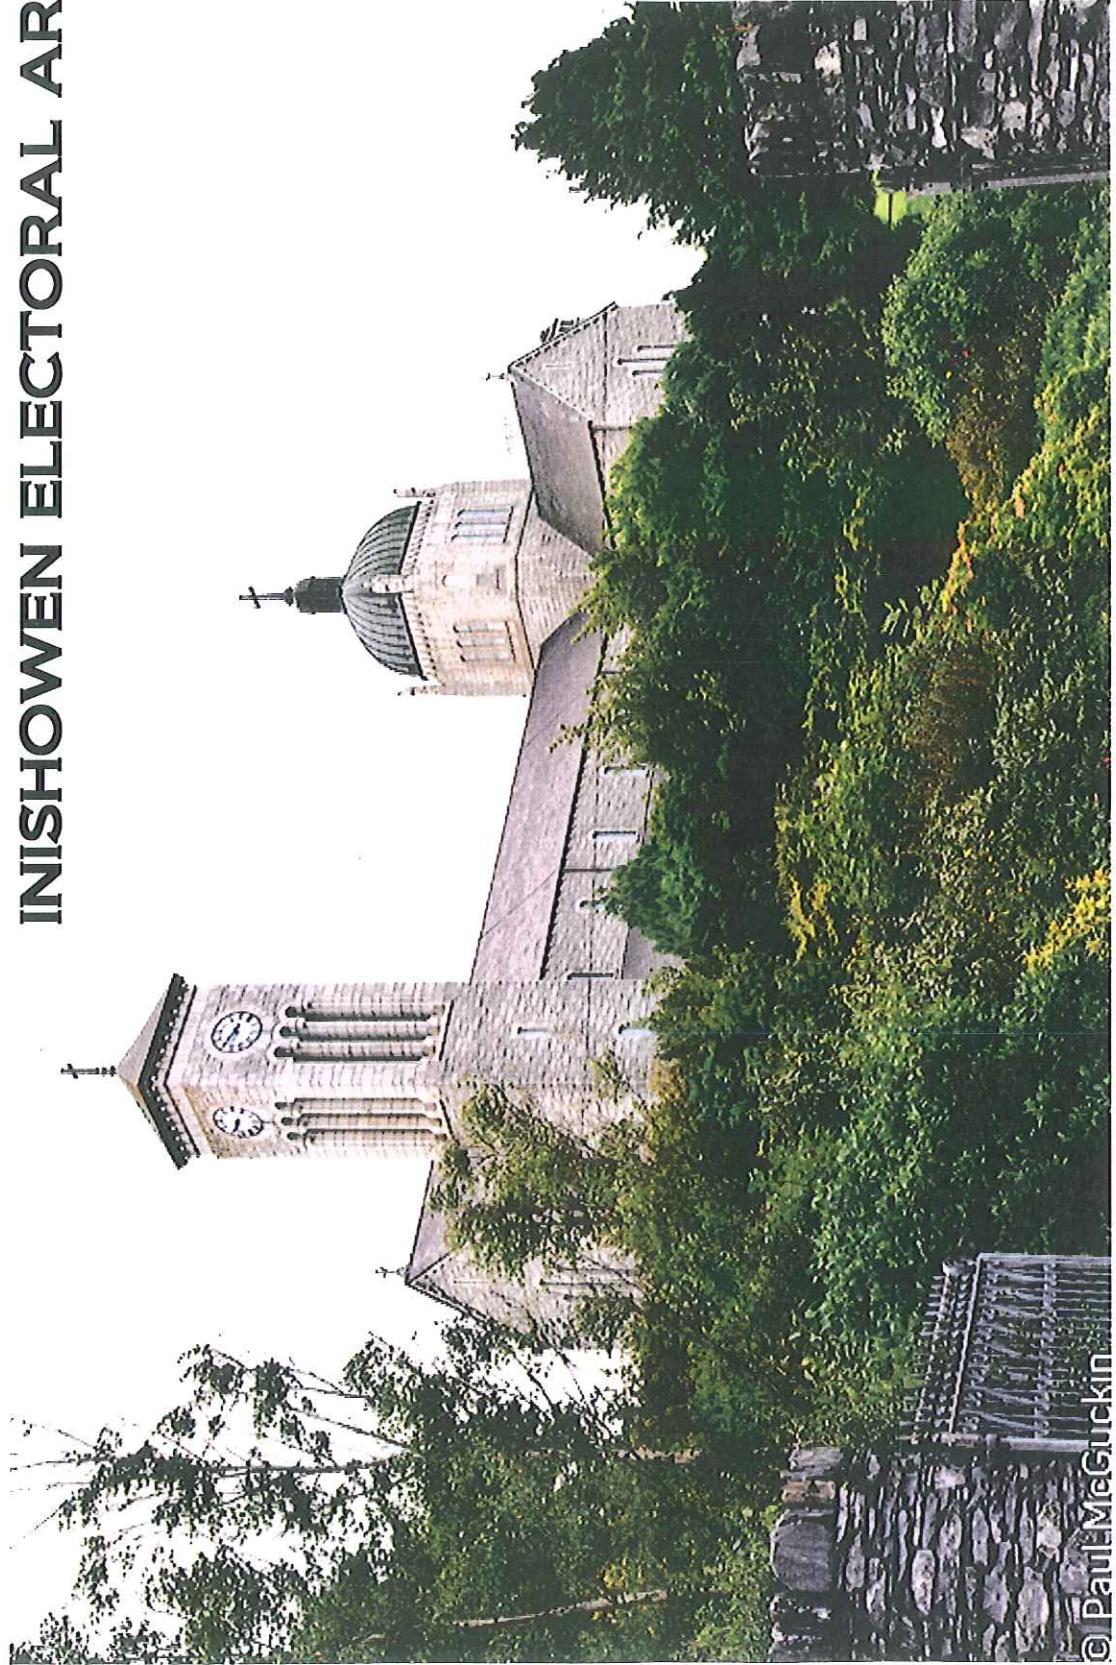

I chéad blianta an Chomharchumann bhí baol ann go mbeadh ar an pobal bogadh chun an mórhír mar gheall ar easpa de infheistíocht stáit san oileán agus daonra a bhí ag laghdú ó sin i leith, tá na áiseanna agus na seirbhísí a bhí ag teastáil ar an bpobal anois ar fail, céibheanna nua aimseartha, seirbhís faran tóireachta, scoileanna agus ionaid pobail agus sláinte. Mar thoradh ar seo, d'éirigh leis an bpobal tionscal turasoíreachta a forbairt bunaithe ar chultú uathúil an oileán, rud a bhunaigh an phobal.

Lifeline Inishowen

Domestic Violence Service provide a community response in Inishowen which offers a first step to support women and children who are experiencing Domestic Violence: physical, emotional, sexual and financial abuse.

Domestic Violence experienced by women involves the physical, emotional, sexual and financial abuse of a woman by a male partner with whom she lives or has lived in the recent past. It can take a number of forms such as physical assault, sexual abuse, rape threats and intimidation and may also be accompanied by other kinds of intimidation such as degradation, mental and verbal abuse, humiliation and systematic criticism. Domestic Violence is an abuse of power which is part of a process rather than a once off event, and which usually increases over time.

At all times, the service is 'woman centred', providing invaluable support at a time when the woman is likely to be under huge emotional, psychological and financial pressure.

Moville Community Garden

Moville Community Garden came about as the result of a very successful partnership between the HSE, Moville Family Resource Centre, Donegal County Council and, above all, the local community. Moville was chosen by the HSE as a prospective location to pilot the PEACE III Community Gardens Project following effective healthy living and health promotion projects in the area that had extensive community involvement. Credit must be given to Brian McDermott and Michael McDermott who, although not related, share both a surname and an inspiring vision of how to foster healthy communities and healthy community relations. The idea for this project – to develop a local community garden - was presented to the local community through the Moville Family Resource Centre. Recognising a good thing when they saw it, the local people quickly took ownership of the project and made it their own.

The local committee worked closely with Nick North, project worker from the HSE, at all stages of the development of the site. There was also close collaboration between the committee and Highland Landscapes, who did the groundwork. A team of local gardeners became involved with the project and, over many meetings on many winter nights in 2009/10, important decisions were made that have resulted in the garden located in Moville today. It has been a true community effort from start to finish – although 'finish' is not really the right word as the garden will continue to change and evolve for as long as it is tended and cultivated.

It is still early days for Moville Community Garden but as the saying goes, 'Mighty oaks from little acorns grow'

INSIGHT offer support services such as counselling and holistic therapies, education and training for volunteers, information and awareness campaigns, public consultations and youth work training. INSIGHT's most positive initiative to date has been their FEEL GOOD FORTNIGHT which is a time to share, celebrate and enjoy all that is good, healthy and positive in the community. This is done by 'Random Acts of Kindness', 'Take it to the Streets', and 'Community Arts Projects' consisting of unique street art and projects, exhibitions, walks, sports tournaments, displays, craft fairs and workshops. The effects of this initiative have shown positive results and continued support to the area and surrounds throughout the year.

Milford Tidier For All

Milford Tidy Town Group has been running since 1980 and was named the third tidyest town in the county in 1983 and continued to do quite well within the county in terms of points in the National tidy Towns Competition in that period. The group continued its great work until the 90's when interest in this area waned coinciding with the loss of a number of high profile businesses in the area.

An attempt to revive the group through the local IRD office took place in 2000 however this did not spring to life until 2006 when the group was reborn as Milford Tidier For All. The group were at the forefront in lobbying to the council for major works to be done to the main street. A new road layout through the town and also on the outskirts led to a number of challenges and opportunities for the group which they met head on and developed numerous planting and landscaping schemes around the town. Being one of the sponsor groups in the local FAS Community Employment scheme they were able to avail of the services locals employed to aid in making the town 'tidier for all'.

Adding to the work on the ground the group has also visited the local national schools with the aim of educating the children on their work and responsibility of the children. This in turn helps contributes to the schools achieving their much sought after green flag status. The Group has also reintroduced their tidy garden and business awards which were also very prominent in the 80's.
